

FERRY IS ASSURED

Land Is Given To Extend the Public Road on East Side of the Bay.

LONG WHARF ACCEPTED

And Now Becomes a Public Thoroughfare Where Ferry Will Land.

The East Marshfield Land company deeded several lots to the county yesterday for the purpose of having a right of way for this end of the public road between here and Roseburg. The Hennessey and Sengstacken deed to the county of the long wharf on the east side was also accepted by the court.

This makes the establishment of a ferry from the foot of Third street to the east side almost a certainty, and it is entirely probable that the ferry proposition will go through in time to have it in operation by the first of July.

The question of a public ferry will probably not be decided at the present time, but the rate for ferrying across will be so regulated that this will not work much of a hardship upon those wanting to use it.

Cost of Extra Knot and a Half.

The extra one and one-half knots that the big Cunard liners are to make over the Kaiser Wilhelm II, Germany's fastest ship, require the installation of sixty-eight additional furnaces, six more boilers, over 52,000 additional square feet of heating surface and the development of an additional 30,000 horse power. To provide for the increased weight the

ship has to be lengthened seventy-and a half feet, broadened sixteen feet and deepened four feet and the displacement enlarged by 12,000 tons.

The Crawford Point Land company filed a plat yesterday of its holdings. The plat was accepted. The property is located just across the bay from Plat B. The company will put the place on the market at once.

New Laces

The recent steamers have brought us direct from New York some new, exquisite things in laces. Novelty laces, silk edgings, Valenciennes and German Vals, and many others, in the daintiest designs, comprise the lot. It will be worth your time to look them over.

New Dress Trimmings

Dressmakers and others will be interested to know that our new line of dress trimmings has arrived. Braids, bands and lace effects are all here, and no matter whether it is a new dress, or an old one you want to make over, the right shades and designs to match every conceivable pattern are among the assortment. Please bear in mind that practically everything this season is trimmed with bands, braids, or the medallion effects.

American Lady Corset

Dressmakers Endorse Them

Our Corset Salon has grown with leaps and bounds. Business has tribbled since that of six months ago, and it is all because of the immensely popularity of the American Lady Corset. It is the only corset we sell, but we do more business on this one corset than could be done on a half dozen other brands. Not only do women come to the store for them, but mail orders are flooding in upon us for them from homes in the counties of Coos, Curry and Douglas. But why shouldn't we have such a sale for them. They are the most comfortable and serviceable corset on the market today, and they come in a much wider range of shapes. All popular dressmakers endorse them, and insist that women wear an American Lady in having their new garments fitted.

The illustration on the right shows model No. 470 and on the left model No 454. The price is \$1.00. It comes in grey and white, and sizes 18 to 30. Outsizes 31 to 36 cost \$1.25. Did you ever see a more handsome corset for the money? Other prices of the American Lady are \$1.50, \$2, \$2.25, \$3, \$3.50, \$4, \$4.50, \$5, \$6.50 and \$10. The first order on any of these corsets will be mailed postpaid on receipt of price.

Women's Fine Oxfords

Another shipment of oxfords have been added to our already handsome stock. A lady told us yesterday, after looking through our big stock of oxfords "One would imagine women are going to wear nothing but oxfords this season, to look at the wonderful stock you have on hand." While oxfords may not be worn universally, we are confident of this fact, that more low shoes will be worn by women this season than was ever known heretofore, and we stocked up accordingly. Our stock comprises every width from AA to EE, and every size from 2 to 8½. This is what is making our shoe department—completeness. And it is completeness all over this popular store that is making it the leading trading center of Southern Oregon. No, our store is not perfect, but we aim to make it as near perfection as human ingenuity can make it.

Prices of Women's oxfords are \$2 to \$4, and Men's oxfords \$3.50 to \$5.

Men's Fancy Hosiery

The way our fancy hosiery have been selling, demonstrates how well the line is thought of. When we bought our fancy hosiery, only the snappiest and the best numbers were accepted. We thought we had the right patterns and qualities, but now we are absolutely certain. Instead of buying a pair at a time, men come in and buy three to six pairs at a clip. That's faith in them, isn't it? And that's just what you will want to do, after looking them over, if you are interested in fancy hosiery at all. Prices are 15c to 65c pair.

Important Saving In Men's Clothing

That is just what it means if you buy your suit of us this spring. We have bought our spring line especially advantageously, we shaved our margin of profit a little, and we are absolutely certain we can save you money. We would like to have you look over the different suits and see for yourself whether the price is not right. This will be more satisfactory.

Then too our Men's clothing is made up right, and doesn't have that ordinary "ready-made" appearance. The materials are guaranteed all-worsted, the linings are of a good quality mohair, the garments are silk-sewed throughout, and every part subjected to special wear is hand-sewed and hand-shaped.

Last week we did the Men's clothing business of the Bay, simply because we have the right stuff at the right prices. For this week we have replenished the stocks and are in better shape than ever to handle a big clothing business. Let us fit you out too.

Prices range from \$10 to \$27.50.

Men's Hats

It is comparatively an easy matter to do THE business in Men's hats when you have the right things. This spring we haven't turned away one customer who wanted to buy a hat. This is saying good deal, considering the large number of hats we sell. But it is explained from the fact that men usually have their minds made up before they go into a store as to just what kind of a hat they want, and when they come here they always get what they want, or are a little bit better satisfied. Let us have your hat trade, too, and see if you won't be better pleased.

Whether it is a stiff hat, or a felt hat or a straw hat, we have it in the right shape and shade and at the right price.

Men's and Boys' Belts

Leather belts are going to be worn more this season than ever. Every fashion paper you pick up intimates this, besides the fact that practically every pair of trousers this spring is made up with the belt straps. We have a snappy line in now, the newest things in tan, brown, black and grey, at prices ranging from 35c to \$1.25.

The New Fancy Vests

Nothing can put that final touch to your dress more than a handsome fancy vest. We have some of the snappiest things in fancy vests in now that were ever shown, patterns that are tasty, attractive, and will set you off right. Whether you are interested in buying a fancy vest just now or not, drop in and look the line over. We won't charge you anything, and when you are ready to buy, you will know we have just what you want. Prices are \$2.50, \$3, \$3.50, \$4 and \$5.
