

# HAVE RIOTS IN PARIS

Many Are Hurt In Disturbance Due to the Trades Union Men

## THOUSAND ARRESTS

Are Made During the Day by the Police, Who Finally Stop the Trouble.

Paris, May 2.—The expectation that today would pass without violence was not realized. The day began calm, but toward evening the working center in the vicinity of the trades unions headquarters became the scene of serious disturbances, in which many were injured. Precautions were taken by the authorities, and a stern determination to suppress the riots, however, brought tranquillity before midnight. Over a thousand arrests were made during the day, twenty persons were badly injured, and a great number of others suffered contusions. During the afternoon John Law, a Russian who is a naturalized American, from the top of a bus fired five shots which wounded two soldiers. The crowd attempted to lynch Law, and the man was dragged from the omnibus. He was rescued by the police after being severely beaten.

### MABELLE GILMAN RETURNS

Says She Will Marry W. E. Corey on May Thirteenth.

New York, May 2.—Mabelle Gilman, the actress who is to marry William E. Corey, president of the United States Steel Corporation, returned from Europe on the Kaiser William der Grosse. She said she and Corey will be married on May 13 and both Corey's family and her's will be present.

—Memorial service at Eagles' hall at 10 o'clock sharp on Sunday, May 5th. Evening service at Baptist church at 7:30 o'clock. All members are expected to attend both services. Visiting brothers are cordially invited to attend. 5-3-3t

# OPENING NEW HOSPITAL CAMPS

Antituberculosis League of Porto Rico Dedicates Its First Sanitarium.

San Juan, Porto Rico, May 2.—After thirteen months' strenuous efforts to properly establish the work of fighting tuberculosis in Porto Rico the friends of the cause had the pleasure of attending the dedication of the first camp, a sanitarium in Santurce, on the outskirts of San Juan. Governor Beekman Winthrop presided over the exercises and made a timely address in which he expressed the hope that the battle against the great white plague will meet with the splendid results which have attained the insular government's warfare upon tropical anaemia or uncinaria. He also highly complimented Mrs. Edith Elmer Wood, the president of the Antituberculosis league of Porto Rico, to whose tireless energy the establishing of the camp is largely due. Mrs. Wood is the wife of Captain Albert Norton Wood of the United States navy, who has charge of the Porto Rico light-house district.

Governor Winthrop's address was followed by an earnest oration in Spanish by Bishop Jones, the new head of the Roman Catholic church in Porto Rico, who impressively presented the importance of the cause. As the band of the Boy's Charity school played "The Star-Spangled Banner" an American flag was raised by Miss Madeline Luchetti of Santurce, the large audience standing uncovered until the last notes of the national anthem had been sounded.

### Visitors Inspect the Camp.

The visitors then inspected the hospital camp, where several patients suffering the incipient stages of consumption were being treated with hopes of cure. The present capacity for twenty patients will be doubled within the next three months and the subsequent extension of the work will depend solely upon the amount of funds raised.

The sanitarium has a twenty-acre site donated by the municipality of San Juan and the city also contributes \$200 a month toward minor expenses. To this guaranty the legislative assembly of Porto Rico has added an annual appropriation of \$6,000 and many municipalities of the island will doubtless also subscribe, thus making the move-

ment broadly insular. All other funds are raised by the league, of which William F. Willoughby, treasurer of Porto Rico, is treasurer.

**Prominent Men in League.**  
The membership of the league, which costs \$6 a year, is growing rapidly. Dr. Dobal, the native physician in charge of the sanitarium, has just returned from a tour of the island, having succeeded in organizing several branches. The students of the normal school of the University of Porto Rico have also agreed to support a bed.

The league's membership list carries the names of many prominent native and American residents of Porto Rico, Governor Winthrop being the honorary president and Mrs. Albert N. Wood the active president. William F. Willoughby, treasurer of Porto Rico, is treasurer, and the directorate consists of fifteen representatives of business, medical, army, navy, church, social and charitable circles. The new Roman Catholic bishop, Rt. Rev. W. A. Jones, and the Protestant Episcopal bishop, Rt. Rev. James H. Van Buren, are among the directors.

Last month Dr. Dobal addressed the general assembly of the cigar makers of Porto Rico on "Tuberculosis in Its Relation to Tobacco Workers." The assembly passed resolutions to associate itself with the league and give it financial and moral support.

The league has been affiliated with the National Association for the Study and Prevention of Tuberculosis on the footing of a state society and invited to send delegates to the general conference in Washington in May.

### MIND UNHINGED

Unfortunate Man at Boise Victim of Drugs.

Boise, Idaho, May 2.—A. E. Sutherland, a young man recently released from the county jail, where he served three months for vagrancy, was picked up by the police and lodged in the city jail. Chief Phillips has taken up with the county commissioners the matter of sending Sutherland to the asylum at Blackfoot.

Sutherland is a "hop fiend," the habit of injecting morphine into his system with a hypodermic needle growing from an experiment a friend induced him to try at Caldwell some time ago, he says. While in the county jail Sutherland was under the care of Deputy Ras Beemer. The treatment of the deputy helped the young man and when he left the jail he was looking and feeling much better than at the time of his incarceration. But Sutherland could not shake off the habit and when released commenced at once to use the drug in large quantities. The morphine has unbalanced his mind and he is now a subject for the asylum.

# WANT ADS

WANTED.—The chambermaid at Hotel Oregon. 4-27-tf

WANTED.—A porter at the North Bend hotel, North Bend, Ore. 4-30-tf
