

MARINE NEWS

TAKES 285 TONS COAL.

Steamer Czarina Provides Against Contingencies.

The steamer Czarina, Captain Duggan, will sail today for Tacoma where she will be loaded with a cargo of railroad ties, to be taken to Port Los Angeles. The vessel has been here for two days loading coal to be used for fuel on the round trip, having been delayed in getting out of the harbor on account of a lack of coal. Captain Duggan states that he experienced some very heavy weather coming from Port Los Angeles to this port, and that he will take 285 tons of fuel coal this trip, instead of 150, as he usually does.

Schooner Leaves.

R. D. Hume's gasoline schooner, the Berwick, left Port Orford yesterday bound for Portland, with a cargo and to bring back a cargo of general freight.

Will Take Lumber.

The schooner Omega is 21 days out from San Pedro, bound for this port. She will be loaded with a cargo of lumber to be shipped south.

The schooner Repeat is 21 days out from San Francisco, for this port, to load lumber for shipment to San Francisco.

Plant Arrives Today.

The steamer M. F. Plant is due to arrive in this port this morning from San Francisco.

Hunter Brings Freight.

The tug Hunter arrived yesterday from Gardiner with a cargo of general freight. In the shipment she carried twenty boxes of butter from W. P. Reed of Gardiner. The butter will be reshipped from here to San Francisco. The tug is being loaded with a cargo of general freight, consisting mostly of flour, groceries and beer, for Umpqua ports. The vessel moved from Marshfield yesterday afternoon to Empire, and will sail on her return trip early today.

Launch Repaired.

Edgar Wheeler's launch, which has been on the ways at the S. Gilroy boat shop for the past two weeks receiving repairs, has been relaunched.

Engineer Has Resigned.

Ben Tracey, who until recently has been chief engineer on the steamer Czarina, has resigned his position to accept one as first assistant engineer on a tug boat in San Francisco bay. Mr. Tracey has been engineer of the

Czarina for the past eight years, and is well liked by all who know him.

Steamer Alliance Starts.

The steamer Alliance left Portland last night at 8 o'clock, and will arrive here today.

Breakwater Sails Today.

The Breakwater will sail from San Francisco this afternoon at 4 o'clock.

FAINTED FROM FRIGHT.

Little Girl on Launch Came Near Going Overboard.

There was a little excitement on the launch North Bend yesterday. Sadie Lacy, the twelve-year-old daughter of Rev. Mr. Lacy, was seated in a chair at the rear. The boat turned to one side as it was leaving the North Bend dock. The girl's chair fell over and she would have gone into the water had not some one caught her. The girl was so badly frightened that she fainted, but was soon revived.

Terrible Accident on Fourth Street Bridge.

—Frank Johnson was badly injured last night while crossing the Fourth street bridge. He, in company with his brother John, were on their way home, when on arriving in front of the Minot house he fell through a hole in the bridge, bruising himself badly. John Johnson helped Frank out and started to assist him home, but fate was against them, for on coming opposite the Snyder barn a loose plank was the cause of throwing both of them down, injuring both quite badly. By an unusual effort they managed to get as far as Mrs. Stutesman's residence, where John Johnson was thrown by a loose plank which almost knocked him senseless. Both staggered on to the intersection of Fourth and G streets, where Frank stepped in a hole in the bridge, breaking his leg.

Friends of both men are wondering how they escaped death. It has since been discovered that the Johnson family use Sound Ring Flour and this accounts for their wonderful constitutions. At latest reports both men were resting easy.

Wanted, a city engineer to nail planks on the Fourth street bridge.
