

## SUSPENDS RUN FOR FOUR WEEKS

Breakwater Will Go In Drydock and Capacity Will Be Enlarged

## HAVE NEW SCHEDULE

The steamer Breakwater sailed from San Francisco bound for this port yesterday afternoon at 4 o'clock. This is the last trip of this vessel before she goes in dry dock to be fitted so that she will have accommodations for about 40 more passengers. The hold is also to be remodeled for the handling of lumber. New benches are to be installed in place of the ones now being used. All of this work will require about four weeks time after which the Breakwater will run between Coos Bay, San Francisco, Portland.

## E. H. HARRIMAN WILL FIGHT COMMISSION

Washington, May 23—It is not the intention of the interstate commerce commission to await proceedings to compel E. H. Harriman to answer certain inquiries put to him at the New York investigation before taking action on the general subject of the investigation. In the opinion of the members of the commission, it may be a year or two before a final decision can be reached regarding the refusal of Harriman to answer the questions. Proceedings will be instituted in New York the latter part of the month or the first of next month.

It is expected if the court upholds the commission that Harriman will carry the case to higher courts. Should the lower courts rule in his favor it is probable that the commission will carry the matter up. The case would have been brought earlier but the attorneys of the commission have been engaged in other work. Arguments in the Standard Oil cases which are taking place in St. Paul are occupying the attention of the Messrs. Kellogg and Severance, and they will not be able to take up the Harriman matter until after these are finished. Without reference however to the determination of the question, the commission will consider the merits of the general inquiry into the Harriman lines and reach its conclusion on the fact presented.

## VENIRE FOR BOISE CASE IS SECURED

Boise, May 22—By use of train, stage and horses and some active hustling Sheriff Shad Hodgkin and his deputies managed today to round up the majority of the men included in the special venire of 50 men issued yesterday in Stunenburg case and they are all expected to be on hand when the trial is resumed tomorrow afternoon. It has been decided that James H. Hawly, senior counsel for the state will make the opening statement. He and his associates had a conference on this subject today and spent some time considering the testimony to be offered next week and the order in which it shall be offered. Notice has been given by the state to call Steve Adams as a witness. He is on the state list and it was placed on the stand. The matter is now in doubt and will not be determined until later.

**BERWICK COMES IN.**  
The gasoline schooner Berwick from Rogue River arrived in the bay yesterday after freight. Mrs. R. D. Hume will return to the Rogue River on the Berwick.

# History Repeats Itself Opportunity Never Does

**T**HE Coos Bay Country is a field laden with innumerable opportunities. Every man who has eyes to see may see them if he will. Yet, as always, men are blind--blind when the very atmosphere is breathing opportunity into their ears.

Energy, enthusiasm, pluck, determination --these are the requirements today!

Young men, if ever in your lifetime, rouse yourself here and now.

Think and think, and then DO. This is no time, no place for the laggard. Coos Bay wants men, men who will say, "I will," and WILL, strong men, men with courage, men who will; every time they are tripped light on their feet again. Here we have an empire spread before us. Beautiful and fertile val-

leys, a majestic bay and charming lakes, glorious mountains and river scenery, wonderful forests, vast coal fields, mines of gold, silver, copper, nickel, iron, clays, stone and what not. Rivers, lakes and bays teeming with delicious fish, including, on their banks, every grain, grass, fruit and vegetable known, also sunshine and rain, just enough of each not to disturb the equitable condition of affairs. Yes, we have it; we are in possession of it—an empire pregnant with hidden resources and possibilities that almost stagger the imagination.

Here opportunity lies equally within the reach of all. The power to see it is the difference in men. It is our business to lessen this difference by presenting real estate bargains to the investor.

Time is the chief worker in piling up Coos Bay Real Estate. An investor here does not need extraordinary business sagacity. A comparatively small amount of cash mixed with common sense and patience is sufficient.

We have for sale choice business and residence lots in North Bend, Marshfield and Empire.

We Buy and sell lots in every platted addition on Coos Bay.

**We have good bargains in coal, timber, tide and agriculture lands.**

**Also pleasant summer resort locations.**

**Write what you want. We always make good.**
