Attorney Fairall For Contempt of Court

Complicity Against Police in Graft Case.

San Francisco, May 31.-Attorney Charles H. Fairall, counsel for defense, was twice within a few minutes sentenced to jail for contempt of court by Superior Judge Dunne shortly before the adjournment of the Schmitz trial today. The order Under the terms of the grant from was subsequently revoked at the request of the Mayor's sentor counsel, Judge J. C. Campbell, who was joined in the request by Assistant District Attorney Heney. The sensational incident was the culmination of a long day of bickering and quarrels between the opposing counsel. Heney was questioning Juror John Omara regarding his actions during the noon recess. A detective shadowed him to a saloen with one D. D. Dennison, where they stopped fifteen minutes. Dennison then hurried to the office of Herbert Schmitz, brother of the Mayor, "evidently to report."

Omara at first denied that the Schmitz trial was discussed with Dennison, but later admitted his being a juror had been remarked. The counsel for the defense objected to this and Heney heatedly replied it was for the purpose of showing an attempt to tamper with a juror. Attorney Fairall got into a snarl with Heney during which he warned the assistant district attorney to address him with care.

"Oh, yes," sneered Heney, "you're a fighting man. I am scared to death of you."

Fairall replied in kind, and despite the commands of the court, continued to talk, whereupon he was adjudged guilty of contempt of court and sentenced to 24 hours' prison.

"I thank your honor. I think that is a distinction," retorted Fairall, whereupon another 24 hours' Marshfield Council Votes Solid was tacked on.

When the court adjourned eight men were in the box, the day's work resulting in no additions to the jury. Also Determine That Wooden Build-District Attorney Langdon will tomorrow lay before the grand jury an array of facts to support the allegation that Chief of Police Dinan has used the police department to tamper with veniremen called for the completion of the Schmitz jury. Langdon will recommend that steps be taken under the penal code from the office by suit in the Superior Court.

Twenty-four Hours In Jail Is Given Rumored That Railroad Company Ten Thousand Ironworkers In Son of Opera Singer With Whom Dr. J. W. Ingram Chronicles Some Trial of Alleged Conspirator Against Will Place "Dummy Settlers" On Contested Lands

ceiving Many Applications for Allottment of 100 Acres.

Attorneys Farrin and Farrin have taken up the matter of making applications in this county for prospective purchasers of lands now held by the Oregon & California Railroad Company, and are tendering the company the amount due, soon as all who wish have made application, proceedings will be instituted to compel the railroad company to convey title to the lands to the respective applicants.

The Oregon & California Railroad Company holds a large part of the best timber lands in Coos County. Under he terms of the grant from the United States Government these lands are said to be held in trust for the benefit of actual settlers, and said lands are to be sold to actual settlers in tracts of not more than 160 acres at a price not to exceed \$2.50 per acre. This the railroad company has refused to do. Under the opinion recently rendered by the Attorney General of the United States the provisions of the law are mandatory, and when a party has complied with the terms of the grant the company must convey title to such lands to applicants.

From competent authority comes the statement that the Southern Pacific will endeavor to make a counter play to the hundreds of proceedings being started against it over the State. It is said the company has formulated plans to sell tracts of 160 acres to "dummy settlers," ond thus evade the necessity of giving up the holdings to bona fide settlers.
