**GIANT BERRIES COME TO TOWN**

First Shipment of Strawberries From H. B. Stewart's Ranch At Myrtle Point

**LARGE AND LUSCIOUS**

Are All Sold Within An Hour and a Half After Being Received.

The feature of the local market yesterday was the first crate of strawberries from the H. B. Stewart ranch at Myrtle Point. Mr. Stewart raises the best strawberries in the county, having recently received first prize on his berries with competitors from all parts of the United States.

The berries sent in on the first shipment were the finest and largest the local trade has ever had the good fortune to see. The single crate of 36 boxes lasted not quite an hour and a half after being placed on the local market. Strawberries will continue to come from Mr. Stewart's place until late in October.

The berries raised are remarkably large. The majority of those received in the first shipment being too large the majority of those re-claiming. As a rule a berry when grown to an abnormal size has not the good flavor of the smaller berry, but this is not the case with Mr. Stewart's prize winners. They have a very good flavor.

Mr. Stewart handles his business on a systematic scale. In shipping the berries they are packed in boxes

each one of which is locked, and can not be opened except by the agent handling his stock. After the boxes arrive at their destination they are at once emptied, locked up again and shipped back. By a system of numbering the agents' keys he knows just which set of locks can be opened by each particular agent and no interchanging is possible.

**MARKET BARE OF EGGS**

Relief Expected on Alliance—Strawberries Take Drop While Butter Soars a Trifle.

The local market is absolutely bare of eggs at the present time, and but few will be received until the arrival of the Alliance from Portland, at which time a heavy shipment of northern eggs will be received by the local wholesale dealers. The northern eggs are strong at 19 and 19 1/2 c.

Inferior strawberries are a little weak, having dropped yesterday to 10 cents a box. The best grade still maintains its price, being quoted at 12 1/2 cents.

Portland butter took a raise yesterday of 5 cents a square, two pounds. This is not expected to make any material difference with the local market, however. The two-pound squares are now retailing for 45 cents.

**RECORD POTATO DEAL**

Salem Firm Sells Between 35,000 and 40,000 Bushels to San Francisco Firm.

Salem, June 6—(Times Special).—There was a record transaction in potatoes in Salem Monday—the record transaction for this whole coast. Louis Lachmund & Co. sold to L. Scatena & Co., of San Francisco,

35,000 to 40,000 bushels of potatoes, of the coming crop, at \$1.10 per hundredweight, f. o. b. Salem, the buyers to furnish the sacks. This is for September and October delivery.

It means 66 cents per bushel for the coming crop of potatoes grown by Louis Lachmund & Co.

This is the biggest potato contract ever written by this firm, which is the greatest potato buying concern on the coast.

The potatoes are to be raised on the 140 acres of Lachmund & Co., in Kaiser bottom, a few miles below Salem. This is some of the best potato land in this section.

Any farmer who has ever grown potatoes knows he can raise them for a good deal less than 66 cents a bushel, and there will certainly be a good many thousand dollars' profit for Lachmund & Co., which every one will wish them for their enterprise in becoming leaders in this industry, and bringing Salem to the front as a great potato growing center.

L. Scatena & Co. have large government contracts for potatoes, and they are merely protecting themselves in making themselves sure of their supply.

**PUBLIC UTILITIES BILL**

Governor Hughes Signs Most Sweeping Bill Ever Passed by American Legislature.

Albany, N. Y., June 6.—The so-called public utilities bill was signed today by Governor Hughes. This act is one of the most sweeping reform measures ever passed by an American legislature. It places under direct State control every public service corporation excepting the telegraph and telephone. The bill was urged by Governor Hughes, which was vetoed by Mayor McClellan, whom it went under the law which provides that all laws directly affecting the city of New York must be passed upon by the mayor.
