PRESBYTERIAN SOCIAL

Christian Endeavor Will Give Benefit in I. O. O. F. Hall Friday Evening—Concert.

The members of the Christian Endeavor of the Presbyterian Church will give a concert and social in the I. O. O. F. Hall Friday evening for the purpose of raising money for sending a representative to the International Christian Endeavor Convention which will be held in Seattle, Wash., this year.

The committee in charge of the affair is composed of Mrs. H. H. Brown, Mrs. Charles Stauff and Mrs. R. A. Annin, all of whom have been working hard toward getting up a program and making the necessary arrangements for the evening's entertainment. A neat little folder is being prepared which contains the program and business ads. The ad solicitation was done by the committee yesterday afternoon.

A program of ten or twelve good numbers will be given, and every one attending is promised a pleasant evening. The best talent in the city will be heard on this program.

The delegate to the International Convention will be elected in a short time. The ladies will charge an admission fee of 25 cents. Refreshments will be served in the hall during the evening.

TELEGRAPHERS' STRIKE

Believed That White House Pressure Will Be Brought to Bear On Trouble.

Washington, June 18.—Commissioner Charles P. Neill, of the Bureau of Labor, tonight would not state whether he had received from President Roosevelt various appeals for executive intervention to prevent the threatened telegrapher's strike. Earlier in the day Neill said although he had not been informed of the president's intention to entrust him with the responsibility of passing upon these appeals, he was prepared to assume the duty to the best of his ability. It is believed that the appeals were tonight received from Oyster Bay and that Neill will at once begin the investigations.

Washington, June 17.—Senator Foraker tonight gave out a written statement summing up the testimony taken by the commission on the military affairs in the Brownsville inquiry and declares it fails to show that any soldier took part in the affair. The statement the senator makes as a "Plain duty to truth as well as to the accused soldiers," and because of it is "More familiar with the testimony than anyone else." His statement is believed to be a published statement that the testimony conclusively showed the soldiers of the 25th did the shooting.
