COMMISSIONERS INSPECT
To Make Trip to Golden Falls—
Hereafter Will Meet Every Alter-
nate Month.

Commissioners Anderson and
Hall returned to the county seat yester-
day to complete the July business
of the commissioners. The session
convened on Wednesday of last
week, and Mr. Anderson informed
the Times that the session will not
require so much time as usual.
Many applications have been filed
for opening new roads and for im-
proving old thoroughfares. The
commissioners this week will in-
spect some road work which has
lately been completed at Sumner
and also at Shuck Hill. They will
also go to Golden Falls and inspect
the road which is being built to the
Loon Lake country.

Mr. Anderson says that the com-
missioners will hereafter meet every
alternate month, instead of every
four months as has been the custom
heretofore. This arrangement is
the result of a law passed at the last
session of the legislature and it
went into effect on the first of July.
Following is the text of the law
which shows which counties will
have meetings every month and
those which will meet bi-monthly,
and those where no change is made
from the old system:

"Sec. 2522. There shall be a
term of the county court convene in
each of the several counties of the
state for the transaction of probate
and all other civil business cogniz-
able by county courts, except the
transaction of county business, on
the first Monday of each month.
Such court shall be held by the
county judge and shall be opened at
the hour of 10 o'clock a. m. There
shall be a term of the county court
for the transaction of county busi-
ness held in the several counties of
the state as follows:

"In the counties of Baker, Benton,
Clackamas, Clatsop, Jackson, Jose-
phine, Lane, Linn, Marion, Multno-
mah, Polk, Umatilla, Uvjon, Wash-
ington, and Yamhill, on the first
Wednesday of each month.

"In the counties of Coos, Colum-
bia, Crook, Douglas, Gilliam, Grant,
Harney, Klamath, Lake, Malheur,
Morrow, Tillamook, Wallowa, Wasco
and Wheeler, on the first Wednes-
day in January, March, May, July,
September and November.

"In the county of Curry on the
first Wednesday in January, April,
July and September.

"In Sherman county on the first
Monday in January, March, May,
July, November, and the first Tues-
day after the first Monday in Sep-
tember.

"In Lincoln county on the first
Wednesday after the first Monday in
January, March, May, July, Septem-
ber and November in each and every
year provided, that in counties hav-
ing a board of county commissioners
said commissioners' court shall be
conducted by said board. Such
commissioners' court shall convene
at 10 o'clock a. m. on the days
named and shall be conducted by the
county judge and the county com-
missioners.

"Sec. 2. That section 2523 of
Bellinger and Cotton's Annotated
Codes and Statutes of Oregon be and
the same is hereby repealed."

NOTICE TO BIDDERS.
—Notice is hereby given that
sealed bids will be received by the
Common Council of the city of
Marshfield, Coos County, Oregon, up
to July 18, 1907, at 7:30 p. m., for
the improvement of the following
streets, to wit: Broadway, from a
point 12 feet south of the center of
Washington avenue to a point 12
feet north of the center of Pennsylv-
ania avenue; Fourth street, from
the south line of C street to the
north line of G street; and E street,
from a point 12 feet west of the center
of Fourth street to the west line
of Sixth street, according to the
plans and specifications of said
improvements on file in the office
of the Recorder and open to the in-
spection of all persons interested
therein.

Dated this 6th day of July, 1907.
J. M. UPTON,
Recorder of said city of Marshfield.

**WILLIAMS DOES NOT
LIKE CONFINEMENT**
Claims He is Being Railroaded to
Asylum—Still Worries About
Japs.

Several parties who went to Co-
quille for the ball game called on G.
W. Williams, who was taken into
custody and ordered to the asylum
as an insane man. Mr. Williams
realizes his position keenly and be-
fore the court objected strenuously
to commitment. Saturday night
during the absence of Undersheriff
Gage, Williams turned the faucet in
the jail and flooded the place with
water to a depth of three inches.
He asked Sheriff Gage to send east
for two powerful engines that, as he
says, will burn the heart out of a
man at a distance of 26 miles.
These engines are for use against
the Japanese navy, according to
Williams' plans. Sheriff Gage humors
him and kindly orders anything
he wants, but the engines will
scarcely be here for use before Wil-
liams goes to Salem. He told the
court that he started for Port Or-
ford to warn the populace there of
the impending bombardment by the
Japanese fleet, but turned back as
he felt that the Almighty would take
care of that port.

While being examined before the
court, Williams said he was being
railroaded to the asylum, and
claimed he knew it because he had
been instrumental in sending other
people there. His evidence brought
out the fact that he had been in a
sanitarium at one time.

Friends who had been in the confi-
dence of Mr. Williams before he be-
came demented understand the reason
he is in no better financial cir-
cumstances than since he came to
the bay. His explanation is this;
he frankly owns that he has at-
tempted at various times in his life
to drink all the whisky in sight, and
traces his troubles to that cause.
Since his residence in Marshfield, he
has not drunk to excess, and those
who have observed his actions be-
lieve the strenuous work he did in
connection with his Bandon excursion
is accountable for his condition.

**THINGS ARE BOOMING
AROUND NORTH LAKE**

Muetzel Saw Mill Running to Ca-
pacity—Much Building Is Un-
derway—New School House.

B. M. Holcomb and Otto Muetzel
were in from North Lake Monday
and informed the Times reporter
that things in that vicinity are more
than lively. Considerable building
is going on and more is contem-
plated. Among the new buildings
recently erected are a new school
house at or near the creamery, and
a house 24x35 by Milo Pierson in
course of construction. Mr. Pier-
son's house is located on the upper
end of the south lake. Munson &
Co. are building the same. Muetzel
& Son's new sawmill is running at
full capacity and is turning out every
sort of lumber required in building
a modern house.

This mill is greatly appreciated by
the inhabitants of the Tenmile coun-
try, who, before the mill was oper-
ated, obtained their lumber from the
outside at an expense of \$12 per
thousand for transportation alone.
This was shipped from the bay up
North Inlet or to Jarvis Landing,
and from these places hauled to the
lakes. Then it was transported to
the place most convenient to the
building site and drawn from there
to the site by sleds or wagons. De-
spite the unusual cost for lumber in
the past, the country has many fine
residences of frame construction.
The older homes, constructed many
years ago, are made from split lum-
ber and split shakes.
