Interest in Verdict.—The Haywood decision was the talk of Marshfield yesterday and there were few opinions outside this: "The jury was afraid to bring in a verdict of guilty for fear of violence." Then, there were others who said, "I told you so." The mere fact of the verdict being "Not guilty" was all there was upon which to debate the question.

"It Can't Be Did."—The basement for the Flanagan-Bennet bank on Front and A streets fills with water and wise ones stand about the streets and say, "It can't be did," meaning that water cannot be kept out by the concrete foundation.

Train Dogs Make Hit.—Professor Gallou, of North Bend, is making a great hit with his trained dogs. He has just returned from Ten Mile, where he gave a number of taking exhibitions and is preparing a tour Coos and Curry counties with his exhibition.

J. Nier Changes Rooms.—J. Nier, Southern Pacific right-of-way agent for this territory, has secured rooms over the Lando store. He was formerly located in the Marsden building, farther north on Front street.

Contract for Plumbing.—W. P. Murphy has secured the contract for the plumbing and steam heating for the Coos building. A telegram from the Portland architects yesterday conveyed the news.

Baptist Church Services.—The Baptist church held baptismal services Sunday night. Special music was also a part of the evening's service, and the church was filled.

Forest Fire Indications.—The air yesterday afternoon was filled with smoke and all indications point towards a big forest fire in some near-by district.

The Plant to Arrive.—The Plant is due in Marshfield this forenoon.

Band Practice.—The band was out for practice last night.

CARD OF THANKS. To the many kind people of Marshfield who assisted and sympathized with us during the trying hours of our first sorrow, we express our sincere gratitude.

MAJOR KINNEY WILL DONATE ONE THOUSAND

If Local People Subscribe \$1000 He Will Double the Sum and Advertise the Bay.

Major L. D. Kinney was in Marshfield yesterday and upon being approached for something in the way of news, said he would have something of general interest within a day or so, but he was not in a hurry to make any announcement about the matter he had in mind until he could show results.

The Major asked the reporter to correct an erroneous idea which gained currency through a statement made at the Chamber of Commerce meeting the other night. He said the people had obtained the idea from the way a proposition was presented at that meeting that he was asking for expense money on which to make a trip through the east, when, as a matter of fact, he simply said he was going east, and if the real estate men of Marshfield and the Bay would put in \$1,000 for advertising, he would put in two thousand and when he makes his eastern trip, distribute 100,000 16-page papers throughout New England and the British provinces.

The Major further said, "No man ever heard of my asking aid in taking care of business of my own; I am going to do more advertising than I have in the past, and thought perhaps the interested parties on the Bay would like to share in the expense. My mission and advertising through these states and provinces will be productive of more good for this country than anything in the way of advertising that has ever been undertaken."

FLORAL OFFERINGS ARE BEAUTIFUL

Profusion of Flowers at Funeral of Late M. B. Zimmer—Lodges Turn Out.

The funeral of the deceased M. B. Zimmer was held Sunday afternoon at two o'clock in the Baptist church. There was a large attendance. Subsequent to the services in the church, the body was escorted to the Odd Fellows' cemetery in the southwestern part of the city by the members of Blanco Lodge, the Eastern Star and the Knights Templar of Pacific Commandery. At the grave, the Masons had charge of the obsequies and the Baptist choir was present to render music. The floral offerings were profuse, among them being an emblem from the local Elks, with the initials of the order, B. P. O. E.; one from the Eastern Star, with the initials, O. E. S.; and one from the Blue Lodge, containing the compass and square. The expressions of sympathy for the bereaved family were many and sincere.

In the Times' first article regarding Mr. Zimmer's lodge affiliations,

many things were not learned. He was a member of Capital City Lodge 310, B. P. O. E., of Boise; of Idaho Commandery No. 1, Knights Templar, of which lodge he was Eminent Commander, having been elected to the office this last spring; of Al Kareh Temple Barine, at Boise. It is understood he has filled all elective offices in the Masonic lodges, including those in the Blue Lodge, the Chapter and Commandery. Mrs. Zimmer states that he was at all times a loyal member of the Masonic fraternity and one of his greatest ambitions was to go through the various chairs, which ambition was of course gratified when he took the Eminent Commander's position in the Commandery.

PALM HAS NEW SIGN PAINTED

Pedestrians were given a surprise yesterday when there was unfolded to their gaze a piece of Reubenseque work on the east side of the building occupied by the Palm confectionary store. The words: "Ice Cream—Palm," were placed on the side of the building under the skillful manipulation of Roy Lawhorne, Coos Bay's well known pen and pencil artist. The size of the letters in the sign make it possible for future passengers in the S. P. or electric cars to read with ease even though the carriers may be exceeding the city speed limit by several miles.

EXPRESS MAKING COOS RIVER RUN

The Express which is running between Marshfield and the Maze furnishes transportation up and down Coos river for early morning passengers towards Marshfield and for late ones from Marshfield up the river. The boat is a speedy craft and makes the run in an hour and a half. Leaving time at the Maze is 7 a. m., and Marshfield, 4:30 p. m. This arrangement gives people who wish to take a run to the summer colony for over night a convenient opportunity.

HANDLING DIRT BY HYDRAULIC METHOD

The Coos Bay Gas and Electric Company is handling dirt at its site at Porter by hydraulic ground sluicing. The system is working well and the work is proceeding much faster than were the old method of using scrapers in effect. The company has a pump which takes water from the bay and forces it against

the embankment, tearing the dirt away as is the custom in placer mining.

CARD OF THANKS. We desire to express our thanks by this means for the many kind offices coming through the people of Marshfield during our late bereavement. MR. and MRS. Z. T. THOMAS. MRS. MRS. DAVIL COWAN.

The Family Circle
If complete, as a rule, only at evening—when the artificial light is necessary in order to see by. For this reason isn't it really important that the light in your home should be the most healthful, the brightest, the most charming, the safest, the cleanest and the most convenient you can procure?
What is that light?
You know it's ELECTRIC LIGHT.
Why not have it?
Don't say "candles are cheaper."
You wouldn't live in a wigwam.
That's cheaper than a house.
Is your house wired?
That's the question.
Come and settle it with us.
