A Case of Buck Fever.—George rey, Fred Johnson, Wm. Gamble, Watt Short and George Nichols arrived home Saturday afternoon from South Bay, where they had been to hunt deer. They were entirely skunked, and there are as many deer in that vicinity as before they arrived. The boys tell a story on Johnson, of his encountering a large deer in the trail and being attacked by a serious case of buck fever. Anyway, the buck was not molested and Ferrey, Fred Johnson, Wm. Gamble, the crowd feel Johnson had the only real chance to land some venison. They started five deer during their trip. South Bay is three miles below Sunset Bay.

Milking Machine Test.—Mrs. Youkam, of Coos River, gave a milking machine demonstration at her ranch Sunday afternoon. There were fifty guests and all were unanimous in the belief that the machine is a complete success. One man from Curry county intends putting in four machines. Mrs. Youkam informs the Times that State Dairy Inspector Balley will be on Coos Bay shortly to look after the dairies in this county and see where improvements can be made.

Alliance in Port.—The Alliance came in over the bar yesterday morning at 5:30, with a large list of passengers, 372 tons of freight, including a large re-saw for the Coos Bay Manufacturing Co., of North Bend, and an automobile belonging to Henry Hoeck. The unloading was finished last night and the ship will sail on the return trip at ten o'clock today.

Central—Frank Murphy; Geo. White and wife, Portland; Bert Martin; Ervin Wisner, Portland; H. G. Schryver, Polo, Ill.; Mrs. Watson; C. L. Butterfield, Portland; C. H. Brooks, Sumpter; John Wastedt; C. Benner, Myrtle Point; Joe McDaniel; P. C. Austin; Thos. Nolan; Walter Elliott, Empire; N. F. Throne.

Received Sad News.—Arthur Green, a young man who is employed at the Smith sawmill, received a telegram yesterday announcing the death of his father, A. O. Green, of Minneapolis. The deceased was in fairly good health when Arthur left Minneapolis six weeks ago. He takes the Alliance today and will hurry east for the funeral.

Would Move Shipyard.—While at Bandon last Sunday it came to a Times representative in a roundabout way that Mr. Heckendorf, the shipbuilder who is at Prosper, is desirous of moving his plant to Coos Bay. He is completing a ship now under construction, and which should be finished sometime within a month or six weeks.

Demand for Literature.—There is a large demand at the Chamber of Commerce for advertising matter, most of which comes from strangers who seem interested in the country and wish their friends to come and see. There is plenty of literature for local parties and they should make good use of it.

Valley Men on Coos Bay.—O. C. Seither and Henry Booth, the former of Glendale, and the latter of Roseburg, are on the Bay for a few days' stay. Their chief business is attendance upon the regular yearly meeting of the Coos Bay Townsite stockholders' meeting which occurs today.

Brings Automobile.—Henry Hoeck came in yesterday on the Alliance from Astoria and brought his large touring car. He was out yesterday afternoon showing about the country and showing the Coos Bay inhabitants the first car ever run in the country.

Big Engine Shipped.—The large logging engine recently purchased by the Powers-Smith Logging company, was taken to Hodges creek yesterday afternoon, where it will soon be put into commission as a yarding engine. The machine has 1800 feet of inch and an eighth cable.

Successful Hunting Trip.—Al Nichols, George Wilson and Ray Rozelle arrived home Sunday from Curry county, where they had a very successful hunting trip. They drove through and were absent about ten days.

Pocahontas Social.—Pocahontas Degree held a social in the Red Men hall last night. Refreshments were served and dancing occupied the latter part of the evening. A very pleasant time was the result. Incidentally, the Times was remembered by some choice dainties.

Moves to New Home.—D. Ferguson is moving to his new residence in Bay View. The home is not fully completed, but by reason of a request for more rent on the part of his landlord, he concluded to move anyway.

To Curry County Ranch.—Judge J. M. Upton accompanied the base ball contingent to Bandon Sunday, and afterwards went on to Curry county to visit his father and family on the Upton ranch.

Eagle Resumes Run.—The launch Eagle will resume her regular run between North Bend and Marshfield today. She has a new coat of paint and has been fully repaired.

In From Homestead.—Earl Winner came in from his homestead on Fall Creek yesterday. He left McGluty on the ground and he is passing the time by trapping.

Teachers' Institute.—Superintendent of schools, W. H. Bunch, announces the regular annual institute for Bandon, August 20, 21 and 22.

Second hand and new goods bought and sold at Mickey's Second Hand Store in North Bend.

If you want to sell any old thing see Mickey, the Second Hand man, in North Bend.

Knights Columbus.—Take notice. Attendance wanted tonight. Business of importance.

On and after Aug. 4th. F. E. Wilson will operate an independent stage line between Marshfield and Roseburg. For passage apply to W. J. Butler.

Knights Columbus.—Don't forget the meeting tonight. Important business.

PRICE YARD FOR BANDON

J. H. Price Secures Site for New Shipyard at Bandon, Near Cody Mill.

READY IN THREE WEEKS

Orders Placed for Machinery—Preferred to Stay With First Location.

J. H. Price, the Bandon shipbuilder, who recently returned from San Francisco, after having settled his fire loss with the insurance companies which carried his risk, has completed arrangements for rebuilding his shipyard and has secured a location in Bandon, next to the Cody Lumber Company's sawmill. He has commenced work on the new site and expects to be ready for resumption of work in about three weeks. Several orders have been placed with Frank Hague for machinery and as soon as Mr. Price learns just what is needed he will place his full order. Bandon people came to his aid and expressed themselves as solicitous that the shipyard should remain in that city and Mr. Price considered no outside offer to remove the industry. The Bandon people feel greatly pleased at his decision and showed the 20th century spirit in making it possible and agreeable for Mr. Price to remain with them.

BASE BALL FIELDER TAKES ACCIDENTAL BATH

Falls in Creek While Running for Long Fly Ball—"Water Was Fine."

Coquille, Ore., Aug. 1907. News of the sad death of Frank Barrows has just been received. He had gone out into the mountains of Curry County to enjoy a hunt with friends, when in some manner his gun was discharged and the bullet entered his body causing death almost instantly, though he had time to send a last message to his mother, wife and eight children. He was engineer on the old steamer Dispatch for many years, was a good man, and well liked by all.

A big fire is raging in Assen's logging camp on Rink Creek. Though the camp is not running at present, no doubt much damage will be done, and valuable timber destroyed.

In the ball game here yesterday between Coquille and North Bend the leaders virtually "cinched" the pennant, by taking N. B. into camp by a score of 8 to 2. It was a slow and featureless game, except when one of the N. B. team stopped to take a bath, which caused a good deal of merriment. Left fielder Paul was running backward after a long fly and went over the bank into the creek, which was about 10 feet deep where he landed, and about half full of water. A great hush fell over the spectators until the other fellows ran to his assistance and pulled him out, dripping with water. When he regained his feet he shook himself and said "Come on in boys, the water is fine." As soon as the people got quiet from the excitement of the accident, the game went on as though nothing had happened. North Bend lost the game through her numerous errors, and the inability of some of her men to move; notably, the first baseman, seemed as though he thought it sure death to jump or exert himself to get the ball. Foote pitched a fine game against the heavy hitting leaders, holding them down to seven hits, two of them being of the scratch variety, and striking out 9 men to Collier's 6. If Foote had had the support that Collier's teammates gave him, the result might have been different. Coquille put up a better article of ball than they have been doing for the last few games.

Mr. Jarvis, the night watchman, has sold his residence, house and one acre of land, to P. Neikels, for \$1000.

DESIGNED NEW GOLD COINS New York, Aug. 3.—Through a letter from President Roosevelt it is learned that Augustus St. Gaudens, who died at Cornish, N. H., tonight, designed the new gold coins which are now being completed. The design is probably the last completed work that left the hands of the sculptor.
