SCHOOL TEACHER HAS QUEER EXPERIENCE
Buried Under Hay For a Week—Finally Digs Her Way to Freedom.
 Marlon, O., Aug 8.—After being buried under 25 tons of hay for a week, without food or water, during which time a bloodhound and hundred of searchers passed within a few feet of her, Miss N. A. Black, a Pittsburg school teacher, who last Monday evening left a local sanitarium, was found yesterday. She probably will recover. She was discovered by two men on a farm alongside the old hay barn near which all trace of her was lost until yesterday. Miss Black says she took a stroll into the country, and when dusk was falling started home. It was chilly and she was but thinly clad. She entered a barn, got inside the hay and fell asleep. Tuesday morning the owner of the barn began filling the barn with new hay, and by night it was full to the rafters. Yesterday, almost crazed by thirst, the woman burrowed out of the barn, but was so weak she fell where she was found.
