

OPERATORS DESERT KEYS

Strike Includes Associated Press Operators and Newspapers Have No Service.

The telegraphers' strike has affected the newspapers and every Associated Press operator in the country went out last night at 7:30, or shortly before.

In the local field, the strike is a one man affair, Will Malloy being the only union operator in the city.

In connection with the strike, a slam is told on Otto Schetter, who is interested in the line from here to Roseburg.

Malloy gave The Times some information respecting the strike which he caught on the wires yesterday before the strike was called.

Oakland went out yesterday at 2:30. Spokane and Seattle operators quit early yesterday afternoon, refusing to work with Helena operators who were not union men.

Portland was tied up at about 7:20 last night, both Postal and Western Union operators going out.

New York has 4,000 operators idle, and business is practically tied up there.

The following telegrams were received by Malloy yesterday before the full force of the trouble was felt:

- Gompers in Chicago. Chicago, Aug. 12.—Both Western Union and Postal companies claimed today to be in better condition than at any time since commencement of the strike of the operators.

AREN'T YOU OVERLOOKING SOMETHING, FELLOWS?

HOLY WAR IN NORTH AFRICA

Trouble Spreads and Situation Is Regarded as More Critical From Day to Day.

London, August 11.—A special dispatch from Tangier says the greater part of Mazagan was destroyed by a bombardment of French ships, but the Consulates were not injured.

Paris, August 11.—Special dispatches from Tangier represent the situation as being alarming on the coast and in the interior.

Tangier, August 11.—The Angers tribesmen were camping two miles from Tangier at 11:30 tonight.

Advices from Rabat say that the Raybys have given the Governor a fortnight in which to withdraw the French Controller of Customs.

London, August 11.—The horrors of the looting of Casa Blanca by native tribesmen are becoming known today, and their recital is inflaming the minds of the natives against all Europeans.

The situation in various coast towns is worse. The natives are excited. A holy war is being preached at Rabat.

Blunder Causes Looting. There are many complaints among the Europeans that France acted ill-advised at Casa Blanca in bombarding that town before the Jews and Europeans there and elsewhere on the coast and in the interior.

The news from Casa Blanca, while conflicting as to its situation there today, unite in showing that the bombardment was continued for longer than was first supposed, and that the lack of an adequate French force to afford protection resulted in an opportunity for barbarous looting.

It is now reported however, that between 2,000 and 3,000 French and Spanish bluejackets are ashore at Casa Blanca and that order has been restored.

France and Spain, the two powers responsible for the maintenance of order, are sending in re-enforcements and cruisers and transports are proceeding with all speed for Casa Blanca and other coast points.
