COQUILLE NOTES.

Coquille, Oregon, Sept. 5, 1907. A son was born to Mr. and Mrs. George Hartley on the 1st of Sept. J. G. Cotton, of Seattle, is in town looking around and is well pleased with country and climate. The Norway school closed for a month's vacation, then the winter term will begin. Bert Hollenbeck was breaking a colt last week and managed to get his knee dislocated in the operation. At George Herman's logging camp near Dora, 116 logs were gotten out in one day which scaled 80,000 feet. The Miss Flora and Mary Quick have returned to Pendleton after visiting friends here about two months. The school at Arago opened last Monday, with the grounds about the school house nicely fixed up. Miss Minnie McClosky is the teacher. Miss Edith L. Niles, of Portland, is here to get advertisements for this part of the country. She thinks our valley very beautiful and rich. The Modern Woodmen of America will give an excursion from Myrtle Point to Bandon on Sunday next. They will go on the steamer Echo. Mr. Thomas Krewson, of Drain, is here and says the work on the railroad is not stopped, and will go on, though they can not secure enough men. Mr. Orvil Dodge has leased his paper the Sentinel and will become a full-fledged miner. Messrs. H. J. Crippen & Co. will publish the paper hereafter. The steamer Echo, that has run for years on the route between here and Myrtle Point, has been laid off indefinitely. Does not pay, is the reason given. Imogene Alexen slipped and fell near the Skookum restaurant while carrying a baby and dislocated her arm at the elbow and fractured one of the bones of the forearm. A logger, Wm. Anderson, was hurt last week at Beaver Hill camp, an ax glanced and entered his foot. He was brought to the city hospital for treatment. It was a very painful wound. As Mrs. George Peoples was returning home from town today, in some manner upset her buggy and herself and child were thrown out, the latter's wrist or arm was broken. Full particulars have not yet been received. United States Congressman Hawley, of Oregon, from the first district was in the city today shaking hands with friends. He is on his way to Curry county and when he returns in a short time will address the people here. J. B. Moomau, the proprietor of the Arago hop field, is here looking for a residence for his family, where the children can attend school, he has a position on the L. L. & T. R. R. at Lamoine, Cal. to which he will return. "The Coos Country" hop yard, at Arago will be ready to be harvested the first of next week. They are in prime condition, no lice or mold, very little foliage, and large and heavy. They have a nice place for pickers to camp. Three thousand sheep were driven out over the stage road to Oakland, Cal., last week, the majority came from Curry county. Walker and Knight were the drovers. The sheep brought from \$2.75 to \$4.00 per head. F. A. Bates formerly of Coquille River and who is a civil engineer and expert miner is engaged in a large mining enterprise in Columbia, South America. He is the only white man in the locality. His wife is in the east visiting while a son and daughter reside here. Mrs. Hastings, an old settler, who has lived on Cunningham creek a good many years, died this Wednesday, morning at the Northwestern Hospital. She suffered some time with cancer. Her husband preceded her to the better world a few years ago. She will be buried today; funeral at the Presbyterian church, conducted by Rev. B. B. Paull. Hon. Judge Sperry and J. M. Nye were both absent, but it was reported that he had never witnessed a base ball game in his life, and as great indignation prevailed about it A. S. Hammond made a motion that he be disfranchised, which was seconded by A. J. Sherwood, and carried, and the papers will be legally made out and presented to the Judge. The speeches were all interesting. J. W. Leneve said his ideas of a "good game" were perhaps different than some others, that though the score might be 10 to 12 or there-a-bouts and be a very interesting game, and everybody playing ball, and cited the last game played here with North Bend, when Paull, fielder of the North Bend team, and brother of one of the Coquille team, was so interested in the business of getting a fly that he went backwards into a 10-foot ditch, that was such playing as

he called good, and there were a few of those games played this year, and he would put the Coquille home talent team against any like team in the state. The business men of this city gave their victorious base ball team a banquet last night at the Tupper House. Between thirty and forty gentlemen dined sumptuously from the tables spread with all the usual luxuries, and a pleasant evening was enjoyed. The following program was rendered, called the "Champion's Banquet." Note—Gentlemen will not be required to wear masks. After the feed A. J. Sherwood will give us "A send off" to which "Pauly" will reply. Following this Judge Sherry will tell us "What I know About Base Ball." When you have recovered from this the Mayor will tell us "How to Make a Hit," which will be followed by a discourse by Lon Hazard, on "Easy Money." If there is any one left in the hall after this Hon. Jim Watson will speak on "High Balls and Other Balls," after which you will feel relieved to hear W. T. Kerr on "Rooting" and last but not least, J. W. Leneve will tell us about "A Good Game." On the side J. M. Nye will show how "We're It." A. S. Hammond, Umpire. Important to Cruisers. —I want every reputable cruiser in southern Oregon to send his name and address, upon receipt of which I will send him information that is of vital importance to himself and his business. Hawley passed through town yesterday into Curry County. He will stop on the way back when a meeting of the faithful will welcome him to Bandon. Mrs. Steele was in town yesterday and completed arrangements to move to Coquille, whose sunny slopes agree better with Doctor Steel's health than Bandon's gentle zephyrs. The doctor's condition is much improved. School commenced today with an unprecedented attendance; seven teachers under the superintendency of Prof. H. C. Osteln, constitute the faculty. They are the Misses Yoe, Collier, Rodine, Murphy and Logan. Considerable trouble and confusion has been caused by an inadequacy of text books, which cannot be remedied until the arrival of the Str. Elizabeth with a new supply from San Francisco. EAST MARSHFIELD. Born—Sept. 4, 1907, at East Marshfield, to the wife of Edgar Stonecipher, a daughter.
