JUSTNESS

There are Two Kinds of Piano Houses

is the house where uniform prices prevail; where \$400.00 piano is sold at \$400.00 to each and every customer for that class of piano.

The Other

is the house where each plano is sold for as much as possible, regardless of value; where a piano is sold to a shrewd buyer at \$325.00, and a duplicate of that piano is sold to the less expert and more trusting buyer at \$400.00.

If a piano is sold to one customer at \$350.00 it is not honest to require the less expert and more trusting customer to pay \$400.00 for the duplicate of that piano.

Look!

The one price plano house has one make and style of plano, price \$400.00, and no more nor no less is ever asked for it. You send a messenger to that house with an order for a \$400.00 piano-you get that piano.

ook Again!

The multi-price houses have planos that they ask \$400.00 for, but will in a pinon sell at \$325.00. You send a messenger to that house for a \$400.00 piano and you get the piano which is sold to shrewd buyers at \$325.00.

We are the Only House in Coos County that Never Does Under Any Pretenses Vary Prices.

Standard values insure standard prices, and that is why we can and do observe uniform prices.
