—Professor Reynolds is entertaining large crowds every evening on the A street dock with his comical stories and sleight of hand performances. He certainly does some queer things in that line. Every day and every evening his wife is busy teaching large classes of pupils in the beautiful art of painting on glass. It will surprise you how easy it is to learn and the very moderate prices charged for teaching. The pictures made by some of the Marshfield pupils are more than excellent. You do not have to be an artist to learn. Call at their tent on First street, north of Merchant Brothers.

—Show cases in stock and to order, cheap. Corthell's.
