FRANK WILSON SLEW BROWN

Frank Tucker, Captured at Sumpter, Says Miner Killed ex-Sheriff.

NITRO-GLYCERIN WAS USED

Guilty Man Has Made His Escape—Formerly Lived in Linn County.

Sumpter Or., Oct. 11.—Frank Wilson, born and raised in Linn county, Oregon, and now a member of the Western Federation of Miners is the probable assassin of ex-Sheriff Harvey K. Brown, of Baker City, according to a confession made this morning by Frank Tucker. Tucker is the laboring man arrested yesterday at Granite because of statements made while drunk.

Wilson, Tucker says, asked him to assist in the assassination of Brown. The motive was alleged enmity on Brown's part toward the federation. Tucker says he refused, though offered \$100. Yesterday, however, he is quoted as saying he was within 40 yards of Brown's home when the bomb was set off; that the explosive used was nitro-glycerine, and that after the explosion he fled to the depot and made his way up the Sumpter Valley line to Austin and Granite. Today he says he left Baker City directly after the alleged offer of Wilson and before the assassination.

"I met Wilson at Huntington, before the killing of Brown, and we came together to Baker City," said Tucker this morning. "We camped near the railroad for two or three days, and Wilson asked me to help put Brown out of the way. I refused.

"Then I got frightened and left town. I passed through Sumpter to Austin, then went to Granite. Later I heard of the killing.

"I think Wilson did it. He said Brown was an enemy of the Western Federation and should be killed.

Wilson had about \$700 on his person, and offered me \$100 to help him. I left Baker City for fear Wilson would kill me. I think Wilson has escaped to Colorado. He was raised in Linn county."

Tucker too is a member of the Western Federation of Miners. He is slightly under medium height, light complexioned and aged about 30. He is being taken to Baker City.

GERMANS LOSE OCEAN SUPREMACY AGAIN

New York, Oct. 11.—New York welcomed the record breaking Lusitania as she swung into her dock bearing the title of "Queen of the Seas," wrested from her German rivals. Three hundred and twenty-three firemen, under orders to work to their limit, fed into the furnaces between 950 and 1,000 tons of picked British Navy Welch coal each day in order that this result might be obtained. On Tuesday night, the officers gave each fireman a bottle of ale in appreciation of their efforts. The next day the Lusitania broke all records by reeling off 627 knots and made an hourly record of 24.76 knots.

CHICAGO WINS THE THIRD GAME

Detroit Seemingly Outclassed, as She Yet To Win a Game.

Detroit, Oct. 11.—In the first game of the series on their own grounds, the Detroit American League team was beaten this afternoon by a score of 6 to 1. It was a well deserved victory for the Chicago team as they played superior ball throughout the game. It was anything but baseball weather, the temperature ranging between 46 and 50. Several showers fell during the game, one heavy enough to cause a 15 minutes' intermission. The attendance was 11,360. There are three games to play. Detroit has lost three and tied one.

Portland Chinese Would Force His Retirement—New Minister Not Friendly.

Portland, Or., Oct. 11.—Moy Back Hin, Imperial Chinese consul for Washington, Oregon and Idaho, announced that he will tender his resignation. Moy states that it is the custom when a change of Chinese ministers occurs in a country for the Chinese consul to tender their resignations. He stated he could not say whether he will be reappointed or not. Moy Back Hin's tenure of office has extended over the past two years and has been fraught with dissension between himself and his followers and factions antagonistic to him. Efforts by Moy's opponents have been made to force his resignation and at one time matters became so threatening that in the consul's opinion it was necessary to appeal to the police for protection. Moy's resignation, in view of the efforts made to have him ousted, is regarded in a different light by those factions among Chinamen who oppose him, these openly declaring he resigned to forestall his removal by Wu Ting Fang, who Moy's enemies declare, is hostile toward Moy.

RAILROADS INTEND TO SEEK REVENGE

Chicago, Oct. 11.—After a discussion, it was the consensus of opinion of transportation officers at a meeting here today that it would be useless to put in effect the usual round trip fares this winter and next spring in an attempt to populate the trans-Mississippi territory. Inadequate facilities to handle the present business is the reason.

RICH OLD-TIMER'S SON A MURDERER

Charlie Churchill Quarrels With Ray Ziegler, Gets Gun, Kills.

North Yakima, Oct. 11.—The shooting of Ray Ziegler by Charlie Churchill last night arose from an ordinary barroom quarrel in the afternoon. Following this, Churchill went home and got his gun. In the evening he met Ziegler on Front street. Ziegler had apparently forgotten the trouble in the afternoon and made an attempt to speak to Churchill, who pulled his gun and at a distance of four or five feet, fired twice into Ziegler's body. Ziegler dropped, dying instantly.

Churchill fled into the saloon, pursued by two policemen, but the fugitive escaped through the back door and vanished. An hour later he surrendered to Policeman Storey at the old Churchill home. When arrested he shed tears and declared he fired in self-defense, but this is denied by a number of eyewitnesses. Churchill is a son of the late Al Churchill, an oldtimer and one of the wealthiest men of the city in his lifetime.

MANAGER OF GREAT NORTHERN RESIGNS

St. Paul, Oct. 11.—The Dispatch says today that from a source of unquestionable reliability, it is learned that General Manager Ward, of the Great Northern today tendered his resignation. It is also learned that at a meeting of the board of directors which is being held at the Great Northern headquarters here simultaneously with the stockholders meeting in New York, that other important changes in the official register will be made. No confirmation or denial of the statement of the above could be obtained at the Great Northern offices, but the information came in such a manner as to make confirmation almost unnecessary.
