

## HIGH SCHOOLS ON GRIDIRON

Marshfield, the Heavier Team,  
Wins by Comfortable Score  
Over North Bend.

### GAME CLEAN THROUGHOUT

Good Feeling Prevailed and No Business Made for Hospitals—A Good Crowd.

The Marshfield spectators, football team and the pupils who accompanied them to North Bend yesterday came home happy. The result of the game was sixteen to nothing in favor of the Marshfield high school team, and being the first game of the season, it should give the boys confidence in themselves. They were none too certain of their chances when they left Marshfield yesterday and were ready to accept defeat.

The crowd at the game was largely Marshfield people, and these were conveyed by the Bonita, the North Bend, the Flyer, private rigs, automobiles, and private launches. It was a crowd as large as could have been expected on Saturday when most of the shopping is done on the bay, and the receipts amounted to \$40. The team was given free transportation by the O'Kelly management both ways and a great part of the crowd took the same boats.

The game was said by spectators to have been interesting every part of the distance. North Bend was outclassed in weight, and the figures given for the averages are: Marshfield 135, North Bend 130. The game was played on the baseball grounds in the northern part of the city and the returning enthusiasts complain about its being overgrown with blackberry bushes and some players were considerably scratched during the scrimmages by briars.

The halves were 20 minutes each, and were refereed by Will Chandler, Editor Whisnant of the Harbor, was umpire. Russ Tower and R. Brainard, timekeepers. The line men's names were not learned.

Marshfield had the ball most of the time, and North Bend was obliged to punt every time she had possession with three or four exceptions. Both teams played well, but the bucking of Marshfield was too much for the neighbors. Among the North Bend players who were particularly busy to good advantage were the fullback, H. Russell and the two story boys. Among the Marshfield boys were several who distinguished themselves, but the coach, Mr. Hutchins said they all played well and deserve equal praise. The principal feature was a 25 yard run by Hayes of Marshfield who picked up a fumble and ran for a touchdown. Wieder and Rasmussen each made a 20 yard run and H. Briggs' fullback work was considered good.

The criticism on the Marshfield playing was to the effect that the boys are playing too high. This, according to those who know, should be remedied, and Coach Hutchins is trying to impress it upon the bunch. The contingent on their return say they were used well and there was nothing to complain about. There were no disputes and the decisions of the officials were accepted as gospel. The feeling was general that the games to follow will be as pleasant and interesting. The score of the game does not show any great advantage for the Marshfield boys, and likely North Bend may be able to reverse the result when they come on November 2nd for the second game.

The girls of the Marshfield school were in evidence at the game and cheered their team with songs and yells. Mr. J. N. Hutchins, the coach, deserves credit for the victory, for the lineup was to a great extent new, and the boys were without football experience. Mr. Hutchins is from Minneapolis and understands the game to perfection. He was a member of the Minneapolis North Side high school team, and played with and managed the Lund Land company team in that city for four years. He says the boys should not feel any special pride in this victory, for such a score is easily reversed, and they will have to keep in good training

and work hard if they hope to hold their lead over the North Bend team. The two teams played as indicated in yesterday's Times, as follows:

North Bend.	Marshfield.
H. Redfield...Center...	Lon Sweet
G. Redfield...L. G....	Ed. Dolan
Dick Lemon...L. T....	C. Merchant
Bill Gaffney...L. E....	W. Asplund
Reynolds...R. T....	Eugene Dolan
M. Duvall...R. E....	H. B. Hayes
Fred Story...Quarter...	P. Flanagan
H. Russell...F. B....	H. Briggs
Tom Story...L. H....	Ed. Wieder
Carmichael...R. H....	G. Rasmussen
Touchdowns—Briggs, Hayes, Rasmussen.	
Kicked goal, Asplund.	

A particularly gratifying feature of the game was the total absence of injuries and both teams emerged from the contest in as good shape as when play was started.

## VENERABLE INDIAN JOINS GREAT FATHER

Ten Mile Tom Died at Jordan's Cove Last Thursday—Was A Modoc

Ten Mile Tom, the venerable and well known Indian who has lived for the past ten or twelve years at Jordan's Cove, passed over the divide on Thursday night and has gone to the happy hunting grounds. Tom was an unusual character and in the early days was greatly respected by the whites who inhabited this section. He was always considered an Indian of good qualities and integrity. When he lived near Empire, he was accustomed to furnishing the people of that city with game and the people went to him when they wished something in that line. Mrs. Henry Sengstacken, who is well acquainted with his late history, speaks of him as an Indian of much finer qualities than the ordinary red man. Among his better sentiments was a great regard for his wife for whom he always had the tenderest feelings and whom he cared for to the last. His end was seen to be approaching last Monday and Mrs. Sengstacken visited the home that day. Tom had practically ceased to realize what was occurring about him, but he roused and made a request for Mrs. Sengstacken to look out for Kate, the wife.

The widow is well along in years and will have an Indian woman from the Siuslaw come to live with her as a companion. Mrs. Sengstacken speaks of her as a woman of very tidy habits and says her home always looks clean and neat.

There was no way of estimating Tom's age, but he was thought to be somewhere between eighty and ninety. The widow, when asked regarding the matter said, "Indians no count," meaning they never kept any record of ages. He will be buried at the Cove where a number of other Indians are sleeping. Tom was not a Coos Indian but a Modoc, and came here from the south before the whites arrived. The widow, in speaking of his age, said he was a little boy when the whites came.

## "SENGSTACKEN" WILL HIKE FOR TIMBER

A. Gustafson, more familiarly known as "Sengstacken," a well known character, was taken from the city lock-up yesterday afternoon where he had been placed for drunkenness, and escorted to the justice hall of Recorder Upton. Attorney E. L. C. Farrin and J. W. Carter were present to prosecute Gustafson for habitual vagrancy and the victim pleaded guilty to the charge, although he said he had been working more or less since he had been in the city. But his habits were too well known to the dispensers of law, and his story of "only having a good time once in a while" did not go. The prosecution claimed he was a vagrant, pure and simple and asked the court to convict him. Judge Upton fined him \$25 and costs or 12½ days in the calaboose. Gustafson wanted the alternative of getting out of town and going to work, and this privilege was granted him, and the fine suspended. He will leave today or Monday for the Thomas-Seely logging camp on the Coquille, and should make them a good hand, as he is known to be one of the best woodsmen in the county.

### Pennsylvania Beats Brown.

Philadelphia, Oct. 19.—The University of Pennsylvania eleven defeated Brown university today 11 to 0. Both teams put up a vigorous game, but the home team outplayed Brown in carrying the ball.

## SENATOR WILL SPEAK MONDAY

Charles Fulton Will Make Address at Masonic Temple at Eight.

### NON-POLITICAL COMMITTEE

Promised Aid Is What Will Win Votes Here—J. W. Bennett Will Be Host.

Preparations are completed so far as the Marshfield entertainment for Senator Fulton is concerned, but the meagre knowledge of the senator's plans for his stay has put the North Bend contingent at sea, and they find themselves obliged to wait until he arrives before they can take the matter up and state what the entertainment will be at our sister city.

Marshfield will send a committee to meet him on his arrival next Monday on the Alliance at North Bend and will escort him to this city where he will be the guest of J. W. Bennett. In the evening it has been arranged to have him speak to the citizens of this territory at the Masonic opera house, commencing at 8 o'clock.

The following men are named as a committee to attend the senator and provide for his entertainment while in Marshfield: Dr. J. T. McCormac, Hon. John S. Coke, Dr. E. E. Straw, Hon. J. W. Bennett, Francis H. Clarke, W. S. Chandler, Father Edward Donnelly, Herbert Lockhart, M. C. Horton, William Grimes, Anson Rogers, Jr., Thomas Dimmick, Dr. C. W. Tower, G. W. Carleton, I. S. Kaufman, J. D. McNeil, J. E. Oren, Dorsey Kreitzer, Will Merchant, F. B. Waite, W. B. Curtis, W. S. McFarland, Henry Sengstacken, F. S. Dow, A. Meehan, J. W. Snover, J. M. Blake, Rev. H. H. Browne.

Naturally, the object of the distinguished visitor's trip is to look over the field and tell the people of his desire to be returned to the senate next year. He has made a good record in congress and his speeches have thrilled the nation more than once. He is not without opposition, but he believes that good service should be a great influence in next year's primaries. He will be well received on Coos Bay and shown the principal features of the country. It is supposed that he will not be able to remain long, but what time he is here will be well spent, for the politicians of Oregon would as well understand at once that Coos Bay is going to be a factor in the elections before many years pass, and those who keep in good standing now will be remembered when we become the influence which is certain to be noticeable very soon.

It will be noted that his reception to Marshfield will be non-political, if the reader will observe the political complexion of the committee, and this is well. Whoever cares to come to Coos Bay and promise us aid can secure the glad hand from Republicans and Democrats alike, and no questions asked. Coos Bay is what we are interested in down this way.

## UNION IRON WORKS MAY BE CLOSED

San Francisco, Oct. 19.—Whether the Union Iron Works is to be enlarged or closed will be determined by Charles M. Schwab, former president of the United States steel corporation, within the next three days. Schwab arrived last night from the east. Asked whether the present depression in finances is temporary or likely to be serious, he replied: "The prevailing depression is simply a reaction. We are going ahead too fast. Now we have to go slow awhile. There has been a boom, everything was carried to the breaking point, and present conditions are merely the reaction. People have lost the confidence they had and depression ensues." Schwab is an extensive owner of mining interests in Nevada.

"I put more money in Nevada than any other man," he said. "But I must say I am bitterly disappointed in Nevada. I do not think that I have met a man who told the truth about Nevada. Confidence of eastern people in Nevada is gone."

## STARTS SUITS FOR LAND RESTORATION

Government Opens Campaign for Having Illegally Obtained Lands Returned.

Lewiston, Idaho, Oct. 19.—A bill in equity asking for the cancellation of 54 patents issued to various entrymen for timber lands in the Clearwater timber district were filed in the United States circuit court at Boise October 14, and a notice of its pendency was filed in the recorder's office of Nez Perce county this morning. The defendants in the action are William F. Kettenbach, formerly president of the Lewiston National bank; George H. Kester, formerly cashier of the Lewiston National bank; William Dwyer, of Clarkston, Washington; Clarence W. Robnett, formerly bookkeeper of the Lewiston National bank, and F. W. Kettenbach, present president of the Lewiston National bank. F. W. Kettenbach, G. W. Kester, William Dwyer and Clarence Robnett are charged with practicing unlawful and fraudulent means in procuring persons to avail themselves of the act of congress which provides for the acquisition of timber lands.

It is charged the defendants agreed to purchase the lands of the applicants as soon as the applicants should secure title thereto. It is further charged that the defendants furnished the money with which the applicants secured the lands. The complaint covers points brought out in the recent trials at Moscow, at which time a number of the entrymen whose names appear in the list of cancellation gave evidence of the manner in which the land was acquired and of the inducements held out by the defendants. F. W. Kettenbach, president of the Lewiston National bank, is made a defendant in the action because of the claim of the government upon information and belief that he has since acquired interest in some of the land. Only land to which patents have been secured is included in the filings made today, as entries where patents have not been issued can be cancelled without process of trial.

Conspicuous among names of entrymen to whom patents are issued that the government will seek to revoke are W. E. Daggett, deputy county recorder of Nez Perce county; William Havernick, merchant of Lewiston; John Long, clerk of the supreme court; R. N. Wright, superintendent of Lewiston city schools, and Joel H. Benton, deacon of the M. E. church. The land involved contains approximately 10,000 acres of the best timber in the Clearwater country.

## EAGLE TO GIVE RIVER FAST TRIPS

The gasoline launch Eagle was taken to the Coquille river this week, to experiment with the supposed demand on the river for quick passenger service between Myrtle Point, Coquille and Bandon. Her first run was made yesterday and the speedy launch covered the distance between Bandon, the starting place, and Coquille, in two and a half hours. The launch had a good sized load and the run to Myrtle Point was made in as good time. It is the plan of the owners, the Holland Brothers, to make two trips daily for the distance, if traffic seems to demand it. There are no stops made between the places named, and passengers may be assured of quick transportation if the Eagle remains on the run. Several passengers who came over from Bandon yesterday were greatly pleased with the new arrangement and think it should be a popular matter with those who desire to hurry up and down the river.

## BOOM HENEY FOR SENATOR

ANTI-MACHINE REPUBLICANS CHOOSE PROSECUTOR.

Though Democratic, He is Considered Best Available Republican to Succeed Perkins.

San Francisco, Oct. 19.—A story which was sprung today, and which Francis J. Heney refuses to discuss, has it that the well known prosecutor is being groomed for the United States senate.

The story has it that the Lincoln Roosevelt League, composed of the anti-machine Republicans in this state, has looked over the field and has come to the conclusion that although a Democrat Mr. Heney had better represent the principles for which the league stands than any available Republican.

## NO ANSWERS TO TELEGRAMS

Mr. and Mrs. John Lockman Received No Replies to Repeated Messages.

### BOY SEEN AT WENATCHEE

Further Contents of William Albert Davis' Note—"Mother" Was Boys' Thought.

Mr. and Mrs. John Lockman, who have been telegraphing for the last four days to towns in Washington and Idaho for some information respecting the rumored death of their son, and which account was published in the Times, have received no word from any of the places they have addressed. They are unable to account for the exasperating delay, and have concluded to leave on the Breakwater next Monday to visit the cities where something may be learned regarding the unusual case. They will visit Spokane first, and then go to Wenatchee.

The only light that has been shed on the matter since the story was published four days ago, is an item in the Spokesman-Review on the 16th, as follows:

Mystery surrounds a remarkable communication received at police headquarters and signed by William Albert Davis of St. Anthony, Idaho, in which Davis declares he murdered John Lockman, of Wenatchee, Wash., and threw the body into the Columbia river on October 1, 1907. The letter says the deed was done with a butcher knife and that the murdered man's last words were "Edith Speck, Marcus," and "Mother."

The paper was found by Walter E. Tipton of the Spokane Toilet Supply company, in a towel rack in the Diamond saloon, front avenue and Washington street, yesterday morning. It was written on a piece of cardboard. On the back was the inscription: "Send this to the chief of police of Spokane."

The local police communicated with officers at Wenatchee, but to a late hour last night had received no response. It was learned that families named Lockman and Speck formerly lived in Marcus, Washington, but that the former moved to the coast. John Lockman, a son, 17 years old, afterwards left his parents on the coast and went back to Marcus, presumably to see Edith, one of the Speck girls. The local police are puzzled over the incident.

The mysterious note read as follows: "I am William Albert Davis, St. Anthony, Idaho. I murdered John Lockman and threw him in the Columbia river at Wenatchee, Wash., on October 1, 1907, and it has nearly set me crazy. I stabbed him with a butcher knife. His last words were: 'Edith Speck, Marcus,' then, with an effort, he said: 'Mother.' Then I threw him in the river."

### Story Partially Confirmed.

Wenatchee, Wash., Oct. 15.—Investigation by the officers here today resulted in partial confirmation of the story told in the note found by the Spokane police today, and signed William Albert Davis, and telling of the killing of John Lockman at this place. At a local lodging house it was learned that about October 1 a man and a boy stopped at the lodging house. They left word to be called in order to take the train at 3 o'clock in the morning. They were called, and left the place together. That was the last seen of them.

### Coos Bay Monthly Out.

The Coos Bay Monthly for November will be on sale tomorrow and is the best edition yet put out from the Levor office. It contains, besides the usual good amount of material, 40 pages descriptive of Marshfield and its surroundings. It shows the new Smith buildings, the stone and concrete buildings now under construction in the city, and is fully up to the expectations of the publisher who made a special effort to give something enterprising in the way of good descriptive matter about Marshfield.

A Want will do it All.

## ISLAND ASSEMBLY OPENED BY TAFT

Speech Fails To Satisfy Residents—Members Swear Allegiance to America.

Manila, Oct. 19.—Secretary Taft formally opened the Philippine assembly in the National theater at 11:15 this morning, in the presence of a large crowd of people.

At the close of his address Mr. Taft formally called the assembly to order. A short prayer was read by the native Catholic bishop in the islands. The assembly then took a recess until 3 o'clock this afternoon.

Upon reassembling at that hour the first business was the selection of a president, and Sergio Osmena, Nationalist, who formerly was governor of the island of Cebu, was chosen. Senor Osmena is a young man and had no part in the revolution. He is held in high esteem by the government and his own people. He was nominated by Manuel Quezon and seconded in an eloquent speech by Don Mador Gomez.

All the assemblymen, including Senor Gomez, whose election is to be contested, were then formally sworn in. The oath including acknowledgement of sovereignty and allegiance to the American government. The afternoon session lasted for three hours. The only business transacted was selection of a secretary. The delegates showed they had no understanding of parliamentary law and procedure.

The principal feature of the session was an address by Senor Gomez, who declared against bringing politics into legislative business and asked the delegates to show their patriotism by forsaking party affiliations and legislating for the benefits of the Filipino people.

### Guests of Governor Smith.

The new assemblymen and the provincial governors were the guests of Governor-General Smith at a grand ball tonight. Secretary Taft failed to satisfy some of the American residents of Manila regarding the policy of the American government. The general impression is that his speech was placative. He intimated that misbehavior would result in the abolishment of the assembly, but it is declared that this contingency is not expected. As for the Filipinos, they expressed no opinion of Mr. Taft's speech one way or the other.

## MANAGEMENT WILL STOP FAST EATING

Managers of Soldiers' Homes Issue Orders To Prevent Quick Meals.

Santa Monica, Oct. 19.—An order promulgated by the board of managers of the National soldiers' homes, and aimed at the rapid fire eating of the veterans, has been received at the local home. This fast eating has been the bane of the physicians. It has menaced the health of the old soldiers and has been largely responsible for the crowding of the wards in the hospital. Heretofore it has been a case of eat and run, every member of the home gulping his food down so rapidly that it was no exception to the rule for each of the 2500 inmates to finish his meal in seven minutes.

According to the new order, just posted in the dining hall, no veteran is permitted to begin his meal until the bell has rung. This compels more ceremony, and as the order is enforced with strict military discipline, it is generally obeyed. There has been but one infraction, and in this case the offender was haled before the governor.

Under the new order of things the waiters are also forced to encourage the soldiers in the complete mastication and assimilation of their food. Formerly, as the soldier would finish a part of his meal, the empty dish would be quickly removed. Now nothing is cleared away until all have finished the course and the bell is sounded. In the past the veterans were permitted to leave the table with fruit in their hands. Now they must either eat while seated at the table or leave the fruit alone. Nothing uneaten is permitted to be carried away.

Although the new rule has been in operation but a few days, complaints of indigestion have been less frequent and a better humor is apparent among the veterans.

—See C. J. Bruschke for lots in Marshfield Heights. He has something that will interest you.
