BANDON NOTES

Bandon, Oct. 19.—The steamer Bandon left yesterday for San Francisco loaded with lumber, poles, matchwood and woolen cloth from the Bandon woolen mills. She went out drawing 14 feet of water. Considerable difficulty is being experienced by local industries in getting enough men to work. The Cody mill is exceptional in this regard as their labor saving apparatus makes it an object for men to desire work there. A. H. Derbyshire left this morning for North Bend. He has been here in the interests of the Simpson Lumber company. Master Thomas White, the 6-year-old son of Captain and Mrs. Thomas White of this place, was seriously injured yesterday afternoon by falling from an elevated sidewalk into the excavation for the new Laird building. His skull was fractured and shoulder broken, and while he retained consciousness from the first, fears for his recovery were felt. Captain White was notified by telephone and left the regular steamer Dispatch, of which he is master, at Riverton, arriving in Bandon by a special launch sent to meet him. Dr. Huston is in attendance and the patient is reported resting easily now. Charles Evelund of Coquille was in town yesterday calling on old friends and incidentally transacting a few matters of business. Quite a number of Bandon people went to Dairyville to attend the dairymen's annual ball there tonight. The members of the Seaside orchestra, which will furnish music, left today. District Organizer Colgan is here organizing a local lodge of Redmen. He reports enough charter members to start the lodge but is working for a few more before starting. Had Leg Broken. An employe of L. J. Simpson met with an accident yesterday afternoon which will keep him in the Mercy hospital for a number of weeks. He was driving in North Bend, when he met an automobile and his horses becoming frightened, the man jumped from the buggy. He fell in such a manner that one leg was fractured between the knee and thigh.

Other Football

Cadets Hold Yale to a Tie. West Point, Oct. 19.—In a hard played line smashing game before the biggest crowd of spectators ever gathered on the military academy grounds, West Point today held Yale to a tie, neither side being able to score through two exciting halves. The cadets are inclined to give much of their credit for what they considered a victory to Coach Forbes, who played end on Yale last year and who was able to teach the cadets many of the tricks on which Yale depended to score. Navy Gives Harvard Close Rub. Annapolis, Oct. 19.—For the first time in the history of the two colleges, Harvard met the midshipmen at football today. The result was Harvard 6, Navy 0. The game was fiercely fought from start to finish, the scoring being done on trick plays and end runs, for though much the heavier, the crimson was unable to break through the Navy line for any gains. Close at Ithaca. Ithaca, Oct. 19.—The state college defeated Cornell at football 8 to 6 today. Cornell was outplayed from the start. Michigan Defeats Wabash. Indianapolis, Oct. 19.—Michigan 22, Wabash 0. Easy for Princeton. Princeton, Oct. 19.—Princeton 40, Washington and Jefferson 0.

DAWSON JEWELER A TANANA SUSPECT

Four Arrested in Connection With Great Robbery While More Are Hunted. Dawson, Y. T., Oct. 19.—John F. McDonald, a Dawson jeweler, was arrested in White Horse today on the arrival of the steamer Selkirk from Dawson, charged with complicity in the robbery of \$40,000 of Tanana gold from the registered mail in Dawson, July 29. This makes four arrests in the case—first, Richard Hall, who was taken here; second, George Kincaid, chief government carpenter, who was arrested in Selkirk while en route out, and who committed suicide; third, Tom Vaughan, held on suspicion with a blanket charge of vagrancy against him; fourth, McDonald. Other arrests are expected to follow. So far the plot has not been unraveled. It now develops that Kincaid lived at a great pace here for many months, spending as high as \$2000 to \$4000 nightly in the last few weeks on wine and women, giving some men \$100 at once, telling them to have a good time. Kincaid was a clever building master. He was dressed fashionably. He was searched when arrested and it is a mystery how he got the poison. Revolver cartridges, but no revolver, were found in his grip. What became of the weapon is a mystery. The last steamer from White Horse for Dawson this year has left, so McDonald will probably be held here till the overland stages start.

PLANS TO MINT OLD SHEKELS

Company Incorporated in Los Angeles To Reproduce Ancient Coins. Los Angeles, Oct. 19.—To reproduce old shekels and dispose of them to numismatists and others for modern coin is the purpose of a company, one of the most unique ever formed here, and incorporated today with a capitalization of \$75,000. It is the Ancient Shekel company, and the trustees are S. F. Balla, E. D. Sheffler, O. V. Monroe, Della M. Corwin and Carrie E. Sheffler. It is announced that ornaments will be manufactured and emblems of long-gone centuries coined. The men promoting the enterprise admit that present day pieces of money appeal to them and that their principal object is to obtain a lot.

TAYLOR APPEARS SURE OF ELECTION

San Francisco Betting Men Offer 10 to 6 on Him Against Field. San Francisco, Oct. 19.—With the day of the municipal election less than three weeks off, probabilities strongly indicate the election of Mayor Taylor and District Attorney Langdon. Many betting men are laying all their ready money on Taylor at 10 to 6, and are predicting that the odds will switch to 3 to 1 before the end of the week. One well-known bettor declares he has offered to bet all or any part of \$10,000 at 2 to 1 that Langdon will be elected, but has been able to place only a few dollars. He asserts, too, that no string is tied to his proposition and that he has a small barrel to bet on Taylor at 10 to 6. The election of Langdon means the retention of Assistant District Attorney Heney and the continuance of graft prosecution. He has the nomination of the Republicans, Democrats and Good Government parties and his election seems a certainty.

DOLLAR WHEAT ON SEATTLE 'CHANGE

Forty Thousand Bushels of May Delivery Handled at That Price. Seattle, Wash., Oct. 19.—The heaviest price ever paid for wheat for May delivery was the basis of trade yesterday in the Merchants' Exchange. The sale was distinguished also that it was the heaviest ever put through by the exchange. The amount was 40,000 bushels and the price paid was \$1 per bushel. This is the first season since the early history of the exchange when there has been any active trading in wheat, but this year considerable quantities change hands daily. Wheat at the present price of 94 cents per bushel, delivered here, is 40 per cent higher than at the corresponding time last year. This is explained both by short crops over the greater part of the wheat
