Pianos Are Getting Light

For \$10.00 Down and \$6.00 Per Month You Can Carry One To Your Home

We have to do it to get acquainted and place a few instruments in the homes and convince the people of Coos County that we not only sell them on easier terms, but also sell them better Pianos and cheaper than they can buy them anywhere else. We have decided to sell a certain number of Pianos now in stock at factory prices, plus the freight, and on easy payments.

You Can't Afford to Miss This Opportunity

If you are anticipating the purchase of a Piano within two years you should investigate. Where is there another city of this size in the United States where you can get your choice of so many high grade Pianos as we carry in our store right here in Marshfield, such as Chickering & Son, Weber, Hardman, Hobart M. Cable, Kimball, Marshall & Wendell, Price & Teeple and other good makes, at prices and terms, too, to meet the convenience of anybody? It will pay you to come in and get our prices.

Don't Wait - - - Do It Today

We carry a large stock of Victor and Columbia talking Machines and always have the latest Records on hand. Spare the time to give us a call and be convinced that our goods and prices are right, and that we are here to stay and to give you value for your money.
