

The Difference in Ederheimer-Stein Clothes for Young Men

IT'S individual ability and effort that enables one athlete to beat the others in a race.

It's more skill, better ideas and exertion that makes the distinction between the product of different clothes makers—that accounts for the superiority of Ederheimer-Stein garments.

In no other make is so much put into clothes that appeals to your sense of good taste and right style.

That's exactly why we sell them; why lots of young men are buying them. It's time you came in.

BRINGS STORY OF

QUAKE AT SEA

Australian Liner Reports Great Disturbance in South Pacific.

Victoria, (B. C.) Nov. 1.—When the Australian liner Mowera, which arrived today, was at Suva she spoke the Union steamer Laviuni, which reported having passed through a violent seaquake, when on her way from New Zealand to Suva. The sea heaved and toppled, and although the weather was perfectly fair, the vessel trembled from stem to stern, the passengers became terrified and their fears were only assuaged when the trembling movement ceased, after twenty seconds. It was several hours afterwards before the waters resumed their normal calm.

The occurrence is believed to have been a preliminary of the great seaquake recorded on all of the seismographs in the world, said to have taken place in the mid-Pacific on the 16th instant. The Mowera brought forty-three Japanese to this port from Honolulu.

CRIME, CAPTURE, SENTENCE IN LESS THAN 10 HOURS.

Lakeview, Ore., Oct. 31.—James R. Reid is on his way to Salem to serve a two years' sentence in the penitentiary, having been convicted on the charge of larceny from the shop. The case is a peculiar one in this, that the man was sentenced to prison the same day the crime was perpetrated. At about 5 o'clock a. m. last Friday Reid entered the saloon conducted by John Flynn and stole a watch and \$15. He started on foot for Klamath Falls, where he formerly worked for J. V. Houston as a saloon "swampy." The authorities were notified of the robbery early in the morning and two deputy sheriffs started out after Reid and captured him about ten miles west of town. He was brought back to town and arraigned before Judge H. L. Benson, who is conducting the October term. Reid pleaded guilty and was immediately sentenced to prison for two years, thus making record time in which to commit a robbery, be convicted and sentenced, being done in less than ten hours.

FEARS INDIA WILL BE DYED IN BLOOD

New York, Nov. 1.—S. C. K. Rutledge of Colombo, Ceylon, who is in this city, in speaking of the prevailing interest in India, said that it was culminating in a demand for home rule.
"We have no direct representation," he said; "some extremists demand complete independence, but I think we are not ready for it."
"There is no loyalty to England," he continued. "There are constant persecutions for seditious speeches and growing friction between the British soldiers and the natives."
"The specific Hindu grievance is heavy taxation. Two hundred million of us to pay the government one fourth of our yearly income in taxes and we have no say in the government. I foresee—well, I hardly care to think of the bloodshed that may happen."
—Free Graphophone recital at the Taylor Piano House Saturday evening. All invited.

SHORTRIDGE'S CHARGES MEET HARD TESTIMONY

San Jose, Cal., Nov. 1.—Testimony offered in the Shortridge libel suit yesterday did not support the charges published by Shortridge against Congressman Hayes, accusing him of loading the mails in order to increase the subsidy of the Southern Pacific and of setting fire to his own house to collect the insurance. Postmaster Hawley testified there had been no increase of the congressional matter in the mails, and it was shown that Hayes did not own the house in question at the time of the fire. The trial is proceeding against the objection of Shortridge, who sought a change of venue.
