

MARSHFIELD TAKES GAME

North Bend Football Eleven Played Good Game, But Was No Match.

GOOD CROWD AT CONTEST

Five Touchdowns, Two Goals and a Safety Account for the Marshfield Score.

Thanksgiving was a Marshfield day all round. The big team defeated North Bend and the High School boys won at Bandon.

The game on the Marshfield grounds was something of a surprise, as it was thought it would be rather close at best. But Marshfield ran up 29 points while North Bend failed to score. There was a good attendance and the crowd cheered generously for each side. Upon seeing the teams on the gridiron there was evidence that the statement of weights had been at fault, for the Marshfield eleven plainly outweighed the North Bend boys. It was estimated by those who have seen football teams and had experience in the game, that Marshfield averaged at least five pounds heavier, and perhaps eight. The North Bend captain said the weight given the Times, 162, was exact and that the team came to that figure. He thought, however, that the Marshfield players averaged 172. But that is neither here nor there; the game was won by Marshfield, and it was an exciting contest.

The officials were selected just before the game was started, and were Goodwin and Hartman, referees and umpires, alternating; Nichols, McKeown and Brainerd, linesmen; field, Charles Lee and Frank Lamberton, time keepers; filed judge, Claude Nasburg.

The game was delayed until about three o'clock, that the crowd might arrive. North Bend kicked off to Liljeqvist on the 18 yard line. He carried the ball back 14 yards.

Liljeqvist circled the end for 20 yards; Vic Dimmick gained 20 more. Bert Dimmick fumbled the ball and it went to North Bend on the latter's 35 yard line.

North Bend fumbled on the second down and Bert Dimmick punted 40 yards, across the North Bend goal. Before the ball could be taken out, it was downed for safety. Score, Marshfield 2, North Bend 0.

North Bend kicked off to Marshfield's 25 yard line; the ball was given to Weaver on the first down, and he made 25 yards; but fumbled and it went to North Bend on Marshfield's 45 yard line. An attempt at punting was lost by fumbling on the first down.

Marshfield was penalized 5 yards for offside play. North Bend lost the ball on downs on her 40 yard line. Marshfield worked it down 10 yards and fumbled on the 30 yard line.

North Bend worked the ball out to the 40 yard line and lost on downs, Bert Dimmick punted out of bounds, and on the 30 yard line.

Marshfield was again penalized 5 yards, and the ball was on the North Bend 30 yard line, in possession of North Bend. The first scrimmage disabled Arnold, manager of the North Bend team who had the ligaments of his shoulder torn, and he retired in favor of Owens.

Wernich went through the Marshfield line for 14 yards; North Bend attempted a forward pass, and was penalized 15 yards for failure. The ball was now on North Bend's 25 yard line. North Bend punted 10 yards and the ball was returned to the 25 yard line. Marshfield lost the ball at the 20 yard line on downs.

North Bend punts to 40 yard line and the ball is brought in 5 yards; a forward pass nets Marshfield 15 yards. Two line bucks gained 15 yards for Marshfield and the ball was on the North Bend 5 yard line. On the last down Dimmick had the ball squarely on the line, and the officials gave touchdown. The ball was punted out to Schooley for position and Dimmick missed goal. Score, Marshfield 7, North Bend 0.

Butler, on the kickoff, sent the ball to the North Bend 3 yard line; it was brought in 15 yards, and time was called for the first half at this minute.

The Second Half.

Butler kicked to North Bend's 15 yard line, and the ball was returned 10 yards. North Bend fumbled on the 20 yard line. A forward pass was missed, but Marshfield recovered the ball. Liljeqvist made 10 yards; Bert Dimmick plunged through for touchdown squarely between the posts, after five minutes play. Bert Dimmick kicks goal. Score, Marshfield 13, North Bend 0.

North Bend kicks off to 20 yard line; ball brought back 10 yards; here a peculiar incident happened; the ball was given to Weaver on a delayed pass; he got through and made about 25 yards when tackled; the ball flew out of his hands squarely into the arms of a North Bend player, and he ran it back for the gain which Weaver had made.

North Bend fumbled, and Weaver picked up the ball for a 15 yard gain; Marshfield punted 15 yards, but both teams were offside and the ball was brought back. Bert Dimmick punts to North Bend's 45 yard line; Henry Kern makes 10 yards through Marshfield line; mistaken signals lost the ball to Marshfield. Marshfield loses on downs on North Bend's 40 yard line; North Bend loses on downs, and Marshfield loses 5 yards on offside; a delayed pass netted Marshfield 30 yards with the ball in Schooley's possession; both teams piled up in a big puddle of water. Liljeqvist carries the ball 7 yards to North Bend's 1 yard line. Butler goes through for touchdown. Dimmick failed on goal. Score, Marshfield 18, North Bend 0.

Butler kicks off to 10 yard line; North Bend attempts forward pass and loses on her 20 yard line. A forward pass gives Marshfield 15 yards; Marshfield was 5 yards from goal, and fumbles, but Schooley regains ball and shoves through for touchdown. Dimmick kicked goal. Score, Marshfield 24, North Bend 0. Marshfield kicks to 10 yard line and North Bend brings it back to 35 yard; North Bend loses ball on her 30 yard line on downs; Bert Dimmick goes round for 20 yards; Liljeqvist makes 8 yards; Liljeqvist goes through for touchdown. Dimmick falls on goal. Score, Marshfield 29, North Bend 0.

North Bend kicks off to 40 yard line; Marshfield fumbles on forward pass, and time is up.

The game was full of exciting plays and because of insufficient protection, many of the players were scratched and bruised. There was considerable blood shed, but no one except Arnold received any material injury. The crowd enjoyed the game, and on the whole, it was a good entertainment.

Breakwater Arrives.

The Breakwater arrived yesterday from Portland with two hundred tons of freight. She will leave out this morning at six o'clock. Following is the passenger list:

S. G. Hammond, D. Morgan, P. Sater, A. Meehan, F. Cohn, F. McDonald, Mrs. McDonald, M. A. Phillips, J. Hathney, R. Bronson, Mrs. Bronson, J. Woods, A. Kingston, J. Martense, A. Vang, C. C. Forbes, H. Maxwell, F. Coleman, S. Week, J. Thorsen, G. Gottlieb, R. Conway, F. Bent, M. Cunningham, W. Cox, B. Woolich, R. D. Dooley, W. A. Clark, Jno. Petersen, W. Langworthy, S. Collins, T. Rickard, Mrs. Rjekard, G. B. Smith, Mrs. Smith, D. McDougall, W. Sargent, G. Duttie, S. Berg, F. Fallmaine, W. Harris, L. Duffield, O. Gibbertson, K. Cooper, R. Kline, Mrs. Kline, C. J. Hansen, O. A. Thorsen, Mrs. Thorsen, Miss Thorsen, Miss S. Thorsen, D. Thorsen, C. Taylor, F. B. Waite, K. Masterson, Miss Berg.

The Second Street Canal.

There is a dugout canal in Marshfield which was formerly known as Second street. Yesterday a Marshfield woman had occasion to cross the canal, at the intersection on which F. P. Norton and Mr. Woucott live. As she approached the morass, she observed that there was no means of passage except by a narrow, slippery plank. It was a long ways round, but after a short debate she decided to risk the danger. But she made a mistake. Before she had accomplished the crossing, she slipped and fell into the mud and ruined \$50 worth of clothing. That woman, if she had an opportunity, would likely vote for Mc-STRAW.

Will Enlarge.

The Sanitary meat market is complaining of not having room enough for their increasing trade and will proceed to enlarge.

Vote To Name City

At the earnest request of many citizens the Times has decided to extend the time for the final decision on the vote to name the greater city on Coos Bay to and until the 10th day of December, 1907. The matter is one of too great interest to be closed until every man, woman and school child has expressed a preference. Among the interesting communications on the subject today is one from Mr. Wm. Saunders, who sent in a vote some days ago for Coosillahe. Among other things he gives this interesting bit of information: "I see by the paper this morning you have spelled the word 'Coosillahe' wrong; the word Illahe is an Indian word and means 'home,' residence, or where I live, and is pronounced, il-la-he."

The vote to date is as follows:

Empire	183
Coos Bay	71
Coosbay	23
Venice	21
Coos	20
Grand Harbor	8
Imperial	4
Golden Gate	3
Coos City	3
Coosport	3
Coosalone	2
Bayport	2
Marshfield	2
City of Sunrise	2
Coos City	1
Marshbend, Empire, Coos Bay	1
Coosburg	1
Smithville	1
Irishville	1
Coos Bay	1
Coos Harbor	1
Coosillahe	1
Charlston	1

- Ballot -

Put a cross opposite the name you prefer for the consolidated city on Coos Bay. Sign your name and mail to the Times or hand it in at the business office. One blank for other names not given.

Why Coos? Why Empire?

In 1853 a colony consisting of twenty persons came by Indian trail over the mountains to Pacific waters. Prominent in this colony was P. B. Marble, an itinerant (?) Methodist preacher. In his readings of the bible he learned that King Solomon sent to Coos for the precious metals used in building the temple, and Marble dubbed the bay, Coos. These early pioneers impressed with the coming greatness of the new country, called the peninsula "Empire."

C. W. T.

Talk Is Cheap.

The Campaigner comes out with a statement that Straw money is being offered without any takers. Perhaps so, but thus far there has been none shown for stakes. The Smith people have not been informed of there being any Straw money in circulation. Betting talk is sometimes made in campaigns for the purpose of influencing voters. If there is Straw money to bet, let the Campaigner say where it may be found and what the pile amounts to. It will then be time to consider the betting phase of this campaign.

North Bend Beats Coquille.

North Bend high school football team won a close game at Coquille on Thanksgiving, the score being 5 to 0. There was a good crowd out to witness the contest and the boys were treated nicely. They have played faithfully this season and feel that this game was a fitting score on which to close the season. It is barely possible that they will have a return game with Coquille at North Bend but this was not decided upon.

Card of Thanks.

We desire to have the kind friends and the Swedish Lutheran choir in particular, who assisted us in our recent bereavement know that their services were greatly appreciated and that we shall ever hold those kindnesses in our memory.

MRS. T. E. ERICKSON and FAMILY.

-Satty razors at Milner's.

ALLIANCE BELIEVED IN USUAL CONDITION

Reports were current on the streets of Marshfield yesterday that the Alliance had been disabled while crossing the bar on Thanksgiving day, and that she was in distress. L. W. Shaw received word yesterday from the Life Saving station that the vessel had some trouble while going out, but that she made the bar and stood out well into the ocean, disappearing in good shape towards the northward, and apparently in usual condition. Mr. Shaw says there is no need for any worry since Captain Olson is known as one of the best skippers on the Pacific and would not leave port if there was the least doubt of his ability to make his voyage. She carried the following passengers: M. L. Asher, A. H. Myers, Mrs. Myers and child, Mrs. Moses, B. F. Pyott and wife, Herbert Pyott, E. Lewis, Charles Rednall, F. D. Layton, John Witt, and seven others.

Fire Was Soon Extinguished.

A fire alarm was turned in last evening shortly before eight o'clock. The ceiling in the home of John Nasburg took fire from a tile flue and was burning freely when discovered. The fire department responded promptly, but a few pails of water had extinguished the flames before it could reach the scene.

Thanksgiving Games.

At Portland.—University of Oregon 10, Multnomah 5.
At Seattle.—Washington 0, Idaho 0.
At Los Angeles.—Oregon Agricultural College 10, St. Vincent 0.
At Philadelphia.—Penna 12, Cornellius 4.
At Spokane.—Seattle Athletic 10, Spokane Athletic 0.
At Tacoma.—Spokane High 17, Tacoma High 4.
At Baker City.—Baker High 5, Portland High 0.

What do you think of crushed rock for street improvement? We understand the city engineer condemned it some time ago.

COUNTY CHAMPIONSHIP TO MARSHFIELD HIGH

MARSHFIELD	29
North Bend	0
MARSHFIELD HIGH	18
BANDON HIGH	0

By Winning Over Bandon, Marshfield Clinches Supremacy for Season of 1907.

The Marshfield high school had an easy game at Bandon on Thanksgiving and won by a score of 18 to 0. The Bandon team was some lighter than the Marshfield boys and had less experience. The scores represented three touchdowns, one goal and a safety. Two of the touchdowns went to the credit of Wieder on end runs and the other to Briggs by line bucks. Rasmussen kicked one goal out of three. The team played a consistent game throughout and all the players acquitted themselves creditably.

By winning this game, the Marshfield High can successfully claim the high school championship of the county, for they have met and defeated two high school teams out of three, and the other one was beaten on Thanksgiving by North Bend, whom Marshfield had worsted three times. The members of the eleven and their supporters feel much gratified at the success of the team this season and since the boys have gone through the season without defeat, they have a very satisfactory record. The Bandon game practically closed the season, though there is some talk of Bandon's playing a return game on Christmas. The trip to Bandon is an expensive affair and the crowds that come out to see high school football are not what they should be anywhere in the county. For this reason, the funds of the team are about used up, and the boys will necessarily have to be insured of a good crowd if they bring Bandon over for a Christmas game. The team will be photographed this week and it is the intention of a representative of one of the Portland papers to forward a write-up about the eleven, to his paper.

Marshfield's record for the season is 62 points, to their adversaries' 4. They have defeated North Bend three times, the Independent team of Marshfield once, and Bandon once.

No Dramatics Tonight.

At the conclusion of the performance of the Clay Baker last evening at the Masonic opera house, Mr. Mong came before the curtain and announced that there would be no performance this evening. He gave as reasons, the belief in his own mind that the performance of last night had not been pleasing to the audience and that the company had been working very hard and were accordingly fatigued, and that through courtesy to the Redmen who were giving a masque ball he thought it best to postpone the next performance to Monday night. But Mr. Mong was mistaken as to the audience's estimate of the Clay Baker, as all that were seen after the close were enthusiastic in its praise. However, it is beyond dispute the company will play to larger houses than ever when they open up next Monday.

Mining Suspended.

It was fortunate last evening that the Nasburg fire was put out so quickly, for there is no telling when the fire company might have arrived on the scene, since it would have been obliged to draw the apparatus through a foot of clay to reach the house. The clay is one of the deposits found lately by the Mc-STRAW administration, but it was started too late in the season for finding bottom.

Which would you prefer, a Mc-Lain-Straw administration or a Straw-McLain administration? To settle the question to your own satisfaction, see some of the cheap lumber put into the various plank streets lately built. After that you would likely prefer neither.

A New Delicatessen.

"Mother's Delicatessen" is the suggestive name given to the new place just now being fitted up in the building formerly occupied by the Savage plumbing shop, across the street from the Times office. Messrs. Wilkins and Faust are the proprietors. They are from Portland. It is their intention to have everything in the delicatessen line of their own make.

WIRELESS IS NOT SECRET

Messages Are Easily Interrupted—Boys Make Tower and Get Navy's Message

INSPECTOR INTERVIEWED

Tells of Service Along Pacific Coast—Stations Are 250 Miles Apart.

Lieutenant T. D. Parker, U. S. N., passed through Marshfield on Thursday enroute to Cape Blanco, where he goes for the purpose of inspecting the Cape Blanco wireless station, recently turned over to the government as one of the chain of wireless stations connecting the coast of Alaska with that of southern California by wireless telegraphy.

Lieut. Parker has lately been assigned to the duty of inspecting the wireless stations on the Pacific coast, in the place of Capt. Gearing, who has been assigned to duty in the Philippines. The Lieutenant came here from inspecting the station at North Head, and arrived on the Alliance last Wednesday forenoon. He had a very pleasant trip down the coast and speaks highly of his entertainment at the hands of the Alliance officers.

In telling a reporter about the workings of the wireless stations on the Pacific coast, Lieut. Parker enumerated the stations that are now in operation. These form a continuous chain from Sitka, Alaska, to Pt. Loma, the southern station in California, which is located near San Diego. They come in succession as follows: Sitka, North Head, Cape Blanco, Table Bluff, Farralome Islands, Mare Island, Pt. Arguelo, Pt. Loma, making in all eight stations. These stations are all for the service of the navy department, and are primarily for use in war. They are employed, however, in times of peace, for the convenience of the navy in transmitting orders, for ordinary commercial business and are used to speak such ships which ply the coast as are equipped with wireless apparatus. The only ships plying northward from San Francisco which have wireless equipment are the Governor and President, of the Pacific Coast Steamship company. Excepting the great distance between the North Head and the Sitka stations, the stations along the coast are approximately but 250 miles apart. It was believed when the stations were first planned that such a distance was as great as could be undertaken with the hope of having the best of service, but the Lieut. says that such a belief has been proven incorrect, as messages are often transmitted from North Head to Pt. Loma without the necessity of relaying.

The station at the Farralome Islands, says the Lieut., is used as a sort of central point for transmitting messages from the northward and southward. Being about centrally located between North Head and Pt. Loma, this station is of added value to the service. The distance from North Head to Pt. Loma is about 1000 miles. A great deal of business done by the stations passes through the Mare Island station, it being the navy headquarters. Every station from North Head southward is connected with the outside world, either by telegraph or telephone service, and this makes it possible for them to accept and transmit commercial business. Commercial business is accepted only with the understanding that it must await transmission until government business is taken care of.

Lieut. Parker was asked how far the stations could transmit messages. He cited an instance of one message being sent a distance of 1400 miles, and said Pt. Loma had taken up a message from a ship 600 miles off the Florida coast, which would be a distance of nearly 3600 miles. The stations mentioned in this article are all under the supervision of the navy department. The army has a number of stations on the Pacific coast, but they are mostly

(Continued on page 4.)
