

Now All-Together Everybody

FOR

A Brighter, Busier Coos Bay

Light Up and Get Busy!

It is the brilliantly illuminated—Electric Lighted—store that does the business.

The shoppers are coming by railroad and ferry, by launches and carriages, thronging the shopping district—making purchases for the holiday season. Crowds of them pass your store.

It's Up to You to Get Them Inside!

They will all have money to spend, if not in your store perhaps next door.

It's up to you, Mr. Merchant, to get your share of it!

As a matter of advertisement your store should be brilliantly lighted by Electricity—The bright store attracts the most shoppers—Sells the most goods.

Light is the life and Electric Light is the life of trade.

So all together—everybody—for brighter streets—brighter stores—brighter windows—brighter homes—for BRIGHTER COOS BAY.

Tattle of the Town

Little grains of fact sifted from the chaff of gossip flying up and down the town.

C. C. Eveland is here from Bandon.

Mrs. Mae Yates, from the Coquille, is a Marshfield visitor.

Geo. E. Cook, of Empire, was a business visitor in Marshfield Monday.

J. T. Bridges, the Myrtle Point merchant, is spending a few days in Marshfield.

Miss Jenny Eickworth has returned to the "Cash Store" where she will act as assistant saleslady through the holidays.

Francis H. Clarke is moving his household effects from the Rogers building to his new home just completed in the northern section of Marshfield, which stands on a fine eminence overlooking the bay.

Mr. D. D. Dorells and family, of Seattle, arrived on Coos Bay, during the latter part of last week, and have decided to make their home either in Marshfield or North Bend. Mr. Dorells intends building a home and entering into some business enterprise.

Mr. Harry Grosse, of Sisson, Cal., is on Coos Bay and at present is located in this city. Mr. Grosse is interested in lumber enterprises and intends investigating the timber resources surrounding the Bay. He will also enter Curry county where he will remain for a few weeks attending to business interests there. Thence going south to Eureka and San Francisco.

Dr. McCormac was seen yesterday and asked whether the logs had started down the Coquille river. He said that a few had come down, perhaps 1500. This is the time of year when the logs are started from the camps on the Coquille and its branches, but the rains have not been heavy enough so far to make much of an impression on the large cut which will later be speeding down to the booms.

"Weary" Chandler, captain of last year's champion football team, and one of the best ends on the Pacific coast, arrived in town Wednesday night from Marshfield, where he has been superintending a mine. "Weary" is a loyal alumnus, and comes to help Coaches Frost and Chase prepare the "Varsity" team for their annual struggle with the Multnomah eleven. He appeared on the field last evening in a suit and made the rooters glad with his familiar figure. His coaching will prove invaluable to the Oregon team at this time. Coach Chase returned today from Seattle, where he was an official in the U. W.—Eugene Register.

"FLYER" ENGINEER WEDS

Thomas Lawhorne Joins Ranks of the Benedicts.

People who patronize "The Flyer" in their journeys between Marshfield and North Bend have been conscious of a general air of felicity about that boat. The reason has been disclosed in the following belated wedding announcement which has just reached the Times: MARRIED at Coquille on Wednesday November 27, 1907, by Justice of the Peace E. G. Holden, Mr. Thomas Lawhorne and Miss Lella Cox both of this city. The bride is a Marshfield lady and many wish their voyage on the matrimonial sea may be as pleasant as a "Flyer" trip.
