IMPORTANT NOTICE

TO TIMES READERS
The regular carrier boys of The
Times are not permitted to sell pa-
pers to patrons. The reason for this
is that the carriers are given only
a sufficient number of papers to sup-
ply regular subscribers and when pa-
pers are sold it impairs the service
as regular subscribers are likely to
be missed. There is no desire to be
arbitrary, but it is absolutely neces-
sary to have a fixed system in a
daily newspaper office and this is
one of the features that must be ob-
served.

Three papers a week purchased of
boys would pay for practically the
entire subscription and give readers
a paper every day. Now is the time
to subscribe.

LETTER FROM COOS BOOSTER

W. O. Ash Writes From Hood
River, Oregon, That He Is
Coming to Locate Here.

The following enthusiastic letter
has been received from a man who
believes in Coos Bay and is willing to
back his judgment with cash. It is
interesting to know that after visiting
nearly every city on the Pacific coast
he has decided that Coos Bay is the
best of all. His letter is well worth
reading. Here it is:

Hood River, Oregon,
February 1, 1908.

Editor Times:—

I have been for over seven months
traveling down the coast and
through California. I bought be-
tween \$4,000 and \$5,000 worth of
property in Coos Bay last spring
which I still have and I expect to
come to Coos Bay in the spring to
make my home. I have been study-
ing Coos Bay for a long time and I
have been convinced of one thing for
a long time which is this:—That the
rivalry between the towns should not
exist and that they should all unite
in one town. Call it Coos Bay and
and then for all the papers and ad-
vertising matter to BOOST COOS
BAY and not Marshfield or North
Bend or Empire. When you talk of
enterprises, sawmills or manufactur-
ing being located say they are lo-
cating on Coos Bay and that will tell
it all. What you want is to put Coos
Bay forward and not mix it up with
the different towns. Get the people
to come to Coos Bay and then when
they come don't be afraid for they
will look Coos Bay all over and buy
where they wish, no matter where,
for I am positive in my own mind
that Marshfield, North Bend and
Empire will be connected in the next
ten years. I expect to put my money
in Coos Bay. I have talked and boost-
ed for Coos Bay and what will bene-
fit me will benefit every man, woman
and child on Coos Bay. Let us all
put our shoulder to the wheel and
lift for Coos Bay, not any special
town and we will soon have one of
the best towns on the Pacific coast.
Respectfully,
W. O. ASH.

DOES COOS WANT FAIR?

Lane County Has Expended About
\$40,000 and is Working Hard
To Secure It.

Thursday night in the Marshfield
Chamber of Commerce rooms there
will be a special called meeting and
all those who are interested in the
securing of the district fair for Coos
county are urged to be in attendance.
Lane county felt so confident of se-
curing the district fair that it made
expenditures of \$40,000 in prepara-
tion. Now that the fair has gone to
Coos, the commissioners and wealthy
farmers of Lane county, will make
every effort to induce Coos County to
relinquish it. It is thought the ef-
forts of Lane county will be futile
but it is the desire now to see just
how much interest is taken in this
important concession, and what the
people of Coos county are willing to
do. The following dispatch from
Roseburg to the Portland Telegram is
self-explanatory:

"At the annual meeting here yester-
day of the Second Southern Ore-
gon District Agricultural Society,
Coos county, by a vote of 5 to 3, se-
cured the privilege of holding the dis-
trict fair this year. The minority
vote was cast for Lane county, which
had confidently expected to secure
the fair.

"Lane county, however, will make
overtures to get Coos county to re-
linquish its privilege. Its commis-
sioners have obtained an option on
105 acres of land for the fair site
near Eugene and have made numer-
ous other preparations for a fair, in-
volving in all an expenditure of
about \$40,000. Under such circum-
stances they do not like to let the
fair go to Coos county."

Art Club Meets.—The Ladies Art
club met Friday at the home of Mrs.
Lang. A delightful afternoon was
spent the hostess serving the guests
to delicious refreshments. The club
will meet Friday at the home of Mrs.
W. G. Rohrer.

New Connection—North Bend and
the Sison mill at the old town are
being connected by a new board
walk. The old walk had outlived
its usefulness and in inclement
weather waterproof shoes and a
staunch heart were required to walk
it.

Valentine Ball—Preparations are
under way for the Valentine ball to
be given Friday night of this week
by the members of the Bridge Whist
Club. A number of invitations have
been issued. The affair promises to
be one of the functions of the sea-
son.

Rock Crusher Idle—The Masters &
McLain rock crusher has been idle
for a short time awaiting the arrival
of a scow of rock from the quarry.
As soon as received the material will
be sent over to the Williams building
upon which this class of work is
about completed.

Progress Club Has Reporter.—The
Beautiful America club is the second
and not the first club to appoint a
press reporter as was stated in these
columns Saturday night. The pro-
gress club on its organization, about
five years ago, appointed a reporter
and the office has devolved on the
different members of the organiza-
tion, by appointment, from time to
time.

Marshal Carter in New Role—
Marshal Carter again demonstrated
his versatility as a minion of the
law, when yesterday afternoon he
rescued two horses from the loving
but tenacious embrace of Mother
Earth at the intersection of Myrtle
and Second streets. Where Myrtle
street abuts the Second street
grade there is a sheer fall of several
feet. The recent rains have rendered
the clay embankment very soft, and
yesterday afternoon when two horses
strayed from the Second street high-
way at Myrtle street's intersection,
their weight served to send them
down through the dirt as expeditious-
ly as though it were a snowbank. It
was at the psychological moment—
just as the ear tips of the steeds were
waving farewell to the sunshine—
that Marshal Carter jumped in the
breach, and, with the assistance of
ropes and muscle pulled them back
to solid terra firma.

your perplexities.
