THREATENING OF NIAGARA FALLS WOULD BE COSTLY.

To realize the economic benefits of the Niagara Falls, the United States government must take action to prevent the collapse of the falls. This is the view of the Niagara Falls Committee, which is also pleased to announce that the Falls committee has been established and is ready to proceed with the necessary work.

The committee is composed of representatives of the United States, Canada, and the province of Ontario, and is under the chairmanship of Mr. J. G. Coleman, who is a member of the New York State Senate. The committee has been working for several years on the problem of the Niagara Falls, and has gathered a large amount of information and data on the subject.
