CITY ATTORNEY E. L. C. FARRIN will return on the next trip of the steamer Alliance from Portland. There are several matters of interest to the city which the council is waiting to take up on Mr. Farrin's return.

Casco Puts to Sea.—The Casco has finished loading at the railroad dock in Marshfield and will go to sea Thursday. The boat is taking a cargo of lumber to San Pedro.

Improve Store Windows—Magnes & Matson have added considerably to the beauty of the front of their store and Front street by the improvements which they have had made to their display windows.

Breakwater Due.—The steamer Breakwater is due to arrive on Coos Bay tomorrow morning from Portland. The steamer is billed to leave Saturday on its return trip.

Minstrel Show.—The fire department of North Bend is planning to give in the future a minstrel show in Eckhoff hall. The proceeds will go towards the fitting up of the new gymnasium. Two young men from San Francisco are drilling the amateur minstrels.

Mothers' Club Meets.—The regular meeting of the Mother's Club will be held Friday, Feb. 28, at 3 o'clock at the home of Mrs. David B. Jones. Members are requested to prepare some article of interest to be read at this meeting.

Minot vs. Watkins Friday.—The case of Tom Minot vs. George Watkins, on a charge of assault and battery, will probably be aired in the court Friday. Attorney Minot is at present engaged in taking evidence in the Ferry-Lockhart case and pending its completion his case has been postponed.

Building Mission.—W. I. McNutt and wife are erecting an Apostolic Faith Mission building in Eastside that is 74x30 and two stories high. A portion of the building is being fitted with living and sleeping rooms and the remainder will be given over to religious purposes.

An Experienced Jeweler.—W. M. Tower, of Portland, a brother of H. S. Tower, who has charge of the latter's jewelry store during his illness, is a watchmaker and jeweler of many years' experience. All work will receive the same careful attention given it by the proprietor when he is present.

Gentlemen Guests—Next Saturday evening the Evergreen Whist Club will be entertained at the home of Mrs. F. P. Norton. On this occasion the ladies will depart from the cardinal canton of their organization by having gentlemen present. Saturday night gentlemen will be the guests of honor. The affair is in celebration of the last Saturday before Lent.

Lenten Season.—Socially Coos Bay will be rather quiet for the next few weeks. The Lenten season will be ushered in on next Wednesday, March 4, and the usual round of balls, parties and other social recreations will be materially diminished. Several functions are being planned between now and Ash Wednesday, one or two of which, it is said, are to be decidedly unique and original.

Purchased Entire Interest.—The announcement of the purchase of the Garfield hotel by J. H. Bridges was in a measure inaccurate. Mr. Bridges has purchased the hotel property outright, and not a half interest. The complication arose from the fact that the property heretofore embraced in the general term of the Garfield hotel property consisted of four lots. Mr. Bridges purchased the two lots and the Garfield building outright, Mr. Sengstacken merely retaining the remaining two lots.

Birthday Party.—One of the pleasantest birthday parties of the season took place at the home of Alva Granby on Tuesday evening, when about thirty of his young friends assembled to take part in the celebration of the sixteenth anniversary of his birth. The evening was most enjoyably spent in various games, and a number of presents will serve as

permanent mementoes of the occasion. A nice luncheon was served, and when the time came for "good-nights" the wishes of many happy returns were numerous and sincere.

Coos Building—Work on the Coos building, at the corner of Broadway and A streets, is rapidly nearing completion. It is now believed it will be ready for occupancy in course of forty days.

Superintendency Eastside—Mrs. Kelly, recently of the Marshfield public school, has been tendered the superintendency of the Eastside school. The directors have been urging the position on her for some time but Thursday morning she gave notification of her refusal. The lack of adequate transportation between Marshfield and Eastside, which would seriously inconvenience her coming and going at morning and night, were Mrs. Kelly's reasons for refusing the position.

THE C. C. MEETING ON FRIDAY NIGHT

Library Committee Will Have Charge—Ladies Are Especially Asked to Be Present.

The library committee will have charge of the Chamber of Commerce meeting Friday evening, and they are desirous that all persons who are interested in this addition to the intellectual progress of Marshfield be present. Ladies and gentlemen are invited, and the ladies are especially requested to be present and aid in the development of the library spirit. It is expected that the mayor and the members of the city government will attend and express their views on the question of establishing a library in Marshfield. Other speakers have consented to address the meeting, among whom are Ira S. Smith, who will give a history of the library committee's work and plans, E. D. McArthur, Dr. McCormac, Francis H. Clarke, George Farrin and others. The library committee believes that the time has arrived for the citizens of Marshfield to have the true progress of the city at heart, to push the library project to a success.

GOOD ADVICE FOR GARDENER.

Observant Editor of Coquille Sentinel Utters Words of Wisdom.

Anyone traveling on the Coquille river during the summer months will see large fields of cabbage growing and if they will make the same trip in the winter they will see a large number of these same cabbages in the ground partly rotten, while the merchants of this county are compelled in winter to ship their cabbage either from San Francisco or Portland. If the ranchers of this county would take care of their crop they would have these hundreds of dollars that are being sent outside, while the consumers are compelled to pay three cents a pound for cabbage. There is always a good demand for cabbage in any country, and here where they can be easily raised it seems a shame that hundreds of heads are allowed to rot on the ground and the good money of our merchants is sent outside. It is the same with Hubbard squash. We understand that it is impossible to procure any in the county at the present time. It seems queer to those who come from sections of the country where the land is not near as productive and have more to contend with in regard to the weather, to see a country where vegetables will grow in abundance but the merchants are compelled to ship in the common vegetables from outside markets when Coos county should be supplying such vegetables to the city markets.—Coquille Sentinel.

GOOD TIMES AGAIN.

Epitomized from recent press dispatches: Five thousand men back to work in South Chicago rolling mills, same number resumed operations at the National Tube Works, Loraine, O., 1000 operatives of the Gorham Manufacturing Company, Providence, R. I., who have been on short time since Thanksgiving day; tube plant at Zanesville, O., employing 700 men, resumed work; big cotton mill at Biddeford, Maine, resumed full time recently with 4000 operatives. The industries of the land are fast returning to normal conditions.—Oregonian.
