

PROMINENT MEN LOOK INTO COAL

General Superintendent of the
Copper Queen Mine Visits
Coos Bay.

Among the recent visitors to Coos Bay, drawn here by the reports of the great natural resources of this section, were two men of more than passing importance in the commercial world of the United States. They were F. N. Cameron, general superintendent of the great copper mines of the Copper Queen corporation in Arizona, and T. C. Hill, general manager of the mercantile interests of the same concern. The Copper Queen is one of the subsidiary corporations of the great Phelps-Dodge company, which has very extensive railway and mining interests in the Southwest, being owners of the El Paso and Southeastern Railway, as well as a great many extensive mines. The particular feature which attracted these gentlemen to Coos Bay was the coal deposits. They made a brief inspection and investigating trip to a few of the undeveloped coal fields, and while not expressing themselves definitely as to the results of their investigation, they manifested an interest in the matter which may develop later. They remained only between boats and did not disclose their official identity except to one or two persons, and expressed a desire that their presence be given no publicity.

MAIL SERVICE IS GETTING LAX AGAIN

For Past Three Days Sacks Have Been Coming in Between 5 and 6 O'clock at Evening.

Due at 10 a. m. Arrived 6 p. m.
Due at 10 a. m. Arrived 6 p. m.
Due at 10 a. m. Arrived 6 p. m.
Rather poor mail service, isn't it? Poor or rotten, which? For the last three days the mail has been coming in hours later than at any time during stormy weather. And the strange part of it is that during the past three days almost ideal weather has prevailed. The fault and blame are placed on the carriers between Sumner and Roseburg. These men, it is said, are again resorting to the perniciously lazy methods in vogue before Superintendent Valle's reproof, of splitting the mail and leaving the sacks at Dora, a station about eighteen miles from Sumner; in this way the carriers get a day off at the cost of the much abused public of the Coos Bay country. It is not pleasant to realize, on days when one gets about three pieces of second class mail, that the shortage occurs because some mail carrier has felt indisposed to trouble himself with too much of a burden.

—Tomorrow is fish day at Smith's Cafe. See the window display.

Advance Showing of Women's New Spring Suits

Handsome Styles, Exquisite Shades.

Well Tailored and Popular Priced from \$16.50 to \$55.00.

In no previous season have the styles shown in our Suit Salon been commented upon so much as the ones we are now showing for spring and summer.

The new Butterfly styles, the Pajillion designs and the Etonnettes lead, in the strictly fashionable creations. The colors most favorably thought of are Copenhagen, leather, navy and black, closely followed with browns, wines and old rose.

A feature particularly noticeable in our spring garments is the excellent tailoring. Our women's suits are made by one of New York's most exclusive women's tailoring houses. Every garment is rigidly designed to conform with the very newest creations of fashion.

A feature we closely adhere to, is that not more than one garment of a certain design and color is allowed to enter our suit department. This means much to you in buying your spring suit of us, for it assures you that no other woman in the vicinity will have a suit exactly like yours, thereby retaining an individuality every woman glories in.

Saturday of this week offers some special advantages in selecting your spring and summer suit, and incidentally you will substantially help the Beautiful America Club in their undertakings.

As by magic, the Beautiful America Club has come into public notice. The results of their efforts have already been seen, and, it is a foregone conclusion that before they cease their labors, North Bend will have been transformed into a beautiful city of roses and shrubbery.

Every citizen should be in hearty accord with the work of this club, and we believe they are. The enthusiasm with which these ladies are entering upon their tasks, cannot fail to imbue in the hearts of all a civic pride.

To carry on a cleaning-up campaign, such as has been planned, it will require large sums of money. No good and effective work can be done without money, and the more money, the more effective and thorough the campaign.

That we may contribute to the financial support of this good work, the Myers Store has set aside Saturday, February 29th. On this day five per cent of all sales will be given to the Beautiful America Club. The club will have its various committees here to meet you and assist in the selection of merchandise, as well as entertain you and serve dainty luncheon.

Many reductions have been indulged in specially for the day, to make buying interesting. There will also be a grand showing of our new spring merchandise.

Come, everyone, and assist in beautifying our little city.

Men's Spring Hats

Our spring styles and shades of men's hats are here, and the most nobby and comprehensive line, we believe, that was ever shown in this vicinity. Among the popular shapes shown this season will be the Harrow, the Helof, the Onatus, the Goodwin and the Pan Tourist. The colors are, principally black, with brown, ivory grey, deep olive and tan well thought of. Prices, \$2.50 to \$3.50.

There is also here a portion of our spring shipment of stiff hats. A large number of distinct blocks are shown, and practically everyone can be suited. Prices are \$3.50 to \$5.00.

Panama Hats

It may be somewhat early to call attention to Panama hats. However, we would remind you that our spring shipment is here, and every shape is excellent. We guarantee every one of our Panamas to be made of genuine Panama. You get no substitute when buying of us. The price is \$6.00

Men's Dress Trousers

Saturday will be a good day to buy dress trousers. Our complete spring shipment will be on display by that time, and among the assortment are some of the best values we ever got hold of. If you want a good pair of trousers, let us figure with you. We have a line that is extremely popular, and very reasonably priced from \$3.00 to \$6.50

Men's Underwear

We believe it is an undisputed fact that we sell more men's underwear than all the other shops on Coos Bay combined. The vast amount of men's underwear that moves out of this store in a season is incomprehensible to the majority of persons. But there is a reason why our trade is so large in this line, and it is principally because of the excellent values to be found here at all times, and the large assortments to select from. No matter what you require, we usually have it, and, if not, we will not be slow in getting it for you. A large portion of our spring underwear for men is now here.
