Redondo Sails Today.—The Redondo sails from North Bend for San Francisco today.

Measles.—One of Rev. D. W. Thurston's little children is laid up with an attack of the measles.

New School.—North Slough joins the improvement procession and will erect a new school this summer.

Launches Change.—The launch Queen will make regular trips from Empire to Marshfield on the Reta's time.

Plant Sails.—A telegram from San Francisco says the M. F. Plant sailed from that port yesterday afternoon, and is due to arrive on Coos Bay tomorrow morning.

Messenger Leased.—The Marshfield creamery has leased the Launch Messenger, which has been placed on the route between Marshfield and Haynes Inlet, calling at Larsen Inlet, carrying milk and passengers. Ernest Sanford is master of the boat.—News

Ladies' Art Club.—The Ladies Art Club will meet on Friday next with Mrs. E. W. Bennett. Last Friday Mrs. H. M. Tuttle entertained the club at her home. The afternoon was spent in an industrious manner, after which refreshments were served by the hostess.

Epworth League.—The Epworth League of the Methodist Episcopal church will hold their monthly business meeting in the church Wednesday evening at 8 p. m., sharp. All members are earnestly requested to be present, important business to transact.

A Pleasant Party.—Messrs Ray Golden, Frank Dillon and Roy Lawhorn were pleasantly entertained last evening by E. S. Carleton at his home on Washington avenue. Billiards and music were enjoyed to a great extent, while the evening passed altogether too quickly.

New Smith Mill Whistle.—The C. A. Smith management have combined the whistles of the old and new mills in a way that makes a combination that is a rival of Mayor Straw's famous siren fire whistle, but much more musical.

Women of Woodcraft.—Coos Bay Circle, Women of Woodcraft, met last evening in the I. O. O. F. hall. After lodge affairs had been conducted a social time was enjoyed by all the members. Refreshments were served, while peace and contentment reigned.

Called by Daughter's Illness.—Miss Edith Gulovsen, who has been quite seriously ill for the past two months in Portland, has taken a critical turn and her father, Gus Gulovsen, of South Marshfield, was called there and left on Saturday's Breakwater.

Endeavor Entertainment.—The Presbyterian Christian Endeavor met at the home of Mr. and Mrs. Ferris in North Bend on Monday evening and enjoyed a very pleasant social time. The evening was spent in games and other social amusements, and delicious refreshments were served.

A Pioneer Sick.—Grandma Kronholm, one of the oldest pioneer women on Coos Bay, is lying critically ill at her home in Ferndale, and there is but little hope of her recovery. This will be sad news to the many friends of this pioneer lady, all of whom will join in wishes for her recovery and good health.

A Skating Party.—A party of young folks had the skating rink last evening from 9:30 to 11. They were chaperoned by Mrs. Robert Marsden, Jr., Mrs. Frank Denning and Mrs. Lon Noah. There was a general good time, and all voted the occasion a very enjoyable affair. Those present were: Jack Davis, Raymond Coster, Jim Faulkner, George Davenport, Albert Knight, Will Haley, John Longstaff, Bert and Perry McCulloch, Frank Denning, Robert Marsden, Jr., Russ Nasburg, Otho Hopson, B. J. Garratt, and Misses Spence Wilson, Anna Smith, Selma Holm and Blanche Campbell.

Come Again Bandon.—Gus Bennett, Editor of the News, who is a walking encyclopedia of marine intelligence concerning Coos Bay thus answers the Bandon Recorder's boast of a fast round trip to San Francisco.

"The Bandon Recorder, speaking of the steamer Elizabeth having made the round trip between Bandon and San Francisco in six days, asks if any steamer running to Coos Bay has ever beaten this. Yes; several steamers have several times beaten that record badly. The Arago frequently made the trip in five days, and on one occasion made it in a little over four days, including the time spent in discharging 900 tons of coal in the city. Capt. Holt was master of the Arago that trip. The Farallone often made it in five days; so did the Kilburn, and called in at Eureka both ways. Even the old Arcata, which wasn't supposed to have enough speed to keep her log line straightened out half the time, made the round trip on two or three occasions in five days."

COQUILLE PUTS ON COPPER RIVETED LID

Council Passes Rigid Regulations for Saloons and Provides Penalty for Officers if Not Enforced.

The ordinance which Mayor Stanley was authorized to draw closing the saloons at 12 o'clock and on Sunday was read and passed unanimously. The new ordinance provides that they shall not sell to minors or to habitual drunkards; that no liquor shall be sold after the hour of midnight, and they shall remain closed from midnight Saturday to 5 a. m. Monday, and all holidays, elections and special elections. The ordinance provides a penalty of not less than \$20 nor more than \$50, or imprisonment in the city jail for a period of not less than ten days nor more than fifty days, or both such fine and imprisonment at the discretion of the city recorder. The ordinance goes a little farther and compels the city marshal or night watchman to bring action against the offending person or suffer the penalty, which was placed at not less than \$5 nor more than \$10 and the office declared vacant. This makes it incumbent upon the officers to enforce the ordinance strictly, and the mayor and council are determined that this law shall be lived up to. It also provides that all barrooms, coming under the provision of this ordinance, shall during the time for keeping closed remove all screens, frostings and curtains, or any and all other obstructions from the windows in the front thereof, so as to allow a plain view of the interior of such buildings from the sidewalk or streets in front thereof. The ordinance in regard to selling cigars and tobacco to minors was read and passed.—Coquille Sentinel.
