Polly Ticks, the quaint old girl, Has the men in sweaty swair! First she favors No. 1, Then she has it on the run; Then she thinks that Heney's right; Then sics Fulton on to fight. ## HUGH M'LAIN FOR SENATOR

Well Known Marshfield Man Announces Candidacy on Democratic Ticket.

Hugh McLain, the well known Marshfield contractor, is out for the nomination for state senator from Coos and Curry counties on the Democratic ticket. Mr. McLain is a successful business man, possesses a wide acquaintance and popularity. His friends are warm in their endorsement of his qualifications for the position. The only thing The Times knows that is in conflict with his ambition is his politics. This, however, will only add to the zest of the contest to have a good man to head the opposition.

Gage, Democrat, sheriff; Cal. W. Wright, Democrat, sheriff; John B. Dulle, Republican, treasurer; John E. Perrott, Republican, sheriff; Robert Goetz, Republican, school superintendent.—Coquille Herald.

John E. Perrott of Coquille has filed his petition declaring his intention of running for sheriff on the republican ticket. Mr. Perrott has lived in Coquille for several years and is favorably known by a large number of people in Coos county, numbering his friends by the score, who wish him the best of success in his campaign. The petition of Geo. M. Brown for prosecuting attorney is being circulated in this city. Geo. S. Davis, of Arago, has declared his intention of being a candidate on the republican ticket for the office of county commissioner. Mr. Davis is well and favorably known by the people of the Coquille valley.—Sentinel.

A. M. Snyder, of Myrtle Point, has been asked by prominent men of the republican party to be a candidate for sheriff before the nominating convention. Mr. Snyder is well and favorably known all over the county and will make a good run if nominated, and if elected at the June election, would be an efficient and conscientious officer.—Coquille Herald.

Politics are warming up to some extent and it begins to appear that there will be considerable life in the canvass, both for county and state officers before election day. The people are interested in promoting good reliable men and agreeable measures, and it is up to the republicans to provide men that are the right quality if they are to maintain their power. Oregon is a republican state and can be kept so if the voters of that party will attend strictly to business and see that the best men available are named for office at the primaries.—Myrtle Point Enterprise.

Ed. Reckleff, of Langlois, is said to be out for re-election as Joint Representative.

Cal. W. Wright, aspirant for the Democratic nomination for sheriff was over from Marshfield Friday to get acquainted with the voters of this locality. Cal is a first class fellow and seeks the office in earnest.

E. W. Jensen, of Port Orford, announces his candidacy for the republican nomination for joint representative from this district today. Mr. Jensen is a gentleman of ability and experience, has a large circle of friends and we believe would well represent Coos and Curry counties at the Oregon capital, if chosen.—Bandon Recorder.

Attorney W. W. Cardwell, better known to his wide circle of friends as "Bill" Cardwell, is a candidate for the office of prosecuting attorney of the Third Prosecuting Attorney District, which includes Douglas, Coos and Curry counties. Mr. Cardwell has the distinction of being one of the best criminal lawyers in this section, and being well and favorably known throughout the entire southern part of the state, has many staunch supporters. He has practiced his chosen profession for the past nineteen years, most of which time has been spent in this county, having been

## WAS ANOTHER HARRY ADLER

Denver Suicide Not Traveling Man Known on Coos Bay.

Wires From San Francisco That He Is Very Much Alive, and Sends Regards to Friends.

The legion of friends of Harry Adler were gratified beyond measure last evening to learn that a telegram had been received from him setting at rest the painful suspense which connected him with the Denver tragedy, in which a man of similar name and occupation, and about the same age, was identified. Mr. Adler's friends were all loath to believe the news from Denver, and were it not for the fact that the man of the same name, age and similar occupation was mentioned, it would not have been thought of. Among the telegrams sent from Marshfield was one by Charles Howard, president of the Marshfield aerie of Eagles, of which Adler was a member. Last evening about 5 o'clock Mr. Howard received a telegram, of which the following is a copy:

San Francisco, Cal.,  
March 12, 1908.  
C. A. Howard, Marshfield, Oregon:  
"Am very much alive. Regards to all the birds."

"H. F. ADLER."  
The news spread rapidly and was received everywhere with great rejoicing. Those who knew Harry Adler best could not credit the terrible Denver story, but the confirmation of their hopes was very welcome.

## NORTH BEND DRY ON SUNDAY

City Council Passes Sabbath Closing Ordinance at Last Session.

THE DANCE HALLS MUST GO

Cannot Be Operated Inside the City Limits—Refuse Telephone Franchise.

The North Bend city council at its last session went on record in favor of strict saloon regulation and passed an ordinance providing for Sunday closing, the elimination of the dance halls from the city limits, and refused an additional license.

The action taken is sort of a compromise between the prohibitionists, saloon regulationists and wide-openers. It is understood that the prohibitionists have agreed not to start any local option agitation if night and Sunday closing is adhered to, and the dance halls forced outside of the city limits. A concession to the wide-openers is that the license will be reduced from \$800 to \$500, and this will probably be granted at the next session. Councilmen Mandigo, Van Zile and Coleman voted in favor of the new ordinance and Moss and Faulkenstein against, Hoeck being absent.

The application of Robert Marsden, the Marshfield wholesale liquor dealer, for a permit to open a saloon at the corner of Virginia and Sherman streets was laid on the table for the third time. This is taken to be a refusal.

"Judge" Belote's application for a telephone franchise was also laid on the table again, and Mr. Belote decided to withdraw it. In calling it up again, he informed Mayor Simpson and the council that he either wished it granted or rejected. They refused to do anything aside from laying it on the table, so he withdrew it.

## BABE INSTANTLY KILLED IN HER MOTHER'S ARMS

DATE FOR YOU TO REMEMBER

Election for \$50,000 Bonds for the New School Houses Saturday.

On Saturday of this week the voters of this district will be called upon to pass upon the proposal to vote bonds to the amount of \$50,000 for the purchase of two sites for school houses and for the construction and furnishing thereof. The polls will be open from 1 to 4 p. m., and the privilege is open to every voter in the district. The growth of the city of Marshfield makes this progressive move necessary, and no opposition to it has developed. This fact, however, should not relieve any voter from the duty of going to the polls and casting his ballot. The poll is not only an index to the growing population, but it is a record that will stand as evidence of the spirit of progress and devotion to the cause of education in this community. The arrangement of the official ballot will be:

"BONDS—Yes."  
"BONDS—No."  
See that you vote.  
Vote right.  
Vote "Yes."

## RECEPTION FOR THE NAN SMITH

Big Vessel to Be Given a Rousing Welcome Upon Her Arrival.

A telegram received dated this afternoon from San Francisco by the C. A. Smith Company announces that the Nan Smith had just been sighted coming through the Golden Gate at that port.

The big steam schooner Nan Smith, is now due at San Francisco and a dispatch announcing her arrival is expected at the mill every day. After discharging her cargo of coal and undergoing any repairs that may be necessary, she will sail direct for Coos Bay. Unless some unforeseen mishap occurs the big lumber craft may be expected on the Bay in about ten days. The Nan Smith is the largest vessel that ever put into Coos Bay harbor and the largest of her kind on the Pacific coast. The coming of this vessel marks a new era in the shipping interests of Coos Bay and the people have deemed it fitting to give her a reception. Accordingly, arrangements are under way at the Chamber of Commerce and the plans will be outlined tomorrow night. An effort will be made to get every launch, row boat and every other craft on the Bay to turn out and become a part of the escort being arranged for. The Chamber will offer a premium for the best decorated boat, perhaps a number of premiums. A regular mosquito fleet parade will be organized and manned, the purpose being to give the most spectacular demonstration ever seen on the bay.

Every person who ever owned or operated a boat, or who ever rode on or saw a boat, launch, scull, skiff, sailing vessel or other craft, is invited to be present at the Chamber of Commerce meeting tomorrow night to offer any suggestions he or she may have.

Sad and Unusual Accident That Nearly Results in Double Tragedy.

CHILD AND PARENT INJURED AT SAME TIME

Falling Tree Kills Baby Girl and Fractures Father's Skull.

Little Mabel L. Bronson, the thirteen months old daughter of Mr. and Mrs. Russell Bronson, of Bay Park addition, was struck and instantly killed by a falling tree near the family home yesterday afternoon, under peculiarly distressing circumstances.

The little girl had been playing around the yard, and in some manner fell and bruised her head. Child-like she ran crying to her mother, who sought to soothe and comfort her. The little girl continued weeping and the mother carried her out into the yard, where the father was at work clearing the lot, hoping to distract her attention from the slight hurt which she had received. In a little time the father had the baby crowing and cooing with laughter. While they were talking and amusing the baby, one of the trees which was being burned in the work of clearing the lot swayed and fell directly in the mother's pathway. One of the large limbs protruding from the tree struck the child on the head with such force that the baby skull was crushed like an eggshell, killing the little one almost instantly in the mother's arms.

Another peculiar feature of this unusual accident was that the trunk of the same tree fell outwards with a great snapping, and striking the father on his head, cracked his skull and knocking him unconscious for some time, and inflicting a most painful and serious wound. The mother escaped with a few slight bruises on one wrist and some minor scratches.

Dr. Mings was summoned and dressed the father's wound, which, while serious, may not be necessarily fatal.

The only witness of the accident was Dan S. Orr, who was working with Bronson clearing the patch of ground. He saw the tree starting to fall and called out a warning, but too late to save the unfortunate victims. Mr. Bronson is now lying at the home of Mrs. Orr in a precarious condition. The Bronsons have removed to Coos Bay recently from Idaho and purchased property in Bay Park addition, which was being cleared preparatory to building a home. The mother is almost crazed with grief over the tragedy and double affliction which bears so heavily upon her with its burden of sorrow and anxiety for the life of her husband. The sympathy of the entire community will go out to her in her dark hour of sorrow and despair. It is understood that Mr. Bronson used most of his means in making payment on his property, and this accident will be a serious one for them in a financial way.
