of Men, Women and Children in all Walks of Life are Suffering from  
**KIDNEY TROUBLE**

Kidney troubles probably causes more sickness than any other ailments, and when through neglect it is allowed to continue grow worse from day to day—fatal results often follow. Many have Kidney trouble and don't know it, as it is an ailment that creeps on you slowly in many cases.

The Kidneys are the blood filters of the body. They separate the impurities and waste matter from the blood—send them to the bladder, whence they are expelled from the body. If the Kidneys are weak and can not perform their duties, serious trouble is sure to begin.

It is impossible to have good health if the Kidneys are inflamed and diseased as it would be to have vegetation without sunshine and rain.

When the Kidneys and Bladder are diseased the whole body becomes tired and sick. Something must be done promptly. We are able to offer you a remedy for Kidney and Bladder troubles that we believe to be the best on the market today. It has been proven and stood the test. It not only affords quick relief, but removes the trouble by removing the cause. If your Kidneys are diseased don't delay, but TRY AT ONCE.
