OUR PURE PORK SAUSAGE

Hams must be trimmed and shaped and the nice lean pieces of pork cut from the hams, with just enough of the fat mixed in to make the sausage cook right not too fat and not too lean seasoned with pure spices and made in as cleanly surroundings as though in your own kitchen. That's how our sausages are made. All pork used in our sausages has passed government inspection and we call them just what they are, "pure pork sausage," nothing more nor nothing less. There are "fancy brands" of sausage in the market at double our price that can't touch them for goodness.
