REVISE LIST OF DELEGATES

Coos County Republican Central Committee Organized — Lewis For Coroner.

Owing to an error in the understanding as to the number of delegates that Coos county Republicans were entitled to in the State Convention at Portland, May 14th, the Coos County Republican Central Committee had to revise the selections made by the last county convention at Coquille. Instead of having ten delegates in the State Convention, Coos county will have only six. The following were elected from the ten originally selected:

District No. 1.—Peter Loggie of North Bend.

District No. 2.—E. A. Anderson of Marshfield.

District No. 3.—R. H. Rosa of Bandon.

District No. 4.—C. R. Barrow of Coquille.

District No. 5.—J. W. Clinton of Norway.

Delegate at large.—C. A. Schibred of Marshfield.

The districts referred to are the divisions of the county made by the convention.

Organize for Year.

The Republican County Central Committee at a meeting at Coquille organized for the ensuing year by electing P. L. Phelan of Myrtle Point, chairman, and A. H. Derbyshire of North Bend, secretary. An executive committee to be composed of A. H. Derbyshire, P. L. Phelan, F. K. Gettins of South Marshfield, J. S. Barton of East Coquille, and Dr. C. W. Tower or Dr. E. Mingus of North Marshfield, was elected. In the latter instance, Dr. C. W. Tower was elected county committeeman from the North Marshfield precinct but as he has not qualified, the county committee named Dr. E. Mingus to fill the vacancy in case Mr. Tower should not qualify.

Lewis for Coroner. Dr. E. Mingus having refused to run again for county coroner, although his name was written in by a sufficient number of voters at the primaries to place him on the ballot for the final election, the county committee named T. J. Lewis, the Marshfield undertaker, as the party's candidate. It is understood that Mr. Lewis will make the race.

Chairman Phelan was instructed to collect from the candidates for a campaign fund. The precinct committeemen were also instructed to aid in securing the fund for the campaign by collecting what they could in their precincts.

There were 8,042½ days attendance and 273½ absence last month. This makes the percent of attendance nearly 97.

WILL DISCUSS OIL TONIGHT

Marshfield Chamber of Commerce to Consider Possibilities Of It Here.

A talk by an oil expert and an object lesson on the evil of extra large land-holdings will be features of the meeting at the Chamber of Commerce on Front street this evening.

C. N. Sherman, late from the oil fields of Illinois, arrived on the Bay today, and at the request of those interested in the exploitation of the oil beneath the surface in the Coos Bay country, will give the public a short address at the Chamber this evening. Mr. Sherman is accompanied by his wife and little son, and will likely make Marshfield headquarters while investigating the oil prospects in these parts. A lot of machinery intended for oil drilling on South Inlet has arrived in Portland and will be shipped on soon as the equipment is complete.

Fred. Lockley well-known to many Coos Bay people as the representative of the Pacific Monthly, will tell the people something about the effect on the land of a community, passing into the hands of a few people. Mr. Lockley is well qualified to talk on this subject for he once lived in Pendleton, the eastern Oregon city whose growth has been arrested by the richness of the farmers of the surrounding country, who have bought up adjoining lands until the population is on the decrease.

The movement for a clean-up day will also receive attention tonight in addition to other business to be brought up. The program, while not lengthy, will be snappy and interesting. To get the full benefit, people should be on hand by 8 o'clock or earlier.

IMPORTANT NOTICE

Having disposed of all my interests in the teaming business, conducted under the firm name of Curren Bros., and desiring to secure a satisfactory settlement of all outstanding accounts to the present time before my departure, it is earnestly urged that all knowing themselves indebted make immediate settlement. The business will be continued under the established name of Curren Bros., but the undersigned no longer retains any interest therein and his removal to another section of the country makes it necessary to insist on a prompt settlement as I leave within ten days.

URGE THAT ROESSLER BE LEFT ON COAST.

North Bend Chamber of Commerce Wants Government Engineer Retained—Favor Draw Bridge.

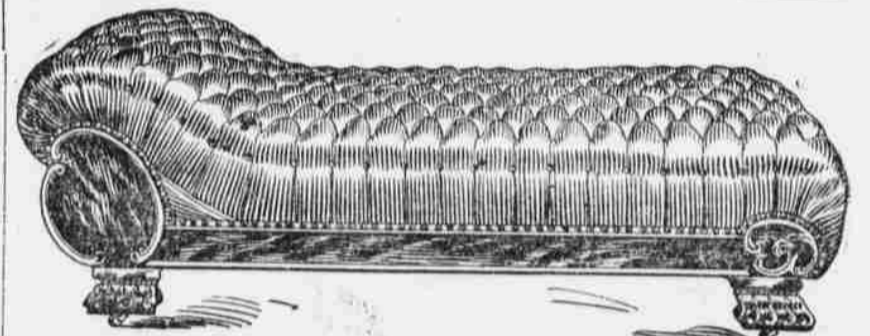

At a meeting of the North Bend Chamber of Commerce last night, resolutions asking the government to retain Colonel W. S. Roessler in charge of the North Pacific Coast Harbor and improvement work were adopted. The resolutions state that Mr. Roessler has proved a valuable man for the work and that it would be a great mistake to have him superseded now by another. A copy of the resolution will be forwarded at once to Washington.

The North Bend Chamber of Commerce also endorsed the request of L. J. Simpson and others to have the Coos county commissioners construct a drawbridge across South Slough. J. H. Diers, Wm. Evans and Mr. Ward were named as a committee to appear before the county commissioners May 6th, in behalf of the matter.

As Advertised. I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and found it to be all claimed for it in the advertisements. Three of the family have used it with good results in summer complaints.—H. E. Howe, publisher of the Press, Highland, Wis. For sale by JOHN PREUSS.
