**A STREET IMPROVEMENT CONFERENCE PLANNED**

Committee of City Council and Burnett Street Property Owners to Meet—Delay Ohio Street Work.

A meeting of the property owners of Burnett street and the street committee of the city council and the city engineer will shortly be held to endeavor to agree upon the improvement of the street. It is hoped that an early agreement can be effected in order that the improvement may be made this summer.

Sometime ago, the city council ordered the grade of Burnett street to be established and the thoroughfare improved. Owing to the grade at one place being about fourteen feet higher than some of the abutting lots and at another place being far below the abutting lots, the property owners protested vigorously against the proposed grade. The remonstrance which they have sent in to the city council is sufficient to hold up the work indefinitely. The property owners do not protest against the improvement of the street but are opposed to the proposed grade. They claim that the grade line should be altered so as to more nearly conform with the affected property. Claude Nasburg is chairman of the Street Committee, the other members being Councilman Sacchi and Savage. Owing to the remonstrance which the property owners of Ohio avenue

have made against the proposed improvement of that street, the work has been declared off. The property owners say that they are not ready to have the work done now. As the improvement would only be of benefit to the abutting property, the thoroughfare not being needed to reach any other section, the city council has declared the work indefinitely postponed.

**MIGHT HURT REFERENDUM.**

In Oregon the referendum has been invoked by persons hostile to the State University to tie up the appropriations for that institution. At the last general assembly of Oregon a bill was passed increasing the university appropriation from \$47,500 to \$125,000. The bill had practically unanimous vote in the general assembly. Now, however, it must, upon petition from a number of voters, be approved at the next general election. In the meantime of course the University suffers. To have the people veto the legitimate appropriation bill would not only cripple high education in Oregon but be a blow to the system of referendum. It is to be hoped that there will be no such result.—Daily Herald of Columbia, Mo.
