ANOTHER REASON

Why mother has so many failures in bread-making is that the experience of bakers has proven that it requires the blending of several brands of flour to secure satisfactory results because no one brand contains all the elements of the wheat. Then it also requires careful attention to have even temperature which is almost impossible to secure in private homes. Our bread is always the same. Uniformly good.

Ask your grocer to send Diamond (D) or Homemade if you want the best.

**DOES IT PAY TO
HAVE SALOONS?**

By CHAS. SCANLON

Does it Pay to license a traffic which lessens the demand for the helpful things of life, which increases their cost and diminishes the ability to pay for them?

Does it Pay to license a traffic which makes men less skilful, less steady, less reliable; which lessens endurance, lessens self respect and the respect of others, lessens confidence, lessens credit, lessens the demand for food, clothing, shelter and tools with which to work?

Does it Pay to license a traffic which breeds idiots, paupers, criminals, lunatics and epileptics and casts them upon society to be supported by decent, honest, industrious people?

Does it Pay to license a traffic which increases taxes by creating a necessity for jails, penitentiaries, asylums, hospitals, almshouses, orphanages, reformatories, police and criminal courts?

Does it Pay to license a thing which decreases a man's industrial efficiency so that the government reports show that 72 per cent of agriculturists discriminate against him for using it, and that 79 per cent of manufacturers, 88 per cent of tradesmen and 90 per cent of railroad officials do the same thing?

Does it Pay to maintain a national quarantine against criminal and dependent classes from abroad and license 250,000 saloon keepers to manufacture such products at home?

Does it Pay to support the families of saloon keepers and bar-tenders and pay their rent, taxes and insurance, and buy luxuries for them in order to get a few pennies in revenue and license out of the many dollars which they flinch from the pockets of industry?

Does it Pay to employ teachers to teach children the evil effects of alcohol upon the human system and license men to sell a thing which inflames the stomach, hardens the brain tissue, softens and weakens the blood vessels, impoverishes the blood, over works the heart, retards the elimination of effete matter, dims the eye, dulls the hearing, diseases the throat, lungs, kidneys, liver, nerves, and muscles; the demand for which is wholly artificial and when supplied serves no good purpose?

Does it Pay to call ministers to preach the gospel of love, charity, honesty, purity, forgiveness and redemption, and license other men to engage in a traffic which fosters hate, engenders strife, breeds dishonesty, impurity and destruction?

Does it Pay to send missionaries to the heathen to point out the way of salvation, and from the same port and often in the same vessel send "liquor damnation"?

Does it Pay to build a palace for the brewer, hire servants and buy silks for his wife, and dress your own wife in rags, make her take in washing to support the family and finally send her to the poorhouse and bury her in the potter's field?

Does it Pay to levy a tax to support orphans and widows and license the murder of husbands and fathers? Does it pay to license a thing which is always and everywhere known to be the enemy of everything sacred to God and man?

Does it Pay to maintain on our coasts 275 Life Saving Stations at a cost of a little more than a million and a half, and out of the same pockets and under the same flag maintain 250,000 Life-destroying Stations at two billions and a half?

Does it Pay to listen to the sophistries and falsehoods of passion, prejudice, ignorance, appetite and greed, and close your ears to the voice of conscience, reason, judgment, suffering, religion and God?

Does it Pay to do that which will blanch the cheeks with fear and make you dumb with terror when at last you stand in the presence of the Judge of the quick and the dead?

We will store your goods for 1c cubic feet. Bay Side Paint Co., North Bend.
