GOV. HOCH OF KANSAS
APPEALS FOR PROHIBITION.

Governor Hoch of Kansas, in his
annual message to the legislature,
January, 1907:

Relatively (and everything is
relative in this world) the prohibi-
tory policy has been a great suc-
cess in this state. It has been a
great benefit educationally, morally
and financially to the people. Our
per capita wealth is over ninety dol-
lars—nearly three times the average
in the United States—and now where
is wealth more equally distributed.
A poorhouse is always a joke in Kan-
sas. The devil never invented a big-
ger lie than that revenue from ille-
gitimate sources is necessary to the
financial success of any town or city.
Such a contention is an insult to any
community in Kansas.

MYRTLE POINT WILL
HAVE WATER WORKS.

City Council There Arranges to In-
stall Plant Soon—Pump From
Carey Creek.

MYRTLE POINT, May 18.—At a
special meeting of the city council
the report of the committee to whom
had been submitted the bids on
pumping plans and apparatus was
received, and it was decided to buy
the plant offered by the Fairbanks-
Morse people, the consideration being
\$1,400. It is expected to install the
plant as soon as possible, so that an
abundance of water may be available
during the approaching dry season.
The boiler purchased will be of fifty
horse power, and the pump will de-
liver 150 gallons of water a minute
into the reservoir, at the top of the
hill. It is expected to install the
plant at the mouth of Carey creek
and pump the water from the North
Fork river.

FACTS ABOUT
KANSAS CITY

**ITEMIZED REPLY TO PREVARI-
CATIONS WHICH LIQUOR IN-
TERESTS CIRCULATE.**

To the voters:—Everywhere it is
about the same. The policy of those
fighting local option seems to be one
of prevarication. An illustration is
given in the following about Kansas
City:

1908:
Lie No. 1—City has lost popula-
tion.
Fact No. 1—Increase for twenty-
two months of Prohibition, 11,180.
Lie No. 2—City in slough of debt.
Fact No. 2—Debt reduced under
Prohibition, \$411,470.
Lie No. 3—Property valuation de-
creased.
Fact No. 3—Actual increase \$4-
778,000; assessed valuation, one-
fifth of actual \$955,000.
Lie No. 4—Building abandoned
under Prohibition.
Fact No. 4—Increase first ten
months over 200 per cent. Increase
1907, first full year of Prohibition,
564 buildings to 944. Largest in-
crease of any city in the country for
the year and greatest in history of
the city.
Lie No. 5—That business is lan-
guishing.
Fact No. 5—Mayor says it's a lie.
Postmaster says "Amen!" Merchants
open books and confirm by remark-
able increase in business from former
saloon years. One wall paper
house reported increase of \$6,000
first Prohibition year, largely new
customers.
Lie No. 6—That the banks are
crippled from lack of deposits.
Fact No. 6—Actual increase of de-
posits for twenty-two months of Pro-
hibition, \$3,788,000 over 35 per
cent.
Lie No. 7—That taxes have been
increased.
Fact No. 7—City assessment 20
cents LESS for every \$100 valua-
tion.
Lie No. 8—Fire department de-
moralized for lack of appropriation.
Fact No. 8—Appropriation under
Prohibition \$3,000 more than under
license and four men added.
Lie No. 9—The stores are empty
and rents tumbling.
Fact No. 9—Double headed lie.
The only "stores" empty are build-
ings out of business sections built
for saloons, and but few of these
not occupied by some legitimate line.
Every room occupied by saloon on
principal business street, Minnesota
avenue, twenty-five in three blocks
alone, all rented except one, and
condition of street revolutionized.
Number of saloons closed in June,
1906, 256. Present population,
100,000.

GRANTS PASS
GOLD STRIKE

New Eldorado In Oregon
Makes Second-Hand Deal-
ers Wealthy Quick.

GRANT PASS, Ore., May 16.—
Three second-hand dealers of this
city, who three months ago counted
their assets in a few dollars, are now
believed to be worth \$100,000. These
men are Robert and Benjamin Har-
rison, brothers, and C. C. Jones,
who, in less than 90 days, have taken
\$30,000 in gold from a claim in the
Williams Creek mining district, 20
miles south of here. It is reliably
reported that these men have suffi-
cient of the yellow metal in sight to
raise their fortunes to a round \$100,-
000.

Put Out \$7,000 Easter Sunday.
It seems almost incredible that
only last Thursday these mining
men brought to the surface 60 1/2
pounds of pure gold in one pan, but
back of this comes their best day's
yield which netted them on Easter
Sunday in round numbers \$7,000.

In an interview today, Robert
Harrison, one of the owners of the
mine, who came to town to transact
business concerning the disposal of
ore, verified the rumors that had
leaked out.

Producing \$200 to \$500 a Day.
"Yes, it is true," said Harrison,
"that we have a rich mine, and we
have been taking out lots of gold
every day since we have been out
there in that district. For the last
30 days our mine has produced from
\$200 to \$500 every day. We have
just sunk a chute 100 feet and from
all indications I think a conservative
estimate will fix the amount of ore
in sight at not less than \$75,000.
The opening shows up a 9-inch vein
and is rich beyond our most sanguine
expectations.

"Will We Sell? No, Sir."
"Last Thursday our net proceeds
for the day amounted to 12 1/2
pounds of pure gold, so you can see
why we wish to keep our mining
business to ourselves. We have
been operating in the Williams
Creek mining district since about the
first of March. Our richest strike
was made on Easter Sunday, when
the boys took out \$7,000."

Asked if he had realized \$10,000
in all, the reply was: "Three times
that amount, but I do not care to
discuss that matter now. We have
the mines and they are there to
show for themselves. Would we
sell our mine? I hardly think so at
the present time. Would you, with
a fortune in sight?"
