Hunter In Today.—The tug Hunter arrived from Gardiner today with a large load of freight. She will take back a load of merchandise, probably sailing today.

Eureka In Saturday.—The Eureka will sail from Eureka today and reach Coos Bay tomorrow. If she arrives early, she will probably sail from here late in the day for Portland.

Infant Son Dies.—The infant son of Mr. and Mrs. D. L. Tyer, former residents of Marshfield, died at their home in Coquille Sunday. Burial was in the Masonic cemetery on Monday, the Rev. D. W. Thurston conducting the services.

Cuts Off Toe.—Isaac Sawer, about twenty years old, cut off his little toe while chopping wood near Allegany yesterday. The member was completely severed. Dr. E. Mingus, who was called to dress the wound, does not anticipate any serious trouble.

Son Is Born.—Mr. and Mrs. Wm. E. Homme of the Coos Bay Townsite, are rejoicing over the birth of a son. Mother and child are doing well. The baby has the honor of being the first child born on the new townsite. Mr. and Mrs. Homme recently moved here from Glendale, Ore., where Mr. Homme published a paper for a time.

Bandon Saw Fleet.—Parties from Bandon announce that the residents of that section saw the fleet plainly when it passed up the coast the other evening. The fleet evidently saw the bon fires and lights from Bandon because they slowed up. The ships' lights were plain and most of the watchers could plainly discern the outlines of the larger vessels.

Will Place Hydrant.—Councilman Nelson this morning investigated the petition of Washington street residents for a new fire hydrant. The petition was to have the hydrant located at Washington and Bains streets, but Mr. Nelson believes that it would be better to have it located at Washington and Burnett. Later another hydrant will be ordered for the corner of Nevada and Bains streets, giving service to the opposite corner of the block.

Will File on Claims.—Contractors Watkins and Lynch and several of their workmen will be among the Coos Bay people who will attend the opening of the 180,000 acres of land which the government recently reclaimed near Great Falls. The government has expended nearly a million dollars on a dam across the Salmon river to make a reservoir and on the irrigation system. The land will be thrown open to settlers June 1, and they will be given twelve months to settle and improve the tracts, being of course, required to make a small payment down.

MARSHFIELD SCHOOL NEWS

The School Child Up to Date.

Make haste to school, my little child,
Or else you will be late;
Your books are all aseptic now,
And here's your sterile slate.
Your pencil has been boiled an hour
'Tis germless, now, I hope;
And don't forget to wash your desk
With this carbolic soap.
And lest about the schoolroom floor
Some unseen microbes lurk,
Just sprinkle formaline around
Before you set to work.
You'd better put, for safety's sake,
Bichloride in the ink;
And water that has not been boiled
You must not dare to drink.
Of course, when recess comes around,
Some food you'll want to munch;
So in this disinfected box
Is predigested lunch.
And since 'tis said that in a kiss
Bacteria may dwell,
I may not give you, as I'd like,
A mother's fond farewell.
—LIFE.
