

GOOD EXHIBIT FROM OREGON

President Wehrung Asks County Commissioners to Help at Exposition.

W. H. Wehrung of Hillsboro, president of the Oregon Alaska-Yukon Exposition committee, is making an active campaign to see that this state is properly represented at the great exposition, many with a view to investing or securing homes in the Northwest. Mr. Wehrung believes that attractions are properly put before the people there. He has sent the following self-explanatory letter to the county commissioners and judges throughout Oregon:

"The Oregon Commission to the Alaska-Yukon-Pacific Exposition is glad to inform you that the Oregon building, now under construction at Seattle, will be completed in due time for the coming exposition, and will be the largest and most complete state building on the grounds.

"We propose to make a collective exhibit of the state's resources in this building, and it is of the utmost importance that we have a thorough and attractive exhibit from every county.

"You can readily see that we must have your hearty cooperation in this matter, and that the gathering of an exhibit must commence at once. We will have to use the crops raised this year, as the exposition opens the first of June, 1909, too early for next year's crop. Your grasses will soon be ready for harvest and it is important that you gather them at the proper time. If they are over-ripe they will not do for exhibition purposes; hence you see the necessity of acting promptly. We will visit your county some time in June or July and will be glad to assist you in the work, though it will be necessary for you to begin collecting your exhibit before we see you.

"The expense to your county in collecting such an exhibit will not be large. Get a live man to take hold of the work and push it, bearing in mind that it is quality, not quantity, that is wanted. After you have gathered your exhibit we will transport it to Seattle, install and maintain it without further expense to your county; we will also place an attendant in charge and will keep in close touch with you during the Fair, so that your county will get all the benefit possible in the way of advertising, etc.

"The commission is also having printed a 96-page booklet on the resources of Oregon which will be distributed during the exposition. Two pages of this booklet will be devoted to each county. We also intend to show by moving pictures the farms, orchards, live-stock, timber, mountains, streams, and everything of interest in each county.

"We must have your help and cooperation in the gathering of your exhibit. If we were compelled to buy these exhibits the state would have to double its present appropriation, but with your assistance we hope to carry out our present plans without asking for any further appropriation.

"Trusting to receive an early reply saying you are with us in the work, and thanking you in advance for giving this your prompt attention, we are,

Yours very truly,
W. H. WEHRUNG,
President.

SALOONS AS AN INDUSTRY.

While our lumber, coal, dairy and fruit industries are bringing money into the county, the liquor business does not bring in one dollar, but sends out thousands every month to pay the wholesale liquor dealers, who are fighting Prohibition in Coos county.

PHONE Anderson & Hall for south Marshfield Coal, No. 817.

A CARD.

To the Republican voters of Coos County: I hereby announce myself as the regular Republican nominee for coroner of Coos County, subject to your approval, at the coming election, June 1, 1908.

T. J. LEWIS.

TO COOS COUNTY VOTERS.

T. J. Thrift, Democratic candidate for assessor of Coos county, bases his candidacy for the office on his past record. Equality and a fair deal for every property owner.

NOTE for N. C. Medley, Republican candidate for County Assessor.

Good Morals Requisite To Good Business.

By OSCAR S. STRAUS, Secretary of Commerce and Labor.

THE first requisite of good permanent business conditions is GOOD MORALS—not one kind of morals for the farmer who drives his cart of produce to market and another kind of morals for the railroad which brings the products of the farms and factories from distant points.

EQUALITY OF OPPORTUNITY AND RIGHTS IS AS NECESSARY ON THE ONE HIGHWAY AS ON THE OTHER. NO UNREASONABLE CONDITIONS OR RESTRAINTS MUST BE PLACED UPON EITHER.

There are combinations which promote trade and combinations which restrain trade. To check both is harmful; TO PERMIT BOTH IS MORE HARMFUL.

To adjust our laws to preserve corporate industrial and individual right, and BY ALL MEANS INDIVIDUAL RIGHTS, and to curb wrongs, whether corporate or individual, is of the highest concern not only to commerce, but to the stability of the commonwealth.

High Time to Padlock All Muck Rakers.

By JOSEPH B. FORAKER, United States Senator from Ohio.

IT would be most fortunate if a padlock could be provided for the muck rakers—all of them, high and low, big and little, well intentioned and evil intentioned—for it is HIGH TIME TO QUIT SLANDERING THE AMERICAN PEOPLE. They never less deserved it. They were never more worthy of praise and commendation.

THERE WERE NEVER HIGHER IDEALS AND MORAL STANDARDS AMONG THE BUSINESS MEN OF THE NATION, AND THERE WERE NEVER BETTER METHODS EMPLOYED BY THEM FOR THE CONTROL AND TRANSACTION OF BUSINESS.

In this we should not only find hope and inspiration, but also a command to administer our public affairs on the theory NOT THAT ALL MEN ARE DISHONEST, but that, with the exception of the few, all men are upright, and that as to even the few who may not be upright they are entitled to the presumption that they are and to have a right to be HEARD BEFORE THEY ARE CONDEMNED.

NEW PRODUCT OF NORTHWEST

Government Sends Expert to Oregon to See if Turpentine Can Be Made.

WASHINGTON, May 23.—L. W. Hawley, expert on wood distillation for the Forest Service, has just left Washington for Oregon, Washington, Montana and Idaho, to investigate the possibilities of a future turpentine industry in the northwestern portion of the United States.

Mr. Hawley has taken with him a small distillation apparatus, which he will set up at various places in these states, distilling the different woods to determine their value in the production of turpentine. In this manner an accurate idea of the yield of extracts from the various woods can be obtained, and samples of the material will be sent to Wash-

ington for analysis and estimation of its value for use in paints, varnishes, and other naval stores.

There are at the present time in the Northwest, several wood distilling plants which are producing various grades of turpentine, wood preserving oils, and materials of a similar nature. It is believed that a careful study of existing conditions in this section will yield results which will give an accurate idea of the possibility of utilizing the enormous quantity of saw mill refuse now going to waste.

TRY South Marshfield coal. Once tried, always used. Phone 817.

We will store your goods for 1c cubic feet. Bay Side Paint Co., North Bend.

VOTERS ATTENTION.

Do you believe in education? Do you want a State University? If so, vote "yes" No. 314 on the official ballot on election day. The passage of this bill will increase your taxes a little more than 2 cents if you pay taxes on \$1,000 worth of property. All progressive citizens should support the bill.
