

CHAMBERLAIN SEEMS TO BE THE CHOICE OF THE PEOPLE

LATE RETURNS INDICATE THAT DEMOCRAT MAY WIN APPROVAL AT POLLS BY SMALL MAJORITY.

(By Associated Press.)

PORTLAND, June 2.—With the exception of United States senator, the entire Republican state ticket has been elected. The late senatorial contest returns indicate that Chamberlain, Democrat, will be the people's choice over Cake, Republican, with a majority of about one thousand votes.

The returns are incomplete from ten counties outside of Multnomah gives Chamberlain a lead of 201. Multnomah may give Chamberlain a majority of about five hundred.

According to returns now in, there will be twenty-four Statement No. 1 representatives and eighteen senators in the next legislature. Ten of the senators are holdovers.

Prohibition carried in many counties which were already dry, and in which the question was resubmitted. The Prohibitionists gained a number of counties which had been partly wet.

Equal suffrage has lost again. The Statement No. 1 candidates are pledged to support in the legislature the people's choice for United States senator.

KINNEY MAY LOSE COUNTY

INDICATIONS ARE THAT R. E. L. BEDILLION HAS BEEN ELECTED STATE REPRESENTATIVE—GAGE AND THRIFT ONLY OTHER DEMOCRATS ELECTED.

COOS COUNTY RESULTS.

Incomplete returns from Coos County indicate the following results:

Cake will carry county over Chamberlain by about 200.

The Reddy Home Rule bill appears to have carried the county by a slight majority.

The following have probably been elected:

State senator—W. C. Chase, (Rep.).

Representative—R. E. L. Bedillion (Dem.).

Joint Representative—Colonel I. N. Muncy (Rep.).

County Clerk—James Watson (Rep.).

Sheriff—W. W. Gage (Dem.).

Treasurer—J. B. Dulley (Rep.).

Assessor—T. J. Thrift (Dem.).

Superintendent—W. H. Bunch (Rep.).

Surveyor—A. N. Gould (Rep.).

Commissioner—W. T. Dement (Rep.).

Coroner—T. J. Lewis (Rep.).

The above summary shows the probable results of yesterday's election. In many precincts, the count will not be completed before midnight tonight. South Marshfield, North Bend, Bandon and Myrtle Point judges had over a hundred ballots in each precinct to count at 4 o'clock this afternoon.

The largest vote was polled on prohibition. Myrtle Point is going dry by about three to one. As 358 votes were cast there, this will cut in hard on the majority that North Bend and Bandon are giving against prohibition.

R. E. L. Bedillion stated over the telephone this afternoon that he was practically certain that he had defeated Major L. D. Kinney for representative. He claimed to have carried every precinct in the valley by good majorities which more than offset the lead that the vote in this section of the county gave Kinney.

The count in North Bend at 4 o'clock this afternoon showed the following results in the contests:

H. M. Cake	160
Geo. E. Chamberlain	156
R. E. Bedillion	142
L. D. Kinney	181
W. C. Chase	183
R. D. Hume	82

COOS COUNTY LIKELY WET

PARTIAL RETURNS INDICATE THAT PROHIBITIONISTS WILL LOSE COUNTY BY ABOUT 200—MANY PRECINCTS MISSING.

Very incomplete returns obtainable up to a late hour this afternoon indicate that Coos county has gone wet by a majority of over 200. North Bend, Bandon, Marshfield, Libby and Empire gave the "wet" lead in the county. North Marshfield gave about 70 while South Marshfield, so far as the count has gone, gave 34. North Bend at 4 o'clock this afternoon had given 294 wet and 112 dry.

South Marshfield.

A peculiar complication arose today when the day judges and clerks superseded the night force in the South Marshfield precinct. The night force took their books and count with them and no one was able to find out just how the vote stood aside from that the precinct had given a wet majority of about 34. All day today, the vote has been running about even between wet and dry, it standing 68 to 67 against prohibition on the day count up to 4 o'clock. Gage will be given a majority in the precinct, Chamberlain and Cake are running even, Doyle and Muncy are running about even, Chase has a slight majority over McLain and Lewis is getting about four to Temple's one.

Crowds Around Booths.

All day, the South Marshfield booths have been surrounded by scores of people, most of them being interested in whether or not the precinct is going wet or dry. It is generally believed that the fate of prohibition hinges on the result there.

No Tally Sheets.

The count in the South Marshfield precinct was delayed this morning owing to the election clerks running out of tally sheets. For a time, it looked as though they would have to wait a half day in order to secure additional tally sheets from Sheriff Gage by J. M. Upton came to the rescue and dug up some. The count was resumed but owing to the large

LILLEY RENEWS HIS CHARGES

Congressman Alleges That Representative Boutelle Had a Sudden Change of Heart in Regard to Graft Matter.

(By Associated Press.)

WATERBURY, Conn., June 2.—Congressman Lilley, whose resolution and charges in connection with the so-called submarine boat scandal resulted last week in a severe scolding of Lilley by the Boutelle investigating committee, today gave out a statement on the subject in which he incorporated letters which declare that two weeks before the report of the committee denouncing Lilley was made, Boutelle expressed

admiration for Lilley and endeavored to effect an agreement whereby the matter under investigation might be compromised.

The letter in which the allegation is made is signed by E. W. Reinsinger M. D., and was addressed to Mrs. Lilley after the doctor had called upon Boutelle to explain to the congressman that Lilley's health necessitated his leaving the country. The letter says that when the proposition of compromise was carried to Lilley, he replied that he would rather die than withdraw the charges which he knew were honest and square. In justice of his charges, he declared that the evidence taken by the committee shows excessive profits were made by the boat company in the construction of submarines.

FUNSTON WILL VISIT HERE

Noted United States Army Man Will Come Next Week For Short Outing.

General Frederick M. Funston, renowned for the capture of Aguinaldo in the Philippines a few years ago and at present commander of the western corps of the United States army with headquarters at San Francisco, will come to Coos Bay, June 6, to spend a few weeks outing. He will be accompanied by J. N. Teal, a Portland attorney who is well known in this section, and the two will spend most of their time fishing, probably. J. W. Bennett will be host for part of their visit at least.

This will be General Funston's first visit to this section. Owing to the game laws, he will have to content himself with fishing or pigeon shooting now although the possibil-

FLORENCE CITIZENS WANT SIUSLAW RIVER BAR IMPROVED

VOTE SHOWS GREAT GROWTH

Population of Marshfield and North Bend Has Had Rapid Increase.

Coos Bay boosters who are more interested in the growth and development of this section than in politics today are pointing out the extraordinary growth of this section as shown by the increase in the vote at the annual election yesterday. The vote was greater than the registration on Coos Bay proper.

The total vote in North Marshfield precinct was 291 against a registration of 292, in South Marshfield precinct 588 against a registration of 569, and in North Bend 584 against 511 registration. Thus the total vote in Marshfield was 879 and a total of 1,463 in the two principal towns on Coos Bay.

The boosters claim that the ratio of the votes to the population here is very conservatively six to one. This would give Marshfield a population of 5,374 and North Bend a population of 3,404 or a total population of 8,778.

A number here who have been endeavoring for a year or more to secure an Elk's Lodge for Marshfield will immediately present these figures to the Roseburg lodge in order to show that Marshfield has passed the 5,000 mark and is now entitled to a lodge of its own. It is believed that the petition will be granted now and the lodge established here within a few months.

Citizens of Valley Plan to Raise Money Themselves For Harbor and Bar.

TIRED WAITING FOR GOVERNMENT.

Propose to Tax People Who Will be Benefitted to Raise Fund.

FLORENCE, Ore., June 2.—The citizens of the Siuslaw Valley are tired of waiting for the government to improve the bar at the mouth of the river so vessels can pass out or in without delay and a plan is being discussed to raise funds for the undertaking in another way. It is proposed to bond that part of Lane county lying west of the coast range of mountains for say twenty or perhaps forty years, and use the money thus raised in building jetties at the mouth of the river. It is thought by the promoters that \$100,000 can easily be raised in this way and with this sum considerable of a start can be made toward constructing the jetty. It is hoped by the time this sum is expended that the national government will be ready to take up the work and push it to completion. To meet the interest on the bonds each year it is proposed to collect a toll of perhaps 25 cents per thousand feet on the lumber and a proportionate sum on other articles exported from this place. Later on a sinking fund can be raised in the same way to pay off the bonds when they become due. In this way the exported from this place. Later on be borne by the industries that are directly benefitted by the work. Some of the leading business men of the Siuslaw are agitating the question and most of the others have declared themselves in favor of the measure. The legal aspects have not been entirely investigated, but it is thought a bill can be passed by the legislature permitting the question to be left to a vote of the people of the district.

WANTS JAPS FOR JAPAN

Mikado Becoming Alarmed at Exodus of Subjects to Other Countries.

(By Associated Press.)

WASHINGTON, June 2.—In an interview today, Baron Takahira, the Japanese ambassador declared that Japan is making a sincere effort to check the immigration of laborers to the United States.

The interview followed the publication of a report of the large number of Japs who were trying to gain entrance to America via the Pacific coast gateways and also through Mexico and Canada.

It is claimed that the Mikado is becoming alarmed at the number of his subjects that are leaving for other lands. He considers that the men going away are the flower of the working classes, ones with ambition to amount to something. Just what steps he will take to keep them at home has not been announced.
