

COOS COUNTY "WET" BY ABOUT THIRTY-EIGHT VOTES

Vote on Local Option Proves Closer Than First Expected.

BEDILLION WINS OVER MAJOR KINNEY.

Cake Will Have About Eighty Majority in the County.

COOS COUNTY VOTE.

According to complete returns gathered by Sheriff Gage at 3:30 o'clock this afternoon from all precincts except Lake, the total vote in the principal contests was as follows:

Prohibition.	
Dry	1702
Wet	1754
Representative.	
Bedillion	1226
Kinney	1001
U. S. Senator.	
Cake	1192
Chamberlain	1109
Joint Senator.	
Chase	1241
McLain	834
Commissioner.	
Dement	1436
Weekly	1036
Assessor.	
Medley	1322
Thrift	1478
Sheriff.	
Gage	1921
Smith	1173
Treasurer.	
Dulley	1483
Lamb	1088

Lake township is reported to have gone dry by 14 majority which would leave the wets only 38 majority in the county. Another report is that Lake went dry by 38 which would reduce the wet majority in the county to 14.

The above summary practically substantiates the early estimates on the results of Monday's election except the majority for wet and for Cake, both decidedly less than 100. Election returns are coming in very slow. In some precincts, the judges did not make a copy of the vote but sealed them with the returns for the county clerk and the figures given are entirely from memory and may vary somewhat from what the final canvass will show.

Much Hinged on Result.

A change by nineteen voters in the South Marshfield precinct would not only have changed the result in that precinct but it also might have changed the entire county from wet to dry. South Marshfield only gave thirty-six wet majority.

Result Decisive.

A number of the business men who were helping the prohibitionists in their fight to carry the county stated today that the issue would not be brought up again in less than two years. Some of the ministers insisted that it would be brought up again as soon as the law permits, or in about six months and not more than a year anyway.

The contest was rather expensive for both sides and the heavy vote polled throughout the county indicates the extent of their work.

Douglas county is claimed to have gone dry according to figures secured by Prohibitionists at Roseburg. The University appropriation is believed to have carried the county by a good majority. The vote on the Reddy Home Rule bill was close.

RESULTS IN DETAIL.

RESULTS OF OREGON ELECTIONS

Chamberlain's Majority About 1,000—Over 200 Saloons Put Out of Business by Prohibition Victories in Many Counties.

(Special to The Times.)
PORTLAND, June 3.—Returns from Monday's election are still far from complete, but there is no reason to change the estimate that Chamberlain, Democrat, will clearly have a majority of 1,000 or more over Judge Henry M. Cake, Republican, for United States Senator. It is practically certain that the legislature will have 52 State members, six more than necessary to confirm the people's choice for senator. Congressmen Hawley and Ellis were returned to Washington by large majorities. Equal suffrage was snuffed under. Prohibition carried many counties and it is estimated that approximately 200 saloons were put of business by the result of the election.

The Armory bill is believed defeated. The University bill passed. Legislators' increased pay was defeated. More supreme judges were defeated. The Open Town bill is in doubt. The Recall bill passed. People's choice for senator passed. Complete returns may show changes in the above. The following candidates are known to be elected. Representative First Congressional District, Willis C. Hawley, Republican. Representative Second Congressional District, W. R. Ellis, Republican. Justice of the Supreme Court, Robert S. Bean, Democrat-Republican. Oregon Dairy and Food Commissioner, J. W. Bailey, Republican. Railroad Commissioners—First Congressional District, Thomas K. Campbell, Republican. Railroad Commission, Second Congressional District, Clyde B. Altchison, Republican.

ROOSEVELT HAS NARROW ESCAPE

President Almost Crushed Underneath Bucking Animal While Taking Ride Near Washington.

(By Associated Press.)
WASHINGTON, June 3.—President Roosevelt late yesterday afternoon had an exceedingly narrow escape from a serious accident while riding horseback through Rock Creek Park. Mrs. Roosevelt who was with the president on the return to White House said nothing and the rumors of an accident were denied. The occupants of other carriages, however, who witnessed the accident related the circumstances today. President Roosevelt was riding a new horse. The animal suddenly reared twice after fording the creek. The second time, he rose straight up on his hind legs and went over backward into the creek. The president had the presence of mind to slip from the saddle. The rider and animal fell ten feet, but the president got out of the way of the horse's hoofs and beyond getting wet, he sustained no injuries. He remounted the animal and rode for a half hour before returning to the White House. The young horse was not injured.

POSTAGE IS REDUCED.
United States and Great Britain Cut Rates Between Countries.
(By Associated Press.)
WASHINGTON, June 3.—Postmaster General Meyer announced today that an agreement had been reached with Great Britain providing for a letter postage of two cents an ounce between the United States and Great Britain and Ireland, operative after October 1st, 1908.

CITY'S DEBT IS GROWING

Marshfield's Municipal Indebtedness Was \$44,036.89 June 1st.

The Marshfield city debt continues to grow apace, according to the reports of the municipal officials for May, which were submitted to the council last evening. The reports were the results of the new system of accounting which Councilman Sacchi recently introduced. The total city indebtedness, May 31, was \$44,036.89, including about \$5,000 unpaid interest on the outstanding city warrants. During the month of May, the indebtedness was increased \$1,135, the city's current expenses for the month being over \$3,000,000 against \$1,900 income.

In order to insure the city employees getting their salaries in cash instead of having to have their warrants discounted ten per cent or so, the council has established a current expenses fund to pay them. Only salary warrants and similar claims will be paid out of this fund. As a starter, \$1,500 was placed in the fund and to this will be added the fines, licenses, etc., which are collected by the city from time to time.

New License Ordinance.

The new license ordinance was adopted last evening and it is expected that this will add materially to the regular city revenues. Hawkers, peanut vendors, etc., will have to pay licenses running from \$10 a month to \$100 per annum. Skating rinks will have to pay \$60 per year. Shooting galleries will have to pay \$15 per month and special fees will be required of all peddlers, etc. It was proposed to license pool and billiard halls but it was finally decided not to charge any license to them as the council has decided to regulate them by fixing the hours they are close at night and on holidays.

Children's Passion Play Matinee Thursday.

IOWA HONORS W. B. ALLISON

Republicans Renominate Aged Senator Over A. B. Cummins by 12,000.

(By Associated Press.)
DES MOINES, Ia., June 3.—According to returns received this morning, Senator Wm. E. Allison was renominated by the Republicans for United States senator by a majority of 12,000 over Governor A. B. Cummins. This was the first primary election in the history of Iowa and the first time the people were permitted to express their choice as to United States senator. Allison had served in the senate thirty-six years from Iowa and as he is now past 80, it was generally believed that Mr. Cummins, who has been leader of Republican party would win. However, the old state machine was united against Cummins in the fight.

REID DIES IN MONTREAL

Noted Bridge and Railroad Builder Succumbs in Canada Today.

(By Associated Press.)
MONTREAL, June 3.—Sir Gillespie Reid, railroad builder and capitalist, who constructed the international bridge across the Niagara river, near Buffalo, and also scores of bridges in Canada and the United States, died today. He constructed many railroads and was known as the "Greatest benefactor of Newfoundland."

DON'T LOOK, GOODRUM'S AD. Passion Play Ends Thursday Night.

NEW FOLDER SHOWS RAILWAY LINE FROM DRAIN TO COOS BAY

BANKER ENDS LIFE TODAY

Charles Muir Commits Suicide in Branch of New York Corn Exchange.

(By Associated Press.)
NEW YORK, June 3.—Charles Muir, paying-teller in the Forty-Second street branch of the Corn Exchange Bank, committed suicide in the basement of the bank. The officials of the bank have started an investigation to see whether or not Muir's accounts are all right. There are rumors that he had lost heavily on the races and stock gambling. His friends deny these reports and maintain that the act was committed while he was temporarily deranged from ill health.

Southern Pacific's Late Advertising Matter Contains It.

CAUSES REJOICING IN THIS SECTION.

Peter Logge of North Bend Also Receives Other Data On It.

The Southern Pacific Railroad Company has just issued 150,000 new folders advertising their lines in the Pacific Northwest and the map of their roads includes the Coos Bay-Drain railway. It also contains as much advertising of the Coos Bay country as it does of Portland and San Francisco. Only a few of the folders have been received on Coos Bay, the issue not being quite ready for general circulation. The ones here were presented to Peter Logge of North Bend, by General Passenger Agent McMurray of the Harriman lines in this section.

This is the nearest to official confirmation to the report that the Drain-Coos Bay line would be built so soon that has been obtained. Unless the Southern Pacific expected to have the line into Coos Bay in operation within a very short time, it is pointed out that they never would have put out a folder prospectus showing it. The folders are for circulation throughout the East and by the European agencies of the Harriman lines.

In addition to the map showing the line, the folder contains a brief description of Coos Bay together with a description of San Francisco and the Columbia river harbors. The folder refers to the San Francisco harbor as being for large sea going vessels, the Columbia river for river steamers, and Coos Bay for large sea going vessels.

Mr. Logge has also received a new map of the proposed route of the Southern Pacific entering the Coos Bay country. This shows a different route than the map received here a couple of years ago. The map two years ago showed the road coming down the east side of the Bay while the last one shows it crossing the Bay to Pony slough and thence coming down the middle of the isthmus to connect with the Marshfield-Myrtle Point line. The railroad company now owns a four-hundred-acre strip between Marshfield and Empire and the proposed route is across it.

In a conference with General Manager O'Brien and General Passenger Agent McMurray of the Harriman lines at Portland recently, Mr. Logge asked them when work on the Drain-Coos Bay line would be resumed. They were non-committal. Mr. Logge is a personal friend of both gentlemen and some of the data used in the folder describing Coos Bay was furnished by him although at the time he was not aware that it was going to be used as it is.

HUNDRED TO ONE WINNER

Rank Outsider Captures Great International Derby at London.

(By Associated Press.)
LONDON, Eng., June 3.—A rank outsider, Signorinetta, owned by E. Ginistrelli, quoted at 100 to 1 against today captured the derby stakes valued at 5,500 sovereigns, the great prize of the turf world, from a field of the finest American, British, French horses. The Italian horse won by two lengths.

BAR IRON AND STEEL PRICES ARE REDUCED.

Cleveland, Ohio, Manufacturers Make Cut of \$3 per Ton to Stimulate Trade.
(By Associated Press.)
CLEVELAND, Ohio, June 3.—Following a cut of \$4 per ton in bar-steel yesterday, the bar-iron manufacturers today reduced the price of bar-iron \$3 per ton. It was quoted previously at \$30 per ton. It is expected that the reduction will stimulate consumption.

STOVE'S GAS KILLS FOUR

Woman and Three Children Found Asphyxiated in Home in Chicago.

(By Associated Press.)
CHICAGO, June 3.—Mrs. Mary Doerman, 69 Tell Court, and three children were found dead early today, having been asphyxiated by gas escaping from a stove.

Louis H. Boll, TEACHER OF PIANO, will be at home Wednesday, in his new music parlors, rooms 17, 18, 19 and 20 First Trust and Savings Bank building.

JEFF DAVIS IS HONORED

Southern States Today Celebrate 100th Anniversary of His Birth.

(By Associated Press.)
NEW ORLEANS, June 3.—With appropriate exercises, the people of the south today celebrated the Hundredth anniversary of the birth of Jefferson Davis. The day was observed as a whole or partial holiday in Louisiana, Kentucky, Florida, Georgia, Alabama, Mississippi, Texas, South Carolina and Virginia. ALL MILLINERY IS BEING SOLD AT MRS. A. G. AIKEN'S AT GREATLY REDUCED RATES.
