Buy Your Wife a GAS STOVE

It converts the drudgery of the kitchen into a pleasure. It reduces a woman's housework one-half. You can sleep later in the morning as the fire does not have to be made a half-hour before time to cook.

Call at the office and see those instantaneous water heaters. Turning on the cold water lights the gas and heats the water in one minute, turning the water off shuts off the gas.

You would not think of going back to the old kerosene lamp after using electric light, would you? Well, when you have once used a gas stove nothing could induce you to use anything else.

To Build Hospital.—H. A. McLellan of San Jose, Cal., is in Marshfield trying to arrange to build a hospital. He plans to erect one that will accommodate twenty-three patients. He may form a stock company to do it. He is a professional nurse.

Paving to Start Soon. — Unless something unexpected interferes, the asphalt paving on Front street will start next Monday. Contractor McCann has notified City Engineer Sandberg that he expects to be ready then. The work will be rushed.

Mass Thursday.—The Rev. Father E. Donnelly announces that mass will be celebrated at the Catholic church at 8 o'clock Thursday morning, Thursday being the feast of Corpus Christi. However, the solemnity of the feast will not be celebrated until the following Sunday.

City Council Tonight. — The city council will meet tonight to take up a number of street matters, the application of R. T. Durett for a telephone franchise, and may also decide to limit the number of saloons in Marshfield to thirteen until the population increases. It is not likely that the annual license will be changed as some of the councilmen want to raise it and others want to lower it.

Rebuilding Logging Engine. — Henry Hoeck's old logging engine was relegated to the scrap heap by an accident near Beaver Hill the other day. Some section men working on the road forgot to spike down the rails properly before allowing the engine to pass over the spot and as a result the rails turned up and tore the boiler to pieces. Luckily no one was hurt.

Launch The Fished. — The Fished, the new boat which Kruse and Banks are building for Captain Jensen of Bandon, was formally launched Sunday evening, Miss Leona Jensen, a daughter of Captain Jensen, christening the vessel. It was originally intended to have the ceremonies Saturday evening and quite a crowd gathered for the event, but it had to be postponed a day. The vessel will be taken out for a trial trip in July.

Personal Notes

SHERIFF W. W. GAGE of Coquille, is looking after business on Coos Bay.

CHARLES McKNIGHT has returned from Coquille where he spent a few days.

CLAYTON A. MEADE returned yesterday from a week's visit at Portland and nearby towns.

REV. FATHER CURLEY has returned from a brief clerical visit to Gardiner.

MRS. ABE LENTBROOK of Merrill, Oregon, is visiting her mother, Mrs. Hall and her brothers, John F. Hall and J. T. Hall, in Marshfield.

MRS. M. C. HORTON and daughter, Miss Lucy, are expected home on the Breakwater from Tacoma where the latter was just graduated from the Tacoma High School.

MR. and MRS. W. H. DRYDEN, pioneers of Empire and Coos Bay but now residents of San Francisco, left yesterday for their home after an extended visit at the Merchant home here.

J. A. DAY of the Ferro Machine and Foundry Company of Cleveland, Ohio, spent yesterday on Coos Bay looking after their interests. He was greatly pleased with the prospects in this section.

THE REV. W. F. HOLL left today for Washington where he will visit several points. He has not definitely decided where he will locate but he will return to Coos Bay before definitely deciding upon any point.

J. E. OREN, general manager of the C. A. Smith Lumber Company, returned last evening via Roseburg and Sumner from a brief visit with his family in Minneapolis. He reports local business conditions fair but general trade somewhat quiet.

HUGH McLAIN returned today from Port Orford where he has been figuring with R. D. Hume on the construction of a cold storage plant. He says that everything is looking prosperous in Curry county.

C. H. TILTON, a pioneer of San Francisco, is a guest at the home of his son-in-law, Wm. Rohrer of the Claymore, in Marshfield. His last previous visit was two years ago and he is much surprised and gratified at the growth of Coos Bay in that time. Although passed sixty, he is still active and holds an important position with the Central Milk Company of San Francisco with which he has been identified with for more than thirty-five years. Just as soon as he decides to retire from active work, Mr. Rohrer insists that he shall come to Marshfield to remain permanently and join the Coos Bay booster brigade.

W. H. SOULS, United States shipping commissioner and shipping and marine man for the Portland Oregonian, arrived on the Alliance yesterday to spend a short vacation on Coos Bay. Today he left with A. L. Courtney for Ten Mile where they will spend a few days in quest of the elusive trout. Mr. Souls has visited Coos Bay previously and is an enthusiastic admirer and booster of this section. Captain Olson of the Alliance, saw that he got into port all right and Harry Skinner, the local agent of the Alliance, told him how to catch real trout and not the water dogs which Otto Schetter tried to "palm off" on Skinner as a new species of the trout at Ten Mile.
