### DELEGATION ON FRANCHISE

(Continued From Page 1.)

matter referred to a committee of disinterested citizens to investigate and report back to the council, this having been suggested by J. W. Bennett who said that franchises should not be given away lightly but only after careful consideration by a committee of intelligent men.

Councilman Nasburg said that he thought the council itself should do the investigating as to refer it to a committee would only delay matters. W. U. Douglas also favored this plan and Mayor Straw finally decided not to name a committee of citizens for the purpose but to leave the matter to the council.

Councilman Nasburg during the discussion intimated that Manager Robertson had not attempted to get his company to make the necessary improvements here until a day or two ago, thinking that Mr. Durett had left for good. Mr. Robertson denied this charge.

The entire matter will be threshed out again at the special meeting Friday evening.

### TAX ON BACHELORS IMPOSED AT MILTON.

Officials of Washington Town Decide to Make Men Get Busy.

TACOMA, June 17. — Milton, a little town on the Interurban railroad reaching here from Seattle, has taken the bit in its teeth and placed a tax of \$5 per annum on bachelors. The town is filled up with marriageable single men, and the city council, confronted with a deficit in the treasury and also desiring to increase the population, passed the bachelor tax ordinance, which the mayor promptly approved of. One of the city councilmen happened to be a bachelor. He made a vigorous kick but was promptly squelched by the council not allowing him even to vote, declaring that he was disqualified through personal interest.

### TEN MILE MAN FREED ON CHARGE OF THEFT

Tom Hagerty Found Not Guilty of Larceny by Jury in Justice Pennock's Court.

Tom Hagerty, arrested on suspicion for the petty depredations in the Ten Mile country, and specifically charged with the theft of a boat belonging to Otto Muetzel was found not guilty by a jury in Justice Pennock's court last evening. Hagerty demanded trial by jury and a number of witnesses were heard. After the verdict was returned, Hagerty was given his freedom as the boat case was the only one in which Prosecuting Attorney Liljeqvist believed that he had direct evidence against the accused.

Hagerty admitted taking the boat in question but claimed that he thought it had been abandoned as worthless. Three other witnesses testified that the boat had not been abandoned, that Mr. Muetzel used it almost daily and that it was worth more than \$20. However, the jury evidently based their decision on Hagerty's claim that he was not aware that he was doing anything wrong when he took the craft.

More than 500 neighbors and friends gathered at the Mangan Undertaking parlors yesterday afternoon to pay tribute to the memory of W. H. Gamble, the well-known Coos Bay business man and pioneer who died recently at Tucson, Ariz., where he had gone for the benefit of his health. The funeral was one of the most largely attended recently held on Coos Bay, North Bend, Marshfield and Coos county in general, being represented in the cortege.

The services were held in the new chapel of the Mangan Undertaking parlors which was handsomely decorated. The floral offerings were probably the largest and most numerous that have been seen here recently. The service which consisted only of the regular Episcopal burial service was conducted by the Rev. Wm. Horsfall.

He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. ## Buy Your Wife a GAS STOVE

It converts the drudgery of the kitchen into a pleasure. It reduces a woman's housework one-half. You can sleep later in the morning as the fire does not have to be made a half-hour before time to cook.

Call at the office and see those instantaneous water heaters. Turning on the cold water lights the gas and heats the water in one minute, turning the water off shuts off the gas.

You would not think of going back to the old kerosene lamp after using electric light, would you? Well, when you have once used a gas stove nothing could induce you to use anything else.
