

LOCAL TEAMS TAKE GAMES

(Continued From Page 1.)

seen by Miss Fann Outt: "Those who out-guessed the weather yesterday and journeyed with the ball team to Bandon got all they could expect, and they are now thanking themselves that they were loyal to the team. The day turned out to be one of Oregon's finest, and the game was interesting from the start to finish.

"Both teams put up a good exhibition of the national game, but the 'clam-digging kids' came through with the big wallops at the right time, and gave the beautiful ladies of beautiful Bandon a chance to sigh with Marie Cahill, 'Ain't it awful, Mabel.' Marshfield was always ready to take advantage of Bandon's slightest errors, and even stretching them when a chance offered, while Bedillion's hundred dollar babies wouldn't take a chance.

"Jordan served the peaches and cream for Bandon, and while he really pitched a good steady game, the boys say, however, wasn't at his best as he was just recovering from a rough ocean voyage. But say, Thiele was the man that dispensed the pepper sauce for the visitors, and he sure pitched big league ball from the time he rolled the first one down the trough until the last Bandon man met his Waterloo. All of the Marshfield team played good ball, but the victory was largely due to Marshfield's battery. Thiele and Rutledge—that's where the credit belongs. Bill is certainly 'there' when it comes to pitching, and Rut, the Emmetsburg kiddo, received the spit-balls without an error.

"Owen showed up well in all departments of the game and thoroughly demonstrated the fact that nothing in the county is better. Mickey showed up well in his new position at third, and Goldie played his usual heady game, Bryan also distinguished himself at the stick, getting two safe singles and a two-bagger. Tower and Butler played good ball and Dimmick stopped some hot ones at first.

"Agnew of Marshfield, and McFarland of Bandon umpired a good fair game and deserve a great deal of credit.

Notes of the Game.
"Skinny Myers" showed himself up when he attempted to swat the umpire after he was hit by a pitched ball—the umpire refusing to give him his base as Skinny purposely stepped into the ball. By such actions Myers disgraced himself and the college he came from which is saying a great deal.

"Grandpa Goldie demonstrated the fact that you can't hurt wood by standing up before the speedy Jordan with the nerve of Socrates.

"Tower made a good try for one in the field and would have gotten it—if.

"The absence of the Marshfield fair ones allowed Dimmick to dream he hadn't come on several occasions.

"The Bandon rooter had lots of wampum to wager on the game up to the fourth inning, when the money market took an awful slump."

MANY COMING TO COOS BAY

Easterners Interested In Big Coal Proposition Here—Others Coming.

Travel toward Coos Bay has apparently received a stimulus with the arrival of June and when the weather settles down to normal the usual crowds may be expected on Marshfield's streets. Inquiries about the Coos Bay country are also on the increase. Today a telegraphic request was received from the firm of Ware & Leland of Chicago, who are negotiating for a big coal proposition here, for two dozen Coos Bay booklets to be forwarded immediately.

There were men on the Bay last week looking for dairy farms, for manufacturing locations and land suitable for a number of families headed west.

CHANGE FERRY LANDING FROM 'W' TO 'X' STREET.

Owing to the objections of Claude Nasburg and Eugene O'Connell, who owned the property abutting on 'W' street, it has been determined to change the west terminus of the ferry to Eastside from 'W' to 'X' streets. The new terminus is about 200 feet further north than 'W' street.

'X' street is 60 feet wide while 'W' was only 50 feet wide. 'W' is the street running to the water front just north of Wolcott's store. Messrs. Nasburg and O'Connell claimed that the dredging out of 'W' street for the slip would seriously damage their property and had made arrangements to enjoin the building of the slip. It ought to be more than satisfactory to the most enthusiastic or critical fan and consequently it is not supposed that there will be any trouble in getting the money to maintain the team properly.

NORTH BEND-COQUILLE.

Coos Bay Team In Fine Form but Coquille Proves Game.

The North Bend-Coquille game was a surprise to the rooters on both sides. North Bend was in good form, the first time since the season opened, and Coquille surprised themselves by scoring at what seemed to be impossible moments, getting in men after two were out and no men on bases.

The score:

| | |
|-------------|-----------------------------|
| North Bend. | 0 1 4 0 0 1 1 0 1 0 0 0 1—3 |
| R H E | 9 19 3 |
| Coquille. | 0 2 0 3 2 0 1 0 0 0 0 0—8 |
| R H E | 8 14 4 |

The game lasted from 2:30 to 5:30 but didn't seem long and the fans remained as though glued to their seats. Harrington, the umpire, made some rank decisions but as they were fairly evenly balanced, both sides concede that he tried to do the right thing.

Features of the batting were two baggers by Keane and G. Gaffney of North Bend by Lorenz and Howell of Coquille.

Only about thirty-five North Bend fans accompanied the team, the weather keeping the others at home. Manager Whisnant is overjoyed at the turn things have taken and he is inwardly promising himself that what will happen to Marshfield the next time they meet North Bend will more than revenge the two crushing defeats his aggregation have suffered.

HOO HOOS AT NORTH BEND

Lumbermen's National Fraternal Society to Install Branch There Tonight.

Today is "Hoo Hoo Day" on Coos Bay and tonight it will probably be "Hoo Hoo Night" at North Bend if half the things are done to the candidates, who are to be initiated there tonight, that the full fledged local Hoo Hoos in charge are promising each other. It will be the first Hoo Hoo Concatenation on Coos Bay and after it is all over, Coos Bay will have a full fledged branch of its own of the national organization. No formal program has been announced, probably because J. E. Oren, J. F. Bode and the dozen or so other Hoo Hoos don't want the candidates to get even an inkling of what is going to happen to them.

A large number of Hoo Hoos came in Saturday, yesterday and today from Portland and other points to attend the doings at North Bend tonight and at Bandon tomorrow or next day. Among those who came in on the Alliance today were: A. H. Potter, C. S. Keller, David Davis, J. S. Hamilton, R. H. Scott, H. H. Has-kill and F. P. Baumgartner.

Membership in the Hoo Hoos is limited to men actively engaged in some phase of the lumber business.

PECULIAR CASE WILL NOT BE PROBED YET.

Charles Haarsen of North Bend, Says He Cannot Make His Story Public For a Time.

Mrs. Chas. Haarsen (not Harris as hitherto given), the North Bend woman who was declared insane, was taken to the Oregon state asylum at Salem today.

Chas. Haarsen, the first mate of the Omega, who was generally regarded as the woman's husband but to whom Sheriff Gage alleges she was never legally married, feels much grieved over the case. He appeared before Prosecuting Attorney L. A. Liljeqvist this morning. At first, Mr. Liljeqvist insisted that Haarsen furnish \$200 bonds for his appearance at the next term of court. Mr. Haarsen remonstrated and says that after he told his story and the truth about his connection with the woman, Mr. Liljeqvist allowed him to go without bail. Mr. Haarsen says that he cannot make a public statement at this time, but will do so as soon as she recovers sufficiently to substantiate his claims. He says that he will do all in his power to aid her.

Prosecuting Attorney Liljeqvist said this afternoon that Haarsen had slightly misunderstood him. Mr. Liljeqvist said that he had taken the matter under consideration until he could consult District Attorney George Brown.

Buy Your Wife a GAS STOVE

It converts the drudgery of the kitchen into a pleasure. It reduces a woman's housework one-half. You can sleep later in the morning as the fire does not have to be made a half-hour before time to cook.

Call at the office and see those instantaneous water heaters. Turning on the cold water lights the gas and heats the water in one minute, turning the water off shuts off the gas.

You would not think of going back to the old kerosene lamp after using electric light, would you? Well, when you have once used a gas stove nothing could induce you to use anything else.

NOTICE.

All property owners or tenants who have not had their stove-pipes and chimneys cleaned are urged to have them cleaned at once as the "Chimney Sweep" will leave the Bay before long and the opportunity will be gone. Some people cleaned their stove-pipes and let their chimneys go. The chimney should be cleaned as well as the stove-pipes as they are just as dangerous. The "Chimney Sweep" will climb on top of your houses and see if the flue is in good shape or needs cleaning. He does his work satisfactorily and his charges are reasonable.
