

## START PAVING ON WEDNESDAY

W. O. McCann Expects to  
Begin Front Street Job  
Tomorrow Morning.

W. O. McCann announces that work on the front street asphalt paving will start tomorrow morning. Mr. McCann has arrived with seven men, his teams and all of his machinery and most of his material is here. He figures on rushing the work through to completion, probably doing the section of front street, between the city hall and 'B' street first and then taking up the Broadway and 'C' street jobs pending an agreement with the few property owners, including the C. A. Smith Company, who have not signed for asphalt.

Mr. McCann expects to call the property owners on the various jobs together if possible before starting the work, but if this is not convenient he will try to adjust the matter with them privately. Aside from the C. A. Smith company, Eugene O'Connell is the principal property owner holding out against asphalt.

**Prospect Avenue Protest.**  
The property owners of Prospect avenue, as 'B' street is known between Seventh and Davidson owing to the jog preventing it continuing on a straight line, are remonstrating against the proposed improvement of that thoroughfare. Sometime ago, the grade was ordered established but owing to a change in the plans, the grade was altered a few days ago. While the council has taken no action towards the permanent improvement, it has been understood that they would try to improve it from Fifth street to Davidson. J. T. Hall, John F. Hall, C. A. Pennock, E. D. McArthur, Father Donnelly, George Beal and others have filed a petition with City Clerk Squires protesting against any improvement in the thoroughfare at this time.

### W. O. W. AND W. OF W. TO HOLD JOINT INSTALLATION.

The local camp and circle of the Woodmen of the World and Women of Woodcraft will give a public installation at I. O. O. F. Hall, on Wednesday evening, July 1st. A splendid programme is being arranged and will be announced later. The entertainment and installation will be in the upper hall followed by an "informal hop" in the lower hall for which the Coos Bay Orchestra has been engaged.

The invitations which will be "complimentary" for the members and friends will be issued in a few days. The committees in charge of the affair for the Women of Woodcraft are: Mesdames Taylor, Selmon Coke, Cowan and Pettyjohn, and for the Woodmen of the World: Campbell Douglas, McLain, Nicols and Wolcott.

### MIRTH REIGNS AT W. O. W. SOCIAL.

One of the most entertaining events occurs at the Woodmen of the World camp meeting.

To say that the "smoker" and "high jinks" given by Coos Bay Camp Woodmen of the World at their meeting on Saturday evening, was a "hummer" would be putting it mildly. The programme was most unique and the "patrol" wagon appearing on the streets made many wonder what was doing. The character sketches of Vince Pratt "Gazoot" Dodge and McCullough, the three round boxing match between Castle and Faulkner, and musical number by F. A. Sacchi, all brought rounds of applause. W. U. Douglas and Special Organizer Beakey made short interesting remarks about the order and the two hundred present joined in singing "Come to the Forest of Woodcraft," "Keep the Logs a Rolling" and "I'm afraid to Go Home in the Dark," etc. At the close of the entertainment, a sumptuous banquet was served and those present were unanimous in praising the committees who were Alex Campbell, Tom Nicols, J. W. Chapman, Mat Gustrom and Jas. Barrie for one of the most enjoyable affairs ever pulled off in Marshfield.

## TEAMSTER IS BADLY HURT

Tom Thorson Is Seriously  
Hurt In Accident at C. A.  
Smith Mill.

Tom Thorson, a teamster of the C. A. Smith mill, was critically if not fatally injured about 6 o'clock last evening at the mill by being crushed between two loads of lumber. His head was crushed, the skull being fractured near the base but physicians say that there is a slight chance for his recovery.

Thorson was driving through one of the alleys with a load and stopped to take off the chain. Just as he unfastened the chain, the team started up, throwing the load against him and crushing him against another.

Workmen nearby quickly released him but the pressure to which he was subject was great.

## Buy Your Wife a GAS STOVE

It converts the drudgery of the kitchen into a pleasure. It reduces a woman's housework one-half. You can sleep later in the morning as the fire does not have to be made a half-hour before time to cook.

Call at the office and see those instantaneous water heaters. Turning on the cold water lights the gas and heats the water in one minute, turning the water off shuts off the gas.

You would not think of going back to the old kerosene lamp after using electric light, would you? Well, when you have once used a gas stove nothing could induce you to use anything else.
