The people of the South Fork country have arranged for a grand celebration of the Glorious Fourth at the Baker grove, about five miles south of Myrtle Point. The plans contemplate one of the liveliest celebrations of the nation's birthday ever held in this section of the country and the people who have taken hold of the matter fully expect a large crowd to join with them in the festivities, there being no other celebration of the day closer than Coquille.

Pacific coast mariners are urging the need of a shelter cove somewhere between San Francisco and Portland, and Port Orford has been suggested as one of the most favorable points along the coast for such a shelter. It is said that with the blasting out of a few rocks that now threaten vessels that make use of that harbor, the place could be made available for the use of any vessel in the coastwise trade, and could undoubtedly shelter any ship that floats from a severe storm.

The annual school meeting was held Monday. J. S. Whitaker was placed in nomination for director for a three-years' term and was unanimously elected. He succeeds S. S. ## A Sanitary Meat Market That Is Sanitary

TO THE PUBLIC:

We have just added another important improvement and addition to the Sanitary Meat Market in order to render better service to the people of Coos Bay. This time it is a large meat refrigerator, the only one of the kind in Coos county. It is large enough to hold twelve beefs with an additional compartment for the retail department. When completed it will also have a large apartment for ammonia tanks to manufacture our own ice and refrigeration. This will preserve all our meat at a cool uniform temperature, free from dust, dirt and any and all forms of contamination. Clean sweet, tender and juicy will be the condition of every bit of beef, pork, mutton, poultry that goes out of this market. This refrigerator made by S. Berkenwald, of Milwaukee, Wisconsin, is one of the most modern and best equipped that is manufactured in the United States and equal to any found in Portland or any large city in the country.

We expect to have the first section of this refrigerator completed tomorrow and the public is cordially invited to call and inspect it and see what a model, modern meat market we are making. You will be welcome to see and inspect this without making any purchases. We want you to see that Coos Bay is up-to-date entitled to the best there is and that is what we are giving you. We already have the McCaskey system of accounts and the automatic computing scales so that the business department is keeping step with our sanitary service in the meat line.

Don't forget to drop in either Friday or Saturday and see this refrigerator. We have nearly two and a half tons of ice in the box so that it is pretty cool but we will give you a warm welcome.

YOURS FOR CLEANLINESS AND SANITARY SERVICE.

## The Verdict of the Ladies

(And who could be better jurors in such matters?) is unanimous when it comes to a trial of bread, pies, cakes and all forms of pastry, in our favor. To quote another: "There's a reason," to wit: Fine flour blended, honest mixing, conscientious kneading, just the right ingredients, the proper oven, and a watchful eye keenly alert to general results. We'd like to bake for you. A little order will prove whether we should or not. We want that sample order.
