The Verdict of the Ladies

(And who could be better jurors in such matters?) is unanimous when it comes to a trial of bread, pies, cakes and all forms of pastry, in our favor. To quote another: "There's a reason," to wit: Fine flour blended, honest mixing, conscientious kneading, just the right ingredients, the proper oven, and a watchful eye keenly alert to general results. We'd like to bake for you. A little order will prove whether we should or not. We want that sample order.

NORTH BEND NEWS

The Omega came down from Porter and will finish loading lumber at North Bend.

The schooner Encore came in from a six months voyage from Chill, South America, on Friday evening.

C. Nollner of North Bend, who has been in Coquille several weeks, has returned and will spend a short time with relatives on Haynes Inlet.

The Nome City came into North Bend at 5 o'clock. Captain Olsen was kept busy coming up the Bay blowing the whistle, the fog was so very dense.

The celebration at Coquille Saturday was an ideal one. The people did themselves proud. The decorations were nearly as good as those in the city and every one said that they were royally entertained. Many have never enjoyed a Fourth so well. There was a very large crowd, estimated at two thousand, and the cars could not accommodate them.

The exercises were very good and Mayor Hawkins' address was particularly fine and full of new ideas. There would have been many more except for the diphtheria scare—as there are two houses quarantined.

There was plenty of everything to eat—the meat at the barbecue was first-class—and there was plenty of it. It was cooked by Mr. Cooper and he certainly did it well. Among those going from North Bend, Mr. and Mrs. Robt McCann, Miss Lillian M. Cann, Mr. and Mrs. G. E. Mickey, Mr. and Mrs. Fred Olsen, Mr. and Mrs. Henry Kern, Mrs. Davis, Mrs. Johnson, Mr. and Mrs. Ed. Mather, E. F. Burney, Miss Susie Minott, Dale Minot, Mr. and Mrs. Geo. Bolster and many others.

COQUILLE CULLINGS.

Coos County Seat News as Told By The Herald.

The Arago brickyard was fired last week and is burning in nice shape. It will be only ten days or two weeks till they will have brick on the market.

Eugene Cox, an engineer, was struck on the head by a flying block in the Conlogue camp Monday, and it was thought his skull was fractured. We hope his injuries may prove not so seriously.

A quiet but beautiful wedding took place at the home of the bride's parents, Mr. and Mrs. T. P. Hanly, of Lampa, on the 24th inst., their daughter, Miss Theresa and William J. Sweet being joined in wedlock by Rev. E. B. Jones, of Coquille.

Milton Johnson, a former resident of the South Fork near Myrtle Point, arrived Sunday from North Yakima, Wash., at the Point and is enjoying a visit with his parents, Mr. and Mrs. Samuel Johnson. He went to Bandon yesterday to see Wm. Jenkins, grandfather of his wife.

D. R. Perkins will bring the big elk which was taken last summer by Otto Epps, Glenn and Ed. Baker and W. C. Rose, and which has been mounted by an expert taxidermist. It is said he is one of the finest specimens ever seen in these parts. The animal stands nearly 18 hands high at the withers, and with his huge antlers, presents an imposing appearance.

Mrs. G. R. Wickham, the boarding house keeper, with her son and daughter, Eugene and Miss Katie, have returned from their visit to Mrs. Wickham's old home in the Cavaleras mountains in California. This was her first visit to the old home for 35 years. There have been a great many changes in the appearance of the country around as well as in the people, many of the old timers having passed over or moved away, making a streak of sadness appear along with the many pleasures she had her 58th birthday dinner at the old home.
