No. 15.

SENATOR FULTON WILL COME TO COOS BAY WITH NEW DREDGE

Accepts Invitation to Be Present When It Arrives in August.

BOOSTERS WILL ATTEND CONFERENCE

Delegation From Northern Oregon Will Come Here During Fair.

According to the Inspector in charge, the dredge will be completed by August 5. Ten days are allowed for equipping with provisions, men, etc., and for trial test. It should be ready to be taken in tow about the 15th of the month. An additional amount of piping has been ordered, and it will have enough to carry the dredgings 4,000 feet. The new dredge is a fine piece of machinery with wonderful power. It can handle 6,000 cubic yards of ordinary earth in a day. In soft mud it will handle 7,000 to 9,000 yards. A system of fencing to hold the silt and mud is used whereby anyone who does not desire his low land filled can have it left a kind of hole in the ground.

Sec. Walter Lyon of the Chamber of Commerce brought the above information with him on his return from Portland today. He is greatly pleased with the outlook of affairs in general and while in Portland and other northern cities found great interest in Coos Bay, many expressing their intention of coming here soon to look the country over with a view of locating or investing.

Senator Fulton to Be Here.
Making all allowances, the government dredge should be in the bay by the opening of the Fair. Senator Fulton has been invited to be present upon the arrival of the dredge and to attend the Fair, and has accepted the invitation.

Foreign Ships.
T. S. McGrath of the McGrath shipping firm, would have been here by the last steamer but for his being called away to the Sound. He will be here within a few days to make arrangements for wharfage and warehouse facilities. His vessels have an average draught of 23 feet.

The District Fair.
The coming Fair and commercial congress is attracting considerable attention on the outside. The present indications are that there will be an aggregation of horses and other live stock that will mark an era in the stock business of southwestern Oregon. Independence, Polk county, will send down four racers. Reams of Seattle, will have a string here. Fred Merrill of Portland, will ship some from his stables. A. C. Ruby, the importer, will have stock at the Marshfield Fair. Roseburg will be over in full force with horses and cattle. The time is at hand for every citizen of Coos county to put his shoulder to the wheel in making an unparalleled success of the Fair. It means much for this section.

A Novel Plan.
Of no less importance is the commercial congress to be held in conjunction with the Fair. A week before the congress opens, a delegation will start from Salem and hold a series of booster meetings, having the final one here. Representative B. F. Jones, Col. Hofer, Oswald West of the Railroad Commission, and Attorney General Crawford will be among the delegation. The second meeting will be at Albany, next at Eugene, then Cottage Grove and Roseburg coming from the latter place to Coos Bay. At each point, the party will be joined by other boosters and the prospects are that the commercial congress will be one of the memorable development meetings of the state.

MISS JOSEPHINE WILLIAMS has taken a position as chief operator in the Marshfield exchange of the Pacific States Telephone Company, succeeding Miss Della Chapman who leaves for a vacation. On her return, Miss Chapman will be identified with the accounting department of the exchange.

BOND ISSUE WILL BE SOLD

School Board Will Place \$50,000 in Securities Tomorrow Morning.

The Marshfield school board will meet at 10 o'clock tomorrow morning to close the sale of the \$50,000 issue of bonds, recently voted for the erection of a new high school here. Part of the bids were opened Saturday but owing to a delay in the mails all of the bids didn't reach here in time to make the award then and adjournment was taken until tomorrow.

The contract for grading the site for the building has been awarded to E. G. Perham for twenty-nine cents per cubic yard. There was only one other bidder, D. W. Small who wanted thirty-one cents per cubic yard and a fee for removing the stumps. The contract for the heating and ventilating was awarded to the W. G. McPherson Company of Portland for \$7,215.

BEAT BANDON THREE TO TWO

Marshfield Takes Pretty Game Sunday After Hard Battle.

Standing of the Clubs.	Per	Won	Lost	Percentage
Marshfield	6	2	750
Coquille	5	3	625
Bandon	4	4	500
North Bend	1	7	125

In one of the best games ever seen in Marshfield, Bandon lost to Marshfield yesterday by a score of 3 to 2. Bandon scored one run in the first of the second and one in the first of the eighth while Marshfield scored one in the last of the second and two in the last of the eighth. Bandon played an errorless game and all but two or three of Marshfield's errors were excusable ones, although one of Bandon's scores was due to them partly.

In the pitcher's battle, Thiele had considerable the best of it even though his support was not quite as glib-edged as Bandon gave Jordan. A three-bagger between center and left by Causley in the eighth that came might near being good for a home run on account of bad throws from the field by McKeown to Owen and in turn by Owen to McCutcheon was the long hit of the day. The hit that did the business for Marshfield, though, was a pretty drive by Kelly in the eighth when the bases were full, bring in the two winning scores.

Eighth Feature Inning.
The eighth was the feature inning of the game, a little vaudeville stunt being introduced that added ginger to the game. Causley started things early in it for Bandon by landing a pretty three-bagger. He reached third about the time that the ball did but it was a bad throw and McCutcheon seeing that he couldn't get it before it reached the ground attempted to fall on it, fearing a bad bounce. As he fell, he landed on Causley who was sliding. The ball rolled on past but Thiele was there. McCutcheon didn't get up as quickly as some of the Bandon fans thought that he should and they rushed to third, accusing him of holding Causley. For a moment it looked as though there would be trouble but it passed over. Schofield who followed Causley at the bat struck out. R. Meyers was up and hit a slow one to third. McCutcheon
