We are doing some building in Nebraska and Wyoming as well as on the Pacific coast now."

"How is business in your territory?"

"Don't call it my territory," peevishly answered Mr. Harriman, "It's all my territory, just as it's any other man's territory. It's all independent."

The party was joined here by General Counsel Lovett of the Harriman lines who went west with the magnate.

BRYAN'S SPEECH SHORT.

Will Accept Nomination In 1,300 Words. (By Associated Press.) LINCOLN, Neb., August 4.—Contrary to expectations, the speech of acceptance by W. J. Bryan will be short. It was stated that by actual count it contained 1,300 words. While the issues of the campaign will not be discussed or be gone into at great length, his views are being reserved for more elaborate treatment in special speeches.

The use of the phonograph in the dissemination of the speeches by W. H. Taft as reported in dispatches from Hot Springs, has excited the liveliest interest here.

Bryan today gave out a statement saying that the Republican papers have been making fun of him for using the phonograph, but he presumes the criticism will cease now. Bryan is much pleased with the decision of Secretary of State Junkin, confirming the fusion arrangement between the Democrats and the People's party which will have the effect of throwing a large number of populist votes to the Democrats in Nebraska.

Only Hope Of Checking Conflagration Is Rainfall. NOT A DROP MAY FALL FOR WEEKS

Several Towns Still In Danger But Hope Is Held For Them.

(By Associated Press.) SPOKANE, Wash., Aug. 4.—The great forest fire still rages unchecked through the pine firs east of the Keeloni path, the charred stumps and smoking ruins stretching for nearly fifty miles along the tracks of the Canadian Pacific railway. At some points, it is but a mile wide, and other over ten miles. Only rain can put out the flames, and weeks may pass before a drop of water falls but the worst is over.

A few scattered settlers live in the woods and these have had abundant warning and today the towns are full of hope that the danger is passed.

Hosmer has been scorched but now seem safe. Crow's Nest is believed to be in danger.

Michel is in the greatest danger. Even there the fire fighters have the flames under control and unless high winds arise, the town will be saved.

It is now hoped that the entire death roll may not exceed 75. Spokane today is sending another shipment of relief supplies to Fernie.

BOON'S WIFE ASKS DIVORCE

Bandon Family's Difficulties Will Be Threshed Out In Court Soon.

(Special to The Times.) COQUILLE, Ore., Aug. 4.—Mrs. Winnie Valkenburg Boon of Bandon, has instituted suit for divorce from Daniel Boon, who gained considerable notoriety in Bandon about a year ago in connection with the fire which destroyed their restaurant in the Blackberry building. Mrs. Boon alleges cruel and inhuman treatment and desertion. The case will come up for trial at the coming term of court. The petition for divorce passes over the numerous family jars, with which the entire community in Bandon is familiar, rather lightly. Boon was arrested shortly after the fire, but was ordered released by Judge Hamilton, and the grand jury which investigated the case failed to report any true bill. Boon then instituted suit for heavy damages against the city.

Boon left about a year ago and his present whereabouts are unknown.
