Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." For sale by JOHN PREUSS.

NORTH BEND NEWS

C. E. Jordan of Eastside, was a North Bend visitor yesterday.

Miss Mary Vineyard of Coos River, is at the Mercy hospital studying to become a nurse.

Mrs. Martin and children, were the guests yesterday of Mrs. John Lennon of Porter Addition.

Miss Myrtle Hodson of the telephone exchange is visiting friends in Marshfield today.

Mrs. H. Pert of Gardiner, who has been a patient at the Mercy hospital for a short time, is improving and expects to return home soon.

Little Daisy Brant, who has been in Mercy hospital for almost two years, underwent another operation a few days ago and is doing nicely now.

Earlier in the season there were a good many idle men here but now everyone is busy. There is a great deal of street and sewer improvement being done and a force of men and teams are now excavating for two new buildings on Sherman avenue.

Frank Durga is now able to eat most everything and looks very well. He was fishing the other day and caught enough crabs to furnish the men with a crab supper. Mr. Durga will be out of the hospital in eight or ten days, but says he has taken horseshoes and pocket knives off his diet list.

The steamship City of Panama will leave Marshfield for SAN FRANCISCO, SATURDAY, AUGUST 8. For freight or passage apply at Breakwater dock, L. W. Shaw, agent.

BANDON WILL IMPROVE BAR

Government Gives Consent For Construction of Jetty to Shut Off Lagoon.

Work on the construction of a jetty, 900 feet long, to shut off the Bandon lagoon and increase the minimum depth of water on the Coquille river bar to fifteen feet, will be started within ten days, according to C. E. Kopf, editor of the Bandon Recorder, who was in Marshfield yesterday on business. The Bandon commercial club is behind the project and President Geo. P. Topping has just received a permit from the government which enables the citizens to do the work by private subscription. It is estimated that the jetty will cost \$6,000 and already \$4,000 of this amount has been subscribed by Bandon property owners. Steps will be taken at once to secure the remainder of the fund for the jetty project. It is expected that the citizens of Coquille will contribute liberally towards the fund as the improvement of the Bandon bar will be almost as beneficial to the entire Coquille River as to Bandon. It has been intimated that Coquille and the points above Bandon will raise practically all of the remaining \$2,000 required for the work. It is figured that the jetty which will prevent the high tide spreading out over the lagoon will result in the sand at the mouth of the Coquille being forced out into the ocean. The improvement of the Bandon bar is badly needed at this time as it has been filling rapidly recently.

Oh, What Joy!

"Cured at last! Oh, what joy to think that I have at last been cured of that awful bowel trouble," are the words of A. C. Butler of Cold Springs, Texas, who suffered off and on for twelve months with a disorder of his bowels, and finally, after almost giving up in despair, was cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy. No one need suffer from colic or diarrhoea, for this remedy always gives prompt relief. For sale by JOHN PREUSS.
