No. 32.

OVER 5,000 TROOPS RESTORE ORDER AT SPRINGFIELD ILL.

Peace Reigns After Race War Has Wrought Fearful Results.

TWELVE DEAD AND OVER 100 HURT

Thousands of Negroes Flee From City Never to Return. Investigation Begun.

(By Associated Press.)
SPRINGFIELD, Ill., Aug. 17.—It is estimated that 2,000 negroes have left the city since Friday, many going to other states, never to return here. About four hundred negroes are sheltered temporarily by the state.
With over 5,500 soldiers patrolling the streets, Springfield is quiet today.
At least a dozen are dead, over 100 injured and the property loss will reach far into the thousands as a result of the outbreak.

SPRINGFIELD, Ill., Aug. 17.—The race war is believed to be a thing of the past. Last night passed without an untoward incident. Sporadic cases of disorder may claim the attention of the militia, but it is not anticipated that the troops will be confronted with any serious tasks. Large numbers of additional troops arrived today.
Springfield today entered on the second stage of the riot by starting an investigation of the outrages. A special grand jury was summoned this morning by Judge James A. Creighton for the investigation and may be in session so long as mob violence is threatened. Evidence will be submitted from day to day and indictments will be returned as soon as a case is made against an individual.

ALIBI FOR RICHARDSON.

Neighbors Declare He Was Home at Time of Assault.

(By Associated Press.)
CHICAGO, Ill., Aug. 17.—A Record-Herald special from Springfield states that neighbors of Richardson, both white and colored, are prepared to swear he was at home all evening on the night of the assault on Mrs. Hallam. His wife says he was not intoxicated that evening, and that he was home all night. Mrs. Richardson has the respect of her neighbors, both white and black.

NOT SURE OF MAN.

Mrs. Hallam Not Positive of Assailant's Identity.
(By Associated Press.)
CHICAGO, Ill., Aug. 17.—A Tribune special from Bloomington, says Mrs. Earl Hallam, who was assaulted by the negro Friday night, causing the riot, death and bloodshed at Springfield, is not positive that Richardson is the man who committed the act but believes he is. The general appearance are the same. Mrs. Hallam is greatly grieved that she was the indirect cause of so much trouble and loss of life.

WHAN CHANG TRIAL SOON

Korean Who Killed Durham White Stevens, to Be Tried at Frisco, September 21.

(By Associated Press.)
SAN FRANCISCO, Aug. 17.—The case of Whan Chang accused of the murder of Durham White Stevens, the former advisor of the Korean government, came up today before Judge Conley sitting in Judge Cook's department of the Superior court and was set for trial September 21.

RACE FRACAS IN CHICAGO

Policeman Seriously Wounds Young Negro Who Refused to Obey.

(By Associated Press.)
CHICAGO, Ill., Aug. 17.—Walter Allen, a young negro and several companions jeered a policeman who ordered them to "move on" last night. In the encounter between Allen and the officer, Allen was shot and seriously wounded in the back.

HIGH SCHOOL AT DRAIN.

Citizens Arrange to Maintain It By Subscription.
DRAIN, Ore., Aug. 17.—Arrangements have been made to add the higher grades to the public school, the latter to be maintained by subscriptions for a term of five months. A competent teacher or teachers will be employed for the high school, and there is no doubt that it will be one of the very best schools in the state. The citizens of the district are subscribing liberally for the school, and it is sure to be a success. A committee composed of J. H. Sneed, Lee Barker and Mrs. W. B. Newton was elected and given full power in the management of the high school, in the way of soliciting subscriptions, employing teachers, etc.

LACK OF RAIN SHUTS MINES

Eighty Per Cent of Mines on Monongahela River Forced to Suspend.

(By Associated Press.)
PITTSBURG, Pa., Aug. 17.—Work has been suspended by eighty per cent of the coal mines on the Monongahela river, and thousands of miners are idle as a result of the low water in the Ohio river. Practically all the coal in this district is sent out by river, but recently the water has been so low that the shipment has been impossible. Unless rain comes soon, there will be much suffering among the miners.

FIGHT FOR SENATOR.

PORTLAND, Aug. 17.—The Portland Journal says: "Senator Charles W. Fulton, in his race for re-election to the United States senate and his desire to defeat the will of the people of Oregon and the ratification of the election of Governor Chamberlain, expects seven State No. 1 members of the legislature to prostrate their pledges and go into a joint caucus on the United States senatorship. That is the ultimate aim to all his plotting.
"Senator Fulton wants a joint caucus of the members of the legislature, every one of whom will pledge himself before going in to abide by the will of the caucus as regards the election of a United States senator.
"Incidentally he expects to be that nominee, but he is not saying that to those whom he wishes to go in to the conclave. All efforts to control the organization of the legislature, and all effort to gain control of the party machinery of the state by the deposition of William M. Cake from the chairmanship of the republican state central committee, is subordinate to the effort to secure the 46 members of the legislature for the senatorial caucus.
"Fulton agents are now busy sounding the different members of the legislature regarding the joint caucus. It is known that every one of the anti-Statement No. 1 members of the legislature has been seen and it is said that all of them have agreed to go into such a caucus."

CARP LAKE STEAMER BLOWS UP BROTHER HOLDS BACK CROWD WHILE BROTHER GETS REVENGE

One Known Dead and Many Injured and Missing as Result of Steamboat Disaster in Michigan, Today.

(By Associated Press.)
TRAVERSE CITY, Mich., Aug. 17.—One is known to be dead and a dozen or more are missing and supposed to be drowned, two fatally injured and a number seriously hurt

as a result of the blowing up of the steamer Lalauan on Carp Lake. The steamer which plied between ports on Carp Lake, was on her way from Leland to Fouché on the early morning trip, with between thirty and forty passengers on board. At 7:30 o'clock the boiler blew up hurling many into the lake and scalding others. The upper works were entirely blown to pieces. A panic followed the explosion and for a time little help could be given those who were thrown into the water.

COQUILLE 3; MARSHFIELD 2

Takes Third Extra Inning Game In the Eleventh On Home Grounds, Sunday.

Standing of the Clubs. Per-Won. Last centage.
Coquille 8 3 727
Bandon 7 4 636
Marshfield 6 5 555
North Bend 1 10 90

Coquille trimmed the Marshfield ball players in that city yesterday in a close and exciting game of 11 innings by a score of three to two. This is the third time this season that these teams have played extra inning games and shows how evenly matched the teams are. Coquille's victory is due principally to their hitting, as she has one of the heaviest hitting teams in the league. Marshfield's team on the other hand, with the exception of one or two of the players doesn't seem to be able to connect squarely with the ball, and easily succumbed to Gardiner's "curves." Thelle, however, though working against odds and with a severely mashed finger pitched big league ball all of the time, keeping the hits well scattered.
Marshfield was first at the bat, and King Kelly the head of the batting order landed on the first one Gardiner sent over for a clean single. McKeown got to first on a fielder's choice, Kelly being caught at second. McKeown stole second and scored on McCutcheon's long fly over the ditch in left field.
Coquille scored in her half of the first also. Thomas got a hit and was permitted to go completely around the bases by two errors.
The teams remained tied until the fifth when Marshfield scored again. Welch was given a pass to first and went to third on Kelly's hit. McKeown, the next batter for Marshfield knocked a hard drive out between right and center fields scoring Welch and going to second on it himself, Kelly being barely tagged out at home. This proved to be Marshfield's last tally although the boys nearly scored again when Welch on first McKeown knocked his second two bagger putting Welch on third, but with two gone. Rutledge tried hard to connect with a bender but Gardiner kept him guessing until he finally struck out, ending the danger for Coquille.
Coquille tied the score in the eighth by getting two singles and a two-bagger, and ended the game in the last of the eleventh, when Gardiner and Howell both hit, then Hartly struck at a high one and by some unaccountable good luck knocked it over the center fielder's head, bringing in the winning run.

THEIR FAIR ADMIRERS PAY FIGHTING GALLANTS' FINE

Two Glenville Beaux, Who Had Fought Over a Damsel, Rescued By Village Belles.
GREENWICH, Conn., Aug. 17.—The \$100 fines of two fighting gallants were paid by village belles of Glenville, and Glenville society was deeply stirred by the apparent cordiality with which two fair rivals went to the rescue of Adam Walker. Walker and Frank Rembrick, who had spent an evening in a Port Chester hotel, got into a fight over a third damsel, Miss Pauline Slade, it is said.
Each of the young men was fined \$100 in a police court, and neither was able to pay his fine. There was a ripple of excitement in court when Miss Rose Steinmetz, a tall blonde, went to a corner of the room where sat Miss Margaret Langmaid, a flashing-eyed brunette, held a consultation with her, received some bills and approached the bench. The young women were known to be rivals and had not been on speaking terms. Miss Steinmetz paid the \$100 and Walker was released.
Miss Slade, who has a bank account of her own, paid the \$100 necessary for the liberation of Rembrick, and all left court together.
Earned runs—Marshfield 1, Coquille 2. Two base hits—McKeown 2, McCutcheon 2, Gardiner, Howell, Hartley.
First base—off Thelle 0; off Gardiner 3. Struck out—by Gardiner 20, by Thelle 9. Left on bases—Marshfield 11, Coquille 11. Hit by pitcher—Hartley. Umpires—Ashcon and Washburn.

NORTH BEND LOSES.

Bandon Takes Slugging Game In Eighth Inning Sunday.

BANDON, Ore., Aug. 17.—Bandon won from North Bend in a slugging match here yesterday by a score of 7 to 11. At the end of the seventh inning, the score was seven to seven. A batting rally combined with a few errors by North Bend fielders netted Bandon four runs in their half of the eighth. North Bend was shut out in the first half of the ninth. Jordan was a little wild but both he and McFarland were hit hard. Herron, the new shortstop that North Bend got from Swanton, played the star game for the visitors.

THREE HAVE NARROW ESCAPE

Burt McCullough's Presence of Mind Saves Himself and W. Corum and Wife.

W. W. Corum and wife of the Blanco Hotel, and Burt McCullough of the Blanco bar, had a narrow escape from drowning yesterday afternoon in the inlet just above the C. A. Smith mill as a result of a row-boat in which they were riding capsizing. Mrs. Corum was caught just as she was about to go under the third time and pushed up on the bottom of the boat where she was held until the three were rescued from their dangerous position.
The boat was overturned by Mr. Corum while holding up a line to permit the row boat to go in near the shore. McCullough was rowing and Corum was walking back through the boat, carrying the line. Just as he stepped around McCullough, the boat lurched, throwing his weight on one side and upsetting it. Mr. McCullough can swim a little and immediately thought of taking care of Corum and his wife, neither of whom can swim. McCullough, grasped the boat to hold near them and then shouted to them to take hold of the side and help him right it. They caught the side all right but the boat, naturally a "cranky" one was difficult to right although it was turned over two or three times. Failing in his efforts to right it, McCullough started around to where Mrs. Corum was hanging but she was weak and frightened and had lost her grasp. Just as she came up the third time, he succeeded in getting hold of her sufficiently to force her up on the bottom of the overturned craft. Corum was able to assist a little by holding onto the boat with one hand. After getting Mrs. Corum on the bottom of the boat, Mr. McCullough succeeded in forcing it into shallow water.
A few witnessed the accident from a distance but were unable to render any assistance and had it not been for Mr. McCullough's presence of mind, Corum and his wife would have probably been drowned.

GRADE ROAD NEAR DRAIN

Southern Pacific Gives Indication of Resuming Railway Construction.

The Drain Nonpareil says: "The S. P. Co. has a gang of men and several teams at work repairing the new county road at several places between Drain and Elkton, which the company built a year or more ago where the railway right-of-way interfered with the old county road. It begins to look like the S. P. is getting ready to resume work on the new railroad to Coos Bay."
People Must Help Selves.
The Klamath Falls Republican prints the following as a verbatim report of part of a talk made by E. H. Harriman before the Klamath Falls Commercial Club, the other day:
"I had no intimation of this reception until I stepped from the boat and unfortunately no one has put on paper for me what I ought to say. I thank you for this evidence of good will and assure you I will always endeavor to please the people of this section. Nothing gives me more pleasure than to please the people.
"When I stepped from the boat and was presented with a petition requesting that I attend this reception I must confess that I was weary. I realized that in addition to wanting the railroad you also need country roads, and my advice to the people of this country is to construct good roads. I hope that by autumn the railroad will be completed to a point where connection will be made with water transportation and by next spring it will certainly be completed into this city. But when this is done if the roads between this city and the Upper Country are not improved I assure you that you will not see much of Harriman or Harriman's friends. I do not say this in a sense of criticism or faultfinding, but simply in the nature of friendly advice. The people whom you would have come here expect good roads. They are used to them and expect them and are willing to pay for them, and one of the first things you want to do is to see that they get them. I have always believed in Oregon, and particularly this part of it will be a resort in the summer similar to what Southern California is in the winter, and you all know what the section around Los Angeles is. This has been made possible through the great improvements made in that part of California by the people there."

FOUR STATES AFTER TRUST

ATTORNEY GENERAL HADLEY OF MISSOURI, ATTACKS ALLEGED LUMBER COMBINE IN COURTS THERE.

ST. LOUIS, Aug. 17.—Two actions involving one hundred lumber companies in the State courts by Attorney-General Herbert S. Hadley under the Sherman Anti-Trust act.
Similar actions were begun simultaneously by Attorneys-General Davidson in Texas, Jackson in Kansas, and West in Oklahoma.
It is a concerted movement, charging an unlawful agreement, following the report that a yellow pine trust was being formed, with Frederick P. Weyerhaeuser, son of a St. Paul multi-millionaire lumber king, at the head.
An information in quo warranto also was filed in the Supreme Court against forty-three lumber firms, in which the Attorney-General charges an unlawful combination in the yellow pine business and asks that all

DOG BITE ENDS HUG.

Pittsburg Chambermaid Dying, Hotel Guest in Cell.
PITTSBURG, Aug. 17.—Bessie Fitzgerald, a pretty chambermaid of the Hotel Knickerbocker, is in the Allegheny General Hospital in a serious condition from the bite of a bulldog, while Daniel A. Clarke, formerly a guest at the hotel, and owner of the dog, is locked up. Teddy, the dog, is chained back of the hotel bar.
When Bessie, part of whose duty it was to set Clarke's room in order, went there last night, she found Clarke and the bulldog there. Clarke attempted to cross the chambermaid, who resisted and slapped him with a towel, whereupon the bulldog jumped at her and tore her so she may not recover.
