The event was well attended and a very pleasant evening was enjoyed. The lawn was beautifully decorated with Japanese lanterns for the occasion and after the program was concluded, refreshments were served.

Mrs. Rotnor Ill.—Geo. H. Rotnor, manager of the Woolen Mills Store, left yesterday for San Diego, Cal., in response to a message announcing the serious illness of his mother. The many friends of the family will hope for her early recovery. Mr. Rotnor will be absent about two weeks.

Build Fine Walk and Street.—F. P. Norton and other property owners near where Mr. Norton's fine residence is located, are putting in some of the best walks and streets that the residence sections of Marshfield have ever had. Instead of the crushed stone paving originally ordered for the street, two blocks of concrete paving is being put in. It costs considerably more but they figure that the concrete will serve the traffic for the time being and will eventually serve as the base for whatever kind of paving they may decide to put on top. It is believed that the dirt that will accumulate on the concrete will afford a sufficient cushion for the present.
