## W. R. HEARST MAKES ANOTHER EXPOSE OF PROMINENT MEN

### Makes Additional Charges Against Senator Foraker and Gov. Haskell.

### CONNECTS THEM WITH STANDARD OIL

### Throws Bombshells Into Ranks of Republicans and Democrats.

(By Associated Press.)

CINCINNATI, Ohio, Sept. 19.—As a part of the purchase money in the unsuccessful deal for the ownership of the Ohio State Journal at Columbus, a draft for \$50,000 mentioned in the John D. Archibald letter made public last night in St. Louis by W. R. Hearst, was received by Senator Foraker and on the failure of the attempt to buy that paper, the draft was returned and the incident forgotten, according to the statement to the Associated Press by Senator Foraker here today.

Senator Foraker declares that no one at any time ever paid him a cent or suggested any such payment in view of anything he might do as a public man.

Mr. Foraker said that he knew nothing of any suggestion of a change in the arrangements for the Republican club meetings Tuesday in this city.

### MAY CUT FORAKER.

### Senator May Be Requested to Forget Republican Invitation.

(By Associated Press.)

NEW YORK, Sept. 19.—It was reported this afternoon on what seemed to be sufficient authority, although the national headquarters were dumb on the subject, that Senator Foraker will be asked to withdraw as one of the speakers at the meeting of the League of Republican Clubs at Cincinnati next Tuesday. Mr. Foraker was scheduled to speak on that occasion on the same platform with W. H. Taft.

It was learned late today that no definite decision has been reached on extending any such request to Senator Foraker. John Hayes Hammond is on his way to Cincinnati and it is thought likely that he will have a talk with Foraker on the subject.

### TAFT IS SILENT.

### Refuses to Be Dragged Into Foraker-Taft Controversy.

(By Associated Press.)

CINCINNATI, Sept. 19.—W. H. Taft maintains a determination not to be drawn into the Hearst-Foraker controversy.

### PREFERS DOGS TO BABIES.

### Latter a Nuisance, Says New York Woman, But Dogs Are "Dears."

CHICAGO, Sept. 19.—Dogs are better than babies, according to Mrs. W. E. Godfred, a wealthy New York woman who is at the Auditorium Hotel. She is the owner of four dogs who have travelled with her across the continent.

"Babies are a nuisance," she said. "They cry from morning to night, are almost always sick and must be watched every moment of the time or they will swallow a bottle of ink or try to see whether a hammer will break the curved glass front of your bookcase."

"Now, dogs are different. They are dears. They're affectionate and lovable. One can pour out her affection on them and it will be returned in a like measure. Between babies and dogs, give me dogs."

"Now, honey boy, darling, just keep quiet for a moment until the picture man gets through and mamma will kiss you," said Mrs. Godfrey, petting one of the dogs.

### NOTICE.

Members of Sacajawea Council are requested to be present at regular meeting Monday, Sept. 21, 1908. By order of POCAHONTAS.

## "NOT ME" SAYS W. C. HASKELL

### Washington Man Declares That Oklahoma Governor Is Wrong In Blame.

(By Associated Press.)

CHICAGO, Sept. 19.—Governor Haskell of Oklahoma, declared as false today the statement of W. R. Hearst, that he had been connected with the Standard Oil Company. "On the day the affidavits are said to have been signed, September 12, 1908, Mr. Monnett was in Oklahoma City and on that day he made a speech in which he exonerated me from all connection with the Standard Oil Company. It is unbelievable that any man would make a speech and on the same day sign an affidavit stating the contrary thing. There is no truth in the charges."

### DENIES THE CHARGE.

### Washington Haskell Says He Is Not the Man.

(By Associated Press.)

WASHINGTON, D. C., Sept. 19.—Governor Haskell last night named W. C. Haskell, formerly United States Marshal at Cleveland, but now sealer of weights and measures in the District of Columbia, as the Haskell referred to by W. R. Hearst as having relations with the Standard Oil Company. Mr. Haskell said today that Governor Haskell was mistaken as he never had any relations whatever, business or social, with the officials or members of the Standard Oil Company.

### "NO TAINTED MONEY."

### Bryan Declares That Democracy Is Unsullied.

(By Associated Press.)

NEW YORK, Sept. 19.—In a statement today, W. J. Bryan said, "The Standard Oil Company has contributed nothing to the Democratic party." This is in denial to the charges of W. R. Hearst.

## BADLY HURT IN RUNAWAY

### Mrs. E. J. Hansen Severely Injured Near F. A. Golden Home Last Evening.

Mrs. E. J. Hansen of Marshfield, sustained a compound fracture of her arm, her daughter, Mary, was badly bruised about the face and one of her twin babies badly bruised in a runaway north of Ferndale last evening. The accident was the result of one of D. Ferguson's horses being frightened by a double tree breaking while Mr. Ferguson was driving the Hansen family home from a visit at his place. Those who saw the runaway consider it miraculous that more of the occupants of the rig which was reduced to smithereens were not injured.

Mr. Ferguson, Mrs. Hansen and her six children were in the rig. As they were coming up near Superintendent F. A. Golden's residence, the double tree broke, allowing the single tree to fall on one of the horse's heels. Instantly the animals started and of course it was impossible for Mr. Ferguson to do anything with them, the rig zig-zagging along until it overturned and threw the occupants out.

Mrs. Hansen was carried to Supt. Golden's residence where Dr. Ingram was called. Later, all were removed to their homes.

## DREDGE MAYBE IN TONIGHT

### If Not, Will Be Welcomed By Many Sunday—Chamber of Commerce Meetings.

There was no additional news of the dredge today but a large number in Marshfield and North Bend are on tip toes waiting for the tug Astoria to cross in over the bar with her long waiting tow. It is still thought likely that the dredge will arrive tonight, but if it does not, a large number are planning to go down into the lower bay early in the morning and await the coming of the vessels.

Owing to the uncertainty of the time of arrival of the dredge, there can be no formal welcome extended but next Friday evening's meeting of the Chamber of Commerce may be turned into a celebration of the event.

Dr. J. T. McCormac, president of the Chamber of Commerce announced today that a meeting of the subscribers to the fund for maintaining the Chamber of Commerce another year would be held Tuesday evening to organize. Another meeting will be held next Friday night when officers

## AWFUL DROUTH PREVAILS THROUGHOUT PENNSYLVANIA

## LITTLE BOY SAVES FRIEND

### Dewey Stutsman Rescues James Marsden In Bay This Afternoon.

Dewey Stutsman, the young son of Mr. and Mrs. A. H. Stutsman, saved James Marsden, the nine-year old son of Mr. and Mrs. Jack Marsden, from drowning in the Bay this afternoon by showing rare presence of mind at a critical moment. Young Marsden had gone down twice before the Stutsman boy was able to get down to him and hold him until other help arrived.

The accident occurred on the wharf. The boys had been playing around there and in some manner young Marsden fell in. One of the other lads called to Dewey who was near by and he rushed to save the drowning boy. He knew he couldn't do it by jumping in but as he glanced down and saw the Marsden lad come up the first time, he spied a piece of pipe projecting from the wharf. Hastily descending to it, he caught hold of it and lowered his feet into the bay near where the Marsden lad was coming up the second time. The Marsden boy grabbed hold of young Stutsman and kept his head out of the water until Ray Olivant reached the scene and extricated the two boys from their perilous position.

## NEW LINEUPS FOR BIG GAME

### Elks and Eagles Ready For Baseball Contest Tomorrow.

All is in readiness for the great ball game between the Elks and Eagles to be pulled off tomorrow afternoon on the Marshfield baseball grounds for the benefit of the Eagles building fund. The attendance promises to eclipse any turnout for a league game on the Bay, the crowd, of course, expecting more vaudeville than baseball.

There promises to be a big crowd from North Bend. The steamer Flyer was engaged today to leave North Bend at 12:45 tomorrow with the crowd from there and to take them home after the game.

Owing to many of the would-be ball players among the Elks and Eagles being unable to stand the strain of the strenuous practice, the last few days, Managers Flanagan of the Elks and Goldie and Howard of the Eagles, have been compelled to revise their lineups and tomorrow they will probably be as follows:

Eagles	Position	Elks
John Snyder	catch	McArthur
Ed Archer	pitch	Tom James
Ben Garritt	1st base	L. J. Simpson
George Perry	2d base	J. W. Flanagan
Jack Millett	short stop	Dr. A. H. Gale
Wm. Hunter	3d base	Wm. Kennedy
Hugh Sneddon	leftfield	Painter
Nadler	rightfield	Goodrum
Estes	centerfield	Haines
Eagles substitutes—George. Wasson, Harry Robinson, Dallas, Foote and Wm. Schroek.		
Elks' substitutes—Messrs. Rau, Parsons and Smith.		
Umpires—Charles Lee and Dr. E. E. Straw.		

will be elected. In the election of officers it is proposed to allow each man or firm subscribing one vote for each dollar subscribed.

### No Rain Has Fallen In Many Sections For Over Two Months.

### WATER SELLS FOR EIGHT CENTS A GALLON

### Rivers Reach Lowest Stage Known In Over Hundred Years.

(By Associated Press.)

PHILADELPHIA, Pa., Sept. 19.—Practically the entire state of Pennsylvania east of the Allegheny Mountains is suffering from one of the worst drouths in years. In some parts of the state, no rain has fallen for more than two months and rivers and streams are so low that many industries are interfered with and some are shut down entirely. In some districts the water is so low that the farmers bring in water disposing of it instead of vegetables, more profitable being in the water. Water is selling at eight cents per gallon at Shenandoah and many are compelled to walk three miles to get a supply even at that price. At Duncannon, the Susquehanna is the lowest it has been in a hundred years. At Philadelphia, the Schuylkill is the lowest it has been since 1869, and many canal boats are stranded. Forest fires at Cresco, Moscow, Gouldsboro and other places are causing considerable apprehension.

## FILIPINOS ARE FOR W. J. BRYAN

### Democratic Candidate Gives Out Reply to W. H. Taft's Statement.

(By Associated Press.)

SOUTH NORWALK, Conn., Sept. 19.—W. J. Bryan gave the following to the Associated Press replying to the statement of W. H. Taft in his interview on Sept. 15, to the effect: "The Independents in the Philippines prefer a republican victory to Bryan's promises." "When this appeared Fisk Warren, of Boston, cabled to Albert Barreto, of Manila, the following: "Taft declared independistas prefer republican triumph. Is this true? I desire immediately authorized opinion of Center Party or of yourself as president."

"I might explain the Center Party is the governing body of the nationalist party and is composed of representatives elected from each of the thirty-nine provinces." Warren received the following reply: "Nationalist Party with immediate independence creed prefers the triumph of the democrats. General convention on the 12th of July agreed unanimously and join enthusiastically in Bryan's platform. Signed, Alberto Barreto, president."

Bryan said "If Taft wants to defend his policy on the ground it ought to be adopted whether the Filipinos want it or not, he can do so, but he cannot bring to the support of his position any authoritative declaration of any considerable portion the Filipinos."
